MICHAEL D. RILEY

Insurance Commissioner

November 1, 2016

The Honorable Earl Ray Tomblin
Governor of the State of West Virginia
State Capitol
Charleston, WV 25305

Dear Governor Tomblin:

The Annual Report of the Insurance Commissioner of the state of West Virginia for the calendar year 2015 is hereby submitted in accordance with Chapter 33, Article 2, Section 15, of the Code of West Virginia. An Executive Summary immediately follows this memorandum.

The information contained in this report reflects the economic importance and current financial condition of the insurance industry in our state. The included insurance entity statistics are compiled from the December 31, 2015 annual statements filed with this agency by the insurance companies licensed in this state.

Respectfully submitted,

Michael D. Riley
Insurance Commissioner

Executive Summary

This report to the Governor of West Virginia provides detail about the structure and activities of the West Virginia Offices of the Insurance Commissioner for the preceding year. The report is divided into three major sections. Each section is detailed below.

[Section 1](#) of this report highlights the organization of our office and provides detail for its \$196.9M in total revenue collected from the previous year. It includes an interdepartmental organizational chart, historical list of insurance commissioners, and then proceeds to identify the individual revenue streams managed by this agency.

[Section 2](#) of this report further identifies the functional divisions of this office, and enumerates each division's individual activities during the past year. A summarization of those activities follows:

- **AccessWV**- West Virginia Health Insurance Plan, the state high-risk health insurance pool, was terminated as of April 1, 2014.
- The **Agents Licensing and Education Division** presides over licensing, processing and maintaining records for over 114,000 licensees transacting insurance business in WV. In 2015, over 285,000 company appointments and appointment cancellations were processed and monitored by this unit.
- The **Board of Review** (Workers' Compensation) exercises exclusive jurisdiction over all appeals from decisions issued by the Workers' Compensation Office of Judges pursuant to West Virginia Code §23-5-11. During 2015, the Board held monthly hearings and issued written rulings on Petitions to Stay, motions, appeals, and Petitions for Award of Claimant's Attorney Fees and Costs.
- The **Claims Services Division** (Workers' Compensation) oversees management of the workers' compensation "Old Fund". As of December 31, 2015, there were 14,351 open claims.
- The **Office of Consumer Advocacy** assisted consumers with complaints during 2015, which yielded financial awards totaling \$1,435,718.96. The Office of Consumer Advocacy also participated in the review of 70 Certificate of Need applications and 37 Hospital Rate Review Applications.
- The **Consumer Service Division** assists our insurance consumers with questions and complaints. The division received a total of 2,139 written complaints from insurance consumers in 2015. Over the course of the year, the Division responded to an average of 93 consumer inquiries per day.
- The **Employer Coverage Unit** (Workers' Compensation) reviews and grants requests for exemptions from statutory workers' compensation coverage as well as serving as the contact point for injured workers of uninsured employers. The Unit reviewed 2,468 applications for exemption during 2015, and granted 1,950 of the same.

- The **Financial Accounting Unit** is responsible for the preparation of audited financial statements, monthly financial reports, the budget, management and administration of federal grant funds, daily cash management and investment processing which includes accounts payable and all agency cash receipts processing through the state's accounting system. The unit also calculates workers' compensation maximum medical reimbursement rates and evaluates workers' compensation managed health care plans. In 2015, the unit received its tenth consecutive "clean" opinion on the Audited Financial Statements.
- The **Financial Conditions Division** monitors insurance company financial stability and collects premium taxes and surcharges. They oversaw a total of 2,603 separate insurance entities transacting business in West Virginia during 2015.
- The **Self-Insurance Unit** (Workers' Compensation) is responsible for regulating 74 employers that currently self-insure their workers' compensation coverage in West Virginia and the ~110 employers who no longer self-insure but continue to administer claims incurred during their period of self-insurance. No companies were approved for self-insured status in calendar year 2015.
- The **Fraud Unit** (Office of the Inspector General) is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud. They received a total of 743 referrals in 2015 which led to 15 arrests or indictments and resulted in 26 convictions.
- The **Health Policy Division** works toward the implementation of a Health Insurance Marketplace in West Virginia in conjunction with the Patient Protection and Affordable Care Act (PPACA). In February 2013, WV announced it would become a Partnership state, meaning that West Virginia consumers could utilize 'The Marketplace' as an online portal at www.Healthcare.gov to compare information on available health plan options, enroll in health plans, and receive subsidies, if financially eligible.
- The **Legal Division** provides legal counsel to the Insurance Commissioner and staff, drafts and promulgates statutes, investigates code/rule violations, responds to litigation, hearings and coordinates receivership activities. During 2015, the Division was involved with 20 new statutes or regulations directly impacting insurance; 451 matters of litigation, Administrative, or Circuit Court Hearings; and 918 investigations by the regulatory compliance unit including 164 orders.
- The **Market Conduct Unit** performs examinations of insurance companies doing business in West Virginia for the purpose of determining statutory compliance. In 2015 the unit conducted 58 level one and 28 level two analyses on licensed companies relating to compliance. Three (3) Agreed Orders involving thirteen carriers were entered by the Insurance Commissioner with penalties totaling \$51,000 assessed as a result of violations discovered during examinations. The unit also participated in 6 multi-state collaborative actions which resulted in \$87,587 in penalties and other assessments. The Market Conduct Unit completed twenty-one (21) comprehensive compliance audits on self-insured employers, resulting in penalties of \$24,500 and over \$48,000 in restitution for claimants.

- The **Revenue Recovery Unit** (Workers' Compensation) is responsible for the collection of all monies due to the Uninsured Employers' Fund and to the Old Fund, as well as the collection of fines imposed upon employers where workers' compensation coverage has been cancelled. During 2015, the unit collected over \$849,000 from businesses in default and placed 1,624 liens on businesses who had failed to cure the default.
- The **Office of Judges** (Workers' Compensation) provides the first level of judicial review in workers' compensation litigation by processing appeals from initial workers' compensation claim management decisions. During 2015, this unit ruled upon 8,057 written motions and rendered 2,387 decisions.
- The **Rates and Forms Division** reviews and approves or disapproves proposed insurance rates and forms for all regulated lines of insurance in West Virginia. During 2015, the division received a total of 6,804 filings, of which, 6,422 were ultimately approved/acknowledged with 104 filings disapproved or withdrawn by company.
- The **State Agency Workers' Compensation (SAWC) Program** is a combined insurance policy providing workers' compensation coverage for 108 state agencies and boards. The program includes over 900 locations throughout the state and provides coverage for approximately 25,000 state employees.

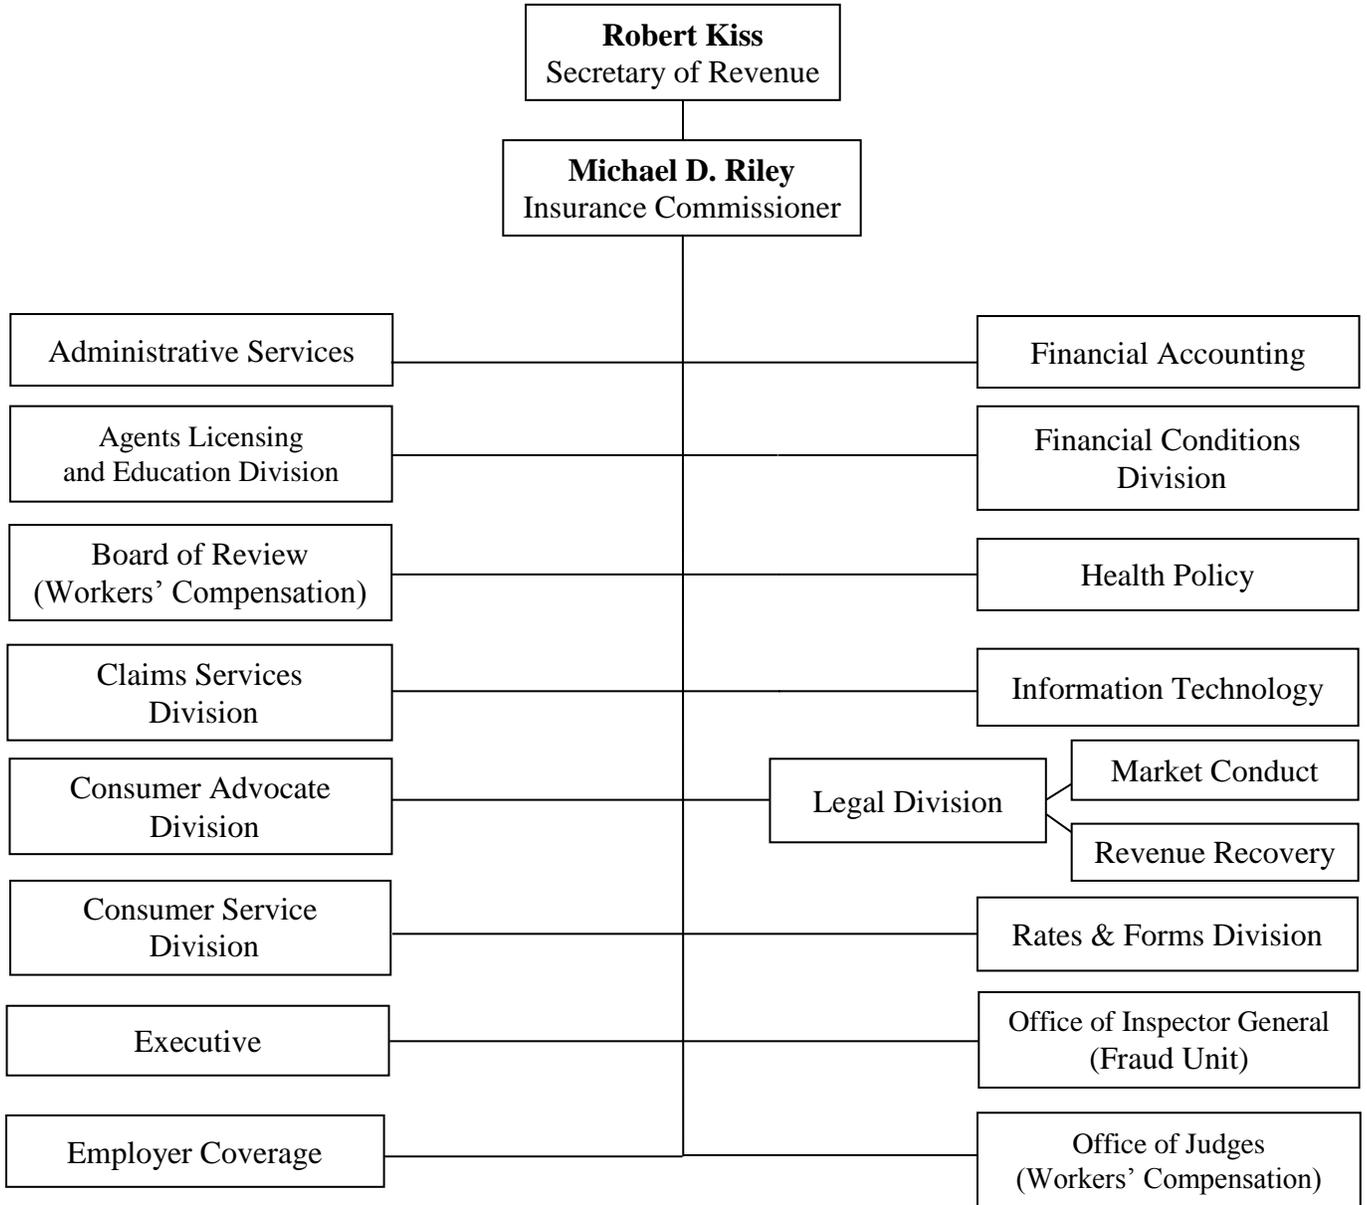

[Section 3](#) of this report provides enhanced detail from each regulated line of insurance. This section separates the state's insurance market into Property and Casualty insurance companies and Life and Health insurance companies and proceeds to identify the carriers writing a combined total of at least 75% of the premium by line, and further identifies their admitted assets and liabilities.

Section 2: Division Reports

AccessWV West Virginia Health Insurance Plan

AccessWV, the state high-risk health insurance pool, was terminated on April 1, 2014.

Agents Licensing and Education Division

Agents Licensing & Education is responsible for processing and maintaining records on individual producers licensed to transact business in West Virginia. Licensees include residents who must complete educational and testing requirements to obtain a license. Residents of other states who have completed similar requirements in their states of domicile may apply for a West Virginia non-resident license by submitting the appropriate application and documentation for review. In addition to licensing of individual producers, the division oversees the licensing of Adjusters, Surplus Lines Licensees, Business Entities, Viatical Settlement Brokers, Viatical Settlement Business Entities and Travel Insurance Business Entities.

Producers must be appointed to represent each insurance company the producers are transacting business for in West Virginia. Insurance companies are responsible for submitting appointment information and fees to Agents Licensing & Education for processing.

Monies generated through licensing and appointment fees, letters of certification and letters of clearance are deposited into the Offices of the Insurance Commissioner's Special Revenue account.

Resident producers must periodically complete continuing education to maintain their licenses. The continuing education program is governed by a six-member board appointed by the Insurance Commissioner. The representatives (all of whom are WV resident insurance producers) of this Board represent various areas of the insurance industry as prescribed by law.

Administrative functions for the continuing education program are handled by Prometric. Prometric reviews provider and course applications under guidelines established by the Board of Insurance Agent Education. Additionally, Prometric banks the continuing education credits to the producers' records and, at compliance time, provides the Insurance Commissioner with data on compliant and noncompliant producers.

The following are current statistics on the various aspects of Agents Licensing and Education Division.

Board of Review (Workers' Compensation)

The statutory role of the Workers' Compensation Board of Review is set forth in [West Virginia Code § 23-5-12](#), which provides as follows: "Any employer, employee, claimant or dependent who shall feel aggrieved at any final action of the administrative law judge taken after a hearing held in accordance with the provisions of section nine of this article shall have the right to appeal to the board created in section eleven of this article for a review of such action. The Workers' Compensation Commission, the successor to the commission, other private insurance carriers and self-insured employers, whichever is applicable, shall likewise have the right to appeal to the board any final action taken by the administrative law judge." Our goal is to resolve these appeals in a fair, efficient, and timely manner. The Board of Review is governed by procedural rules found in 102 CSR 1, Rules of Practice and Procedure.

During the course of the appeal, motions are submitted by the parties, and the Board issues timely rulings in response to the motions. In addition to motions, the parties submit briefs and may present oral argument to the Board in accordance with [West Virginia Code § 23-5-12\(b\)](#). At the conclusion of the appeal process, the Board issues a written decision, which may be appealed to the Supreme Court of Appeals as set forth in [West Virginia Code § 23-5-15](#).

When the claimant is successful in an appeal involving denied medical benefits, the claimant's attorney may file a Petition for Award of Claimant's Attorney Fees and Costs if the claimant meets the criteria in [West Virginia Code § 23-5-16\(c\)](#). The Petition is submitted to the Board of Review if the final decision on the issue is entered by the Board. At the appropriate time, the Board issues a ruling on the Petition.

A statistical report is provided to the Workers' Compensation Industrial Council every month. This report includes information regarding incoming appeals, such as the issues being appealed and the parties filing the appeals. Additionally, the report provides data regarding the Board's decisions.

The Board and staff are committed to adapting the appeal process to provide a fair and efficient system to resolve appeals. In the past, each appeal generally involved one issue in a claim. However, in more recent practice, a large percentage of appeals include several claims administrator's orders that are addressed by the Office of Judges as individual protests but are consolidated on appeal to the Board. Similarly, the Board of Review at times consolidates appeals for decision purposes to promote quicker resolution of claims for the parties and to provide consistent decisions. When this happens, the Board issues one order addressing multiple issues involved in a single injury.

Claims Services Division (Workers' Compensation)

The Claims Services Division is comprised of seventeen employees that provide oversight of the Old Fund Program; the legacy claims liability that existed upon the privatization of workers' compensation. In addition, this Division provides claims oversight of the Uninsured Employer Fund (UEF), the Federal Black Lung Program with dates of last exposure prior to January 1, 2006, Guarantee and Security Funds, and the State Agency Workers' Compensation (SAWC) Program. Primary objectives ensure the claims are properly reserved and administered to the Best Claims Practice standards, and are in compliance with statutory and regulatory provisions. The Claims Services Division is responsible for additional internal controls assuring proper management of these claims which include the Best Claims Practice Reviews conducted on-site, on-going quality assurance reviews, large loss review staffing with each TPA, indemnity payment approval threshold of \$25,000.00 or greater, and the settlement initiative. Regulatory duties of this Division include maintaining the Occupational Pneumoconiosis (OP) Board and the Permanent Total Disability Review Board (PTDRB) dockets, the Claims Index, and the Electronic Data Interchange (EDI) program. The Claims Services Division also coordinates with the West Virginia State Auditor's Office and the TPAs to establish Electronic Fund Transfers (EFTS) for injured workers or their dependents who receive benefits.

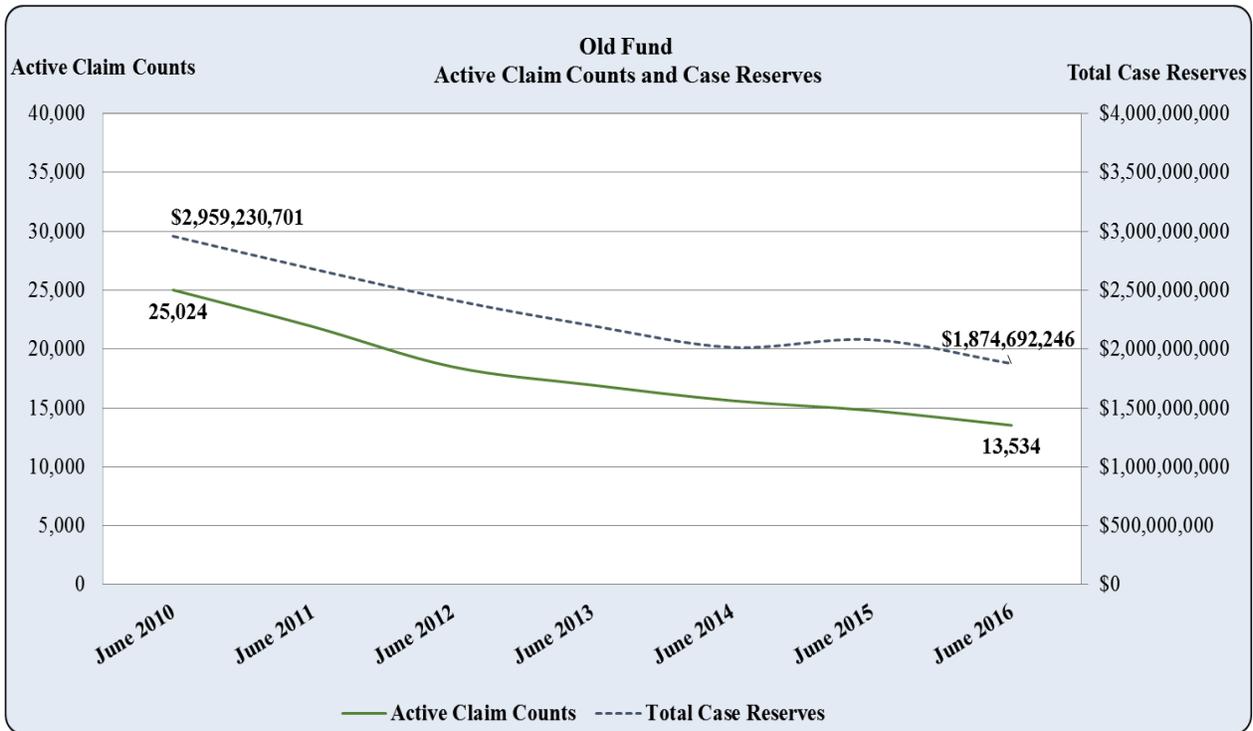

During FY2016, the Claims Services Division continued monitoring the programs for its best claims practices ensuring injured workers receive medical and indemnity compensation for their compensable injury in a timely and efficient manner. The Old Fund claims continue to be administered by HealthSmart and Sedgwick CMS, with ongoing communication occurring with the OIC.

In the last fiscal year, we had two self-insured employers to go bankrupt and their claims had to be placed into the Guarantee and Security Funds, which are administered by HealthSmart on our behalf. The self-insured bankrupt employers were Patriot Mining, which had 852 claims, and Walter Energy, which had 56 claims.

Claims Statistics

On December 1, 2007, the OIC officially began managing 47,961 active old fund claims. Since that time, through proper claims handling utilizing industry accepted standards and a focused settlement initiative, approximately 71.78% of the active caseload has been closed. Active old fund claim counts for the TPAs as of June 30, 2016, are as follows:

Occupational Disease Claims

Please note that there are new occupational disease claims, such as Occupational Pneumoconiosis (OP) and Hearing Loss (HL) that are submitted to Claims Services for entry and establishment of a new claim. The claim(s) is then assigned to a TPA for administration. These applications have a date of last exposure prior to July 1, 2005. The State OP claims are part of the Old Fund liability. We have two other separate and distinct funds in which we receive new claim filings. The Uninsured Employer Fund (UEF), as previously indicated, commenced as of January 1, 2006. We enter and establish these claims and assign to a TPA for administration. In addition, new claims are filed for Federal Black Lung (FBL), and the date of last exposure must be prior to January 1, 2006. The FBL claims are paid via the Coal Workers’ Pneumoconiosis Fund (CWPF).

Regulatory Boards

We have one full-time designated occupational pneumoconiosis (OP) employee who is responsible for OP applications. This individual prepares the files and maintains the docket for the OP Board, and prepares the files for hearings before the Office of Judges. In FY2016, there were 724 examinations scheduled before the OP Board, and 66 fatal reviews. The PTDRB docket has been overseen in this Division since October 2008. In FY2016, the PTDRB had 17 reviews; including initial, remands, and final reviews. Applications are received for the old fund, new carriers and self-insured employees. The review count by regulatory board is provided on the following page.

Regulatory Boards	FY2010	FY2011	FY2012	FY2013	FY2014	FY2015	FY2016

Electronic Data Interchange (EDI) Program

The implementation of the Electronic Data Interchange (EDI) program resulted from the passage of §Title 85, Series 2, Workers' Compensation Claims Index. The purpose of EDI is to provide a consistent way of reporting claims to the OIC. Any workers' compensation claim that is filed in the state of WV is captured on our Claims Index System. Pursuant to our regulations, the First Report of Injury (FROI) and Second Report of Injury (SROI) must be submitted electronically within 10 days of notification that an injury has occurred, using the Release 3 EDI standards as adopted by the International Association of Industrial Accident Boards and Commissions (IAIABC). The OIC's website contains information and links to our EDI Implementation Guide. In addition, we provide the procedural steps on how to apply for a trading partner profile and become eligible to file as a Carrier/TPA/Self-Insured Employer through the EDI.

Claims Index

The Claims Services Division also reviews applications for access to the Workers' Compensation Claims Index. The Claims Index is a legislative mandated uniform system of gathering workers' compensation claim information through EDI, and allows the information to be accessible to approved participants. The index contains basic demographic data to assist insurers in obtaining information from other insurers regarding previously filed workers' compensation claims by a particular claimant. Applications are approved or denied within this Division.

Nurse Program

The nurse monitors the monthly pharmacy reports that provide for a high expenditure in the Old Fund claims. In addition, the nurse closely reviews and monitors the Lung Transplant claims. The nurse also participates in the on-site large loss staffings, round table claim discussions, and provides assistance for complicated medical issues identified by the specialists during their ongoing quality assurance reviews on all programs. The nurse coordinates and participates in: Health Screenings, Flu Shots, AED Machine Maintenance, and the Wellness Programs. The nurse serves on the ICC-Early Intervention Birth to 3, as the Commissioner's designee. The addition of this resource has allowed medical reviews of greater detail in the areas indicated above, which is a significant contribution to the programs.

Consumer Advocate

In 2015, the Office of Consumer Advocate served the interests of the West Virginia insurance consumer and fulfilled the expanded duties conferred upon the Office in the tort reform measures passed in 2005 in Senate Bill 418. A large portion of the Office of the Consumer Advocate's time and resources was devoted to first and third party administrative hearings.

During 2015, the efforts of the Office of the Consumer Advocate on behalf of West Virginia insurance consumers yielded financial awards totaling \$1,435,718.96 which go directly into the pocket of the consumer as well as a number of other important settlements and regulatory orders directly benefiting the West Virginia insurance consumer.

During the undersigned's entire tenure, the Office of the Consumer Advocate has been involved in obtaining financial settlements totaling \$3,637,666.33 on behalf of West Virginia insurance consumers. These awards go directly into the pocket of the consumer. The Office of the Consumer Advocate is very proud of this accomplishment.

In the health care arena in 2015, the Office of the Consumer Advocate reviewed 70 Certificate of Need Applications and 37 Rate Review Applications before the West Virginia Health Care Authority. Furthermore, the Office of the Consumer Advocate continues to investigate matters related to the cost of health insurance, including the practice of hospital discount rate contracts and other methods to foster competition among health insurance companies to facilitate a reduction in costs for consumers.

The Office of the Consumer Advocate attended many State conferences and State festivals as a means of interacting with and disseminating information to West Virginia insurance consumers. State festivals attended in 2015 include the West Virginia Strawberry Festival, The State Fair, the Arts and Crafts Fair, the West Virginia Forest Festival, and the WV Hunting Show.

Further, the Office of the Consumer Advocate participated in telephonic conferences with numerous state insurance consumer advocates from across the nation in an effort to network and gather information that can be used to provide better representation to West Virginia insurance consumers. In addition, the Office of the Consumer Advocate, along with other members of the West Virginia Offices of the Insurance Commissioner (WVOIC), participated in telephonic conferences with other states and federal officials regarding the Affordable Health Care Act.

The Office of the Consumer Advocate participated in mandatory continuing legal education with a focus on insurance and consumer related education.

The Office of the Consumer Advocate kept abreast of any legislation that would affect West Virginia Consumers. Representatives from the Office of the Consumer Advocate reviewed legislation and attended legislative hearings in both the House of Representatives and the Senate.

The Office of the Consumer Advocate also kept abreast of any cases before the West Virginia Supreme Court of Appeals regarding insurance law issues. The Consumer Advocate read any pertinent opinions and attended oral arguments at the Supreme Court chambers when insurance related cases were on the Court's docket.

Finally, the Office of the Consumer Advocate maintained progress toward the ongoing long term goal of consumer outreach and education. Said goal will be achieved by direct and media outreach to consumers and by setting up information booths across the state at fairs and festivals.

Representing Consumers in First and Third Party Administrative Hearings

In 2015, the Office of the Consumer Advocate provided formal representation to insurance consumers in 51 consumer complaints before the West Virginia Insurance Commission. 35 of these complaints these complaints were third party complaints and the remaining 16 were first party complaints. First party complaints are complaints filed by a consumer against their own insurer, while third party complaints are complaints filed by a consumer against another person's insurer. In addition to formal representation, it should be noted that the Office of the Consumer Advocate also assisted and advised hundreds of West Virginia consumers throughout the year be it via email inquiries, telephonic inquiries, office visits, or other means. This assistance has directly benefited those consumers and in many cases has resolved the consumers' insurance issues or queries without requiring the filing of an actual consumer complaint with the WVOIC.

Whenever a case is received by the Office of the Consumer Advocate, it is evaluated carefully. A number of different things can occur at this time including, but not limited to; the consumer can opt to not request representation; a consumer can request representation, but after careful review of the case the Office of the Consumer Advocate can decline to represent; the consumer can request representation and the Office of the Consumer Advocate can accept; or the Office of the Consumer Advocate can assist the consumer in finding and obtaining private counsel because the damages in the matter merit a civil lawsuit.

The Office of the Consumer Advocate is proud of the representation that it has provided to consumers. Further, the Office of the Consumer Advocate is also proud of the countless hours that have been spent assisting consumers in evaluating their claims and assisting them in exploring all of their options including possible retaining private counsel when it is in their best interests. This assistance has directly benefited hundreds of consumers every year and in many cases has resolved the consumer's insurance issuers or queries without requiring the filing of a formal consumer complaint.¹

Third Party Complaints

A total of \$16,931.96 was awarded directly to West Virginia Consumers in the form of settlements in 9 of the 35 third party complaints that the Office of the Consumer Advocate worked on in 2015.²

In 2 consumer complaint cases, the Office of the Consumer Advocate either declined to represent after conducting a full investigation of the case and finding no Unfair Trade Practices Violations and/or the consumer withdrew their claim after the Office of the Consumer Advocate conducted a full investigation and could find no violations of the Unfair Trade Practices Act.

In 9 consumer complaint cases, the consumer opted to obtain private counsel for representation.

In 9 consumer complaint cases, the consumers failed, for whatever reason, to request representation after they were contacted by the Office of the Consumer Advocate. In 6 consumer complaint cases, the matters are still pending and are either awaiting hearing or are awaiting final order or appealed to Circuit Court.

¹ A detailed breakdown of the work performed by the Office of the Consumer Advocate each week is available for review.

² Some settlements were made in conjunction with private counsel and were confidential. The grand total of all settlements is reflected. That being said, specific settlement amounts in some of the cases are not listed due to the confidentiality requirements.

First Party Complaints

A total of \$1,418,787.00 was awarded directly to West Virginia consumers in the form of settlements in five (5) of the 16 first party complaints that the Office of the Consumer Advocate worked on in 2015.³

In six (6) consumer complaint cases, the matter went to a full evidentiary hearing and the hearing examiner denied the consumer complaint and dismissed the case after a full hearing.

In three (3) consumer complaint cases, the consumer opted to obtain private counsel for representation.

In one (1) consumer complaint case, the consumers failed, for whatever reason, to request representation after they were contacted by the Office of the Consumer Advocate.

In one (1) consumer complaint case, the matters are still pending and are either awaiting hearing or are awaiting final order or appealed to Circuit Court.

³ Some settlements were made in conjunction with private counsel and were confidential. The grand total of all settlements is reflected. That being said, specific settlement amounts in some of the cases are not listed due to the confidentiality requirements.

Certificate of Need Review

The Office of the Consumer Advocate participated in the review of Certificate of Need (CON) applications before the Health Care Authority. All health care providers must obtain a CON from the West Virginia Health Care Authority to develop, add, or acquire new health care facilities and equipment. The Office of the Consumer Advocate reviews all CON applications and may intervene for the interests of West Virginia residents in the Health Care Authority's CON review process. The Office of the Consumer Advocate carefully reviewed and considered the following 70 CON applications: (total capital expenditure \$24,240,000.00).

Consumer Service Division

The Consumer Service Division is responsible for the review of facts surrounding complaints received against insurance companies, adjusters and agents. It is the division's aim to evaluate the facts of each complaint received to ensure compliance with the West Virginia Insurance Laws and contract in question. We try to facilitate a fair resolution to each complaint and a better understanding among the parties of their rights and responsibilities.

The division also educates the public regarding insurance topics through presentations at schools and civic organizations. The division staff identifies problem areas and trends by collecting information gathered from complaints. It performs research and surveys about areas that need special attention. The division is thus uniquely able to inform the Insurance Commissioner, lawmakers and other public policymakers about the impact decisions may have on insurance consumers.

Organization and Activities

The Consumer Service Division comprises eight Insurance Complaint Specialists with a current vacancy and three Insurance Complaint Specialist Supervisors who serve as liaison personnel between the insurance industry and insured citizens, three Clerical Staff, one Secretary and a Director.

We receive consumer inquiries by mail, webmail, email, telephone, an online complaint form, and walk-in visits from the public. A complaint file is set up for each written inquiry. A total of 2,139 written inquiries were received by the division in 2015. In addition, we received 135 walk-in clients and 22,222 telephone calls of which the clerical staff handled 7,562. On average, the division handles 93 consumer inquiries per day. In 2015, complaint files were concluded in an average of 35 days.

The Consumer Service Division handled 255 third party liability complaints during 2015, 145 were not resolved during the cure period resulting in those files being referred to our Legal Division for a determination of merit.

Our division participated in the Insurance Commissioner's Public Outreach Initiative by attending fairs, festivals, presentations and other events reaching more than 300,000 consumers.

Employer Coverage Unit (Workers' Compensation)

The Employer Coverage Unit consists of a team of six. This unit works with WV employers to ensure they are compliant with current workers' compensation laws as they relate to requirements for coverage.

The unit has three primary functions. The first function focuses on compliance. The unit verifies coverage for other agencies and governmental bodies. They also try to ensure that all employers required to carry workers' compensation comply with the law. This is done by extracting expired policy data provided by the National Council on Compensation Insurance (NCCI) and comparing to other agency information to determine if coverage is needed. If an employer is found to be non-compliant, the unit sets up an uninsured employer account to assess the employer a fine. In 2015, the unit was responsible for setting up 886 of these accounts. These fines are related to [WV Code 23-2C-8\(d\)\(3\)](#) Workers' Compensation Uninsured Employers Fund.

The unit also has the task of carrier compliance with the Proof of Coverage (POC) system. Carriers that fail to report timely as required by the POC guidelines are examined and reported to OIC Legal for further review.

The second primary function relates directly to the Uninsured Employers' Fund. The unit serves as the entry point of contact for the processing of workers' compensation claims filed by employees of WV employers who are uninsured. These claims are governed by Title 85 Series 8, the Workers' Compensation Uninsured Employers' Fund. This fund was established in order to provide a safety net for workers who are injured while working for an illegally operating employer. Once a claim is accepted into the Fund, the employer is responsible for reimbursement to the fund for all monies paid on their behalf.

The third function is to review requests for exemptions from coverage from employers and make an appropriate determination of exemption. State law does not require that exempt employers file an exemption but many do because of local governments, individuals or contractors requiring proof that an employer has coverage or meets the criteria for being exempt before they begin a job. In these cases, the Employer Coverage unit issues letters of opinion to employers to present verifying they are not required to carry workers' compensation insurance under current law. This function relates directly to Title 85, Series 8 Workers' Compensation Policies, Coverage Issues and Related Topics.

In 2015, the Unit processed 2,468 exemption applications of which there were 1,950 exemptions granted. These exemptions were entered into the West Virginia Offices of the Insurance Commissioner's Proof of Coverage (POC) system in order to include these employers for automated compliance purposes. In addition to being the public's contact for coverage verification, the Unit is responsible for maintaining the POC system which is widely used for statutory coverage verification.

The unit works hand in hand with the Revenue Recovery Unit and the OIC Legal Department to recognize and fine employers that have not secured mandatory workers' compensation coverage.

Financial Accounting Unit

The Financial Accounting (FA) Unit is responsible for the preparation of the annual audited financial statements for the OIC which includes preparation of the trial balance, footnotes, required supplementary information, and other disclosures as required by Generally Accepted Accounting Principles (GAAP.) The FA Unit works closely with consulting actuaries to assist with the annual reserve study of the OIC's claims liabilities. Work performed includes the preparation and coordination of data and the preliminary review and analysis of actuarial indications. The FA Unit coordinates the information for the independent auditors and provides all supporting documentation for the financial statement.

The FA Unit performs all daily cash management and investing activities of the Offices of the Insurance Commissioner (OIC), and serves as the liaison with the Treasurer's Office, the Auditor's Office, the WV Investment Management Board, and the Board of Treasury Investments. The FA Unit monitors investment performance and performs monthly investment analysis for all invested assets held by the OIC.

Daily operations of the FA Unit include accounts payable processing through the state's accounting system. The FA Unit coordinates with the OIC's contracted Third Party Administrators and claims services to disburse the claims payments to beneficiaries of the insurance programs administered by the OIC, including the Workers' Compensation related funds and AccessWV, which is a high risk health insurance plan. AccessWV ceased to provide insurance coverage on March 31, 2014. The FA Unit is also responsible for handling and processing all agency cash receipts processing for all units of the OIC through the state accounting system and for depositing all non-lockbox checks with the Treasurer's Office.

The FA Unit prepares and submits the OIC annual budget and budget narrative, as well as the appropriation and expenditure schedules as required by the State of WV for all OIC funds. The FA Unit prepares and monitors budgets for fourteen separate OIC funds. An analysis of budget to actual expenditures is also prepared and analyzed.

The FA unit prepares and distributes monthly financial reports to Executive Management. The OIC funds reported on a monthly basis consist of the Old fund, the State Entities Workers' Compensation fund, the Coal Workers' Pneumoconiosis fund, the Self-Insured Guaranty fund, the Self-Insured Security fund, the Uninsured fund, the Operating fund, the AccessWV fund, the Consolidated Federal funds, and the Closed Estate fund. These reports are used for internal analysis and for use at the legislative interim meetings.

The FA unit is responsible for the management and administration of federal funds for the agency including preparation of required reports and the drawing down of funds on the federal payment management system.

The FA unit calculates the claims liabilities of all self-insured employers of the State of WV in order to provide the OIC's Self-Insurance unit with a reasonable estimate of the magnitude of workers' compensation risk exposure.

The FA unit calculates workers' compensation maximum medical reimbursement rates and evaluates workers' compensation managed health care plans. In accordance with WV code, the workers' compensation maximum allowable medical reimbursements are set by the OIC. These reimbursement rates determine the maximum a carrier/payor can pay a provider for covered goods and/or services on behalf of an injured worker outside of a managed health care plan. The FA unit also reviews and approves bi-annually all workers' compensation managed health care plans operating in WV.

Financial Accounting Accomplishments for 2015

- Received a tenth consecutive “clean” opinion on the OIC’s financial statements.
- Performed year end work on an interim basis when possible to do so and greatly reduced the amount of time necessary for the completion of the annual financial statement preparation.
- Prepared and distributed monthly financial reports for all OIC funds on a timely basis.
- Prepared the annual budget and all related documents on a timely basis.
- Recommended to the Commissioner five (5) managed health care plans for renewal.
- Currently fifteen (15) workers' compensation managed health care plans are approved to operate in WV.
- Achieved all formal staff training goals and objectives.
- Implementation of the budget utilizing WVOASIS, the new state accounting system which replaces WVFIMS. The full implementation of WVOASIS occurred in fiscal year 2015.

Financial Conditions Division

The Financial Conditions Division (“Division”) is responsible for the licensing and financial monitoring of the insurance companies/entities admitted to do business in West Virginia; ensuring policyholders are obtaining insurance products from financially solvent and compliant insurance companies. Additionally, the Division is also responsible for the administration of the state insurance tax laws and the financial monitoring of employers who chose to self-insure their workers compensation risks in West Virginia.

The primary functions of the Division include, but are not limited to:

- Licensing/Registration of Insurance Risk-Bearing Entities
- Financial Analysis/Surveillance of Admitted Insurance Companies
- Financial Examinations of Domestic Insurance Companies
- Insurance Premium Tax and Fee Administration

They types of insurance companies/entities licensed and monitored include, but are not limited to, traditional Life & Health and Property & Casualty insurers as well as health care corporations such as Blue Cross/Blue Shield Plans and Health Maintenance Organizations. The Division is also responsible for registering, licensing and/or monitoring Risk Retention Groups, Risk Purchasing Groups, Managing General Agents, Third Party Administrators, Reinsurance Intermediaries, Viatical Settlement Providers, Discount Medical Plans, Professional Employer Organizations, Charitable Gift Annuities and Surplus Lines Insurers planning to do business in the State of West Virginia.

Prior to being admitted, companies must file an application with the West Virginia Offices of the Insurance Commissioner. The Division utilizes the National Association of Insurance Commissioners (NAIC) Uniform Certificate of Authority Application (UCAA) process; which is designed to allow insurers to file copies of the same application for admission in numerous states. These applications, either foreign or domestic, are reviewed by the Division to ensure that all applicable insurance laws and regulations have been satisfied in regard to the companies’ general corporate organization and financial strength. Recommendations are then made to the Commissioner as to the admissibility of these applicant companies.

Companies admitted by the WVOIC are then monitored by the Division to ensure that they maintain their financial stability and solvency requirements necessary for the protection of West Virginia policyholders. Monitoring of the insurance industry is effectuated through complex analysis and/or financial examinations performed by financial analysts and certified financial examiners.

The Division is also responsible for processing various corporate amendments submitted by a licensed entity. Corporate amendments include but are not limited to: name changes, redomestications, mergers, and amendments to Articles of Incorporation or Bylaws.

The OIC’s website provides a link to search for Companies licensed in the State. <https://sbs-wv.naic.org/Lion-Web/jsp/sbsreports/CompanySearchLookup.jsp>. From the search results, the company demographics can be viewed including the address, contact information and history.

This Division is responsible for ensuring that insurance companies and brokers operating in this State report and pay the appropriate taxes levied by West Virginia statutes. This process involves the reconciliation of companies' quarterly reports and payments to their year-end tax returns. This function also includes the tracking and collection of taxes generated by the surplus lines market. Surplus lines refer to business placed with companies that are not admitted in West Virginia. This occurs when certain lines of insurance are not readily available with companies licensed in West Virginia. Coverage is written with these surplus lines insurers by a licensed insurance broker that has obtained an excess lines broker's license from the Agents Licensing and Education Division. The surplus lines licensee must provide reports to the tax audit section of the Division on individual policies written and remit the appropriate tax payment as detailed by the West Virginia Code.

The tabular information contained in this Report is a condensed summary of the annual reports filed by insurers doing business in West Virginia and an indication of their financial condition as compiled by the Financial Conditions Division.

Self-Insurance (Workers' Compensation)

The Workers' Compensation Self-Insurance Unit is responsible for regulating 74 employers that currently self-insure their workers' compensation coverage in West Virginia and the ~ 110 employers who no longer self-insure but continue to administer claims incurred during their period of self-insurance. No companies were approved for self-insured status in calendar year 2015.

Self-insured employers in West Virginia self-administer their claims. Ordinarily, the employer hires a third party administrator (TPA) to manage and process claims although a small number of employers truly self-administer through an internal claim management department or a subsidiary company. Self-administration provides the self-insured employer with a greater degree of control over the claim management process than participation in guaranty cost or deductible programs.

Regulation of the self-insured employers focuses primarily on two areas: maintenance of the risk pools and annual financial condition reviews.

[W. Va. Code St. R. § 85-19-1](#) et seq. establishes two risk pools in which the self-insured employers participate: the Security Risk Pool that covers claims with dates of injury, last exposure or death prior to July 1, 2004 (the date self-administration began) and the Guaranty Risk Pool that covers claims with dates of injury, last exposure or death on or after July 1, 2004. Active and inactive self-insured employers participate in the pools dependent upon each employer's exposure base since self-insured employers are joint and severally liable for defaults of other self-insured employers. The purpose of the risk pools is to provide the means to pay claims for defaulted self-insured employers without placing the burden on the taxpayers of West Virginia.

Annual financial condition reviews require the employer to submit three years of audited financial statements which are then analyzed to determine whether the employer's financial condition has declined over the past year. [W. Va. Code St. R. § 85-18-1](#) et seq. identifies the benchmarks against which the financial statements are measured and defines deteriorating financial condition. Employers who do not pass the annual review and are deemed to be in a deteriorating financial condition are required to provide additional security to cover the claims that would be paid out of the Guaranty Risk Pool in the case of a default.

Fraud Unit (Office of Inspector General)

The Fraud Unit was created under legislation passed by the WV Legislature during its 2004 regular session. The Fraud Unit is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud, as well as making the public aware of insurance fraud and providing a way to report instances of suspected insurance fraud. Further, the Fraud Unit is tasked with investigating persons suspected of engaging in insurance fraud and referring cases with merit to the appropriate authorities for criminal prosecution.

The Fraud Unit currently consists of twenty-five (25) allocated investigative positions and seventeen (17) allocated support and administrative positions. Field Investigators now occupy field offices in the following cities:

- Beckley
- Charleston
- Fairmont
- Huntington
- Logan
- Martinsburg
- Parkersburg
- Wheeling

The geographic locations of these field offices allow investigators to respond quickly to reports of alleged insurance fraud. It also allows investigators to foster relationships with local law enforcement and prosecutors that the Fraud Unit relies on and works with to bring about successful prosecutions. Three (3) WV State Troopers are currently assigned to work full time with the Fraud Unit.

There are three ways in which the public and the insurance industry can report suspected insurance fraud to the Fraud Unit; by calling toll free @ 1-800-779-6853; online reporting @ www.wvinsurance.gov; and by correspondence at P.O. Box 2901, Charleston, WV, 25301-2901. The Fraud Unit's case management and reporting application has been recognized as one of the premier systems in the nation for its ability to manage cases, detect trends in fraud, and create investigative reports suitable for immediate presentation to prosecutors for review. It has also been designed to receive referrals directly from the online reporting function and is integrated with the National Association of Insurance Commissioners (NAIC) online reporting tool.

The Fraud Unit has been proactive in its approach to educate the public on what constitutes insurance fraud as well as the costs associated with insurance fraud. A brochure explaining the types of fraud, what the penalties are and what happens when someone reports suspected fraud was developed and is given out at fairs and festivals across the state as well as distributed to each WV State Police Detachment. Additionally, representatives from the Unit appeared at various functions, events, and meetings statewide taking the message to the general public that insurance fraud is not a victimless crime, but one that victimizes everyone in the form of higher costs for goods and services.

Several presentations have been given by unit personnel to a wide range of groups and organizations on what is being done to combat insurance fraud in the state and what they can do to assist in those efforts. Statistics for activities conducted by the Fraud Unit during calendar year 2015 are depicted in the following chart:

Fraud Unit Referrals	
Type of Referral	Count
Automobile	339
Cooperative Investigative File Request	38
Disability	10
General Fraud	41
Health Care	40
Life	28
Other	42
Property / Casualty	88
Workers' Compensation	117
Total	743

In addition to the 743 referrals, investigators identified an additional 119 criminal violations during the investigation of the initial referrals. Successful investigations resulting in prosecutions were conducted in numerous counties throughout the state. Prosecutions involved such activity as workers compensation fraud; conventional insurance claimant fraud; staged motor vehicle crashes; fraudulent “slip, trip, and fall” claims against businesses; insurance fraud by means of arson; and embezzlement of policy holder premium funds by insurance industry personnel. Such successful prosecutions were the result of working in cooperation with local and state law enforcement agencies and locally elected prosecutors as well as the two (2) U.S. Attorney Offices.

As a result of thorough investigations and well prepared reports, along with efficient case management of referrals, successful prosecutions were realized. The following chart depicts statistical data relevant to investigations, prosecutions and convictions in calendar year 2015:

Fraud Unit Outcomes	
Type of Outcome	Count
Field Investigations Completed	103
Individuals Indicted / Arrested	15
Felony Count	57
Convictions	26
Total	201

2015 Accomplishments

In 2015 there were many cases involving a broad spectrum of criminal activity when it came to investigations and prosecutions of insurance fraud. Within the calendar year the state and federal courts reported over \$655,000 in ordered restitution as a result of Fraud Unit investigations.

US Attorney's Office Northern District State of West Virginia Press Release:

Thursday, November 12, 2015

Interagency group taking data-driven approach to combat health care fraud

FAIRMONT, WEST VIRGINIA – State and federal law enforcement leaders joined United States Attorney William J. Ihlenfeld, II today to announce the formation of a working group that is taking a data-driven approach to the prevention of health care fraud in West Virginia.

According to Ihlenfeld, the multi-jurisdictional group is proactively evaluating the health care reimbursement data of medical providers in northern West Virginia. By using advanced statistical analysis, investigators are able to identify potentially fraudulent billing patterns and uncover waste and abuse more efficiently.

“Health care fraud continues to be a significant problem in West Virginia and throughout the country and it costs taxpayers tens of billions of dollars every year,” said Ihlenfeld. “Ultimately, health care fraud increases the cost of medical care for everyone and undermines our existing health care programs. The fraud detection tools that we’re using allow us to identify sophisticated schemes that may have escaped scrutiny in the past.”

Agencies involved in the effort include the United States Department of Health and Human Services (HHS), the Drug Enforcement Administration (DEA), the Federal Bureau of Investigation (FBI), the Internal Revenue Service Criminal Investigations (IRS-CI), the West Virginia Medicaid Fraud Control Unit, the Ohio Medicaid Fraud Control Unit, the West Virginia Office of the Insurance Commission, and the Ohio Bureau of Workers’ Compensation.

The northern West Virginia working group is led by Assistant U.S. Attorney Sarah Montoro.

On Thursday, Ihlenfeld also announced that the United States has settled allegations that a Fairmont physician fraudulently requested reimbursement for medical services that were not actually rendered. Dr. Samer Kuzbari has paid \$440,232 to resolve accusations that he submitted false claims to various health care benefit programs, including Medicare, Medicaid, TRICARE, and the Federal Employees Health Benefit Program.

The settlement addressed claims against Kuzbari and the Kuzbari Clinic arising under the False Claims Act, a law which allows the government to sue health care providers who submit false claims to federal health care benefit programs. The settlement resolves potential civil and administrative monetary claims, but does not preclude criminal charges.

“Medicare, TRICARE, and other programs depend upon doctors to honestly report the work that they do,” said Ihlenfeld. “When a doctor claims reimbursement for a treatment that he didn’t provide then it’s the taxpayers who are cheated. We will continue to work with our law enforcement partners to protect the integrity of all federal health care programs.”

Assistant U.S. Attorney Alan G. McGonigal represented the government in the Kuzbari matter. The U.S. Department of Health and Human Services Office of Inspector General, the U.S. Officer of Personnel Management Office of Inspector General, and the West Virginia Insurance Commission investigated.

Fraud Unit Goals for 2015

Goals for the unit in 2015 include our continuation to work with and foster new working relationship with federal, state and local agencies to grow our contact base that is essential in obtaining and building a working information base that allows the unit to accomplish its goals.

In 2015, the Fraud Unit participated with the U.S. Attorney's Office of the Southern District, investigating workers compensation violations in WV. The goal is to bring the unit's investigative resources which include the division's investigators, criminal analysts, forensic auditor and forensic computer specialist to the table to professionally investigate, document and record its findings in a way that benefits the multi-agency investigative group.

The Fraud Unit will continue to look for ways to upgrade, improve and maintain IT related technology that best postures it for IT investigative documentation and recordings and also aids in keeping up with related crimes.

The Fraud Unit will continue to strengthen and train its investigative team through in-service training, qualifications and industry related training academies and schooling. When vacancies occur within, the unit we will strive to select and employ the absolute best qualified candidate obtainable. The current methods of filling investigative vacancies have worked extremely well throughout the process, from the established qualifications to the final selection process. Current measures ensure that the unit is staffed with personnel that will meet the criteria that are mandated by the statutorily responsibilities given to the unit as a criminal justice agency in Chapter 33 of the state code. Any changes to the minimum qualifications background requirements or training would greatly affect the functions of the unit and its abilities to effectively investigate and bring to prosecution producers, providers, employers and individuals who cheat and scam the state's insurance laws through workers compensation, agent fraud, medical fraud and insurance fraud.

Health Policy Division

Formation of the Health Policy Division of the West Virginia Offices of the Insurance Commissioner was West Virginia's effort to begin research for a Health Insurance Exchange. Beginning with a September 2009 submission of a State Health Access Program (SHAP) grant application for a Health Insurance Exchange plan in West Virginia, this grant was a major component of the state's health reform plans. Awarded by Health Resources and Services Administration (HRSA), the SHAP grant gave the state its initial ability to utilize otherwise unavailable resources for research and concept development.

The Patient Protection and Affordable Care Act (PPACA) was signed to law March 23, 2010. Its stated purpose was to increase quality and affordability of health insurance, lower the uninsured rate by expanding public and private insurance coverage. The law introduced mandates, subsidies and insurance marketplaces. Each state was required to establish a Federal, a Partnership or a State Based Exchange.

The state pursued additional funding for the development of an Exchange Model. The OIC was awarded funding through the State Planning and Establishment grant (PEG) by the Department of Health and Human Services (HHS) Office of Consumer Information and Insurance Oversight (CIIO). Offering additional support to states, Notices of Funding Availability (NOFA's) were then issued through HHS for funding to perform essential planning and development activities. On behalf of the state, the OIC was awarded Establishment Grant Level 1, these funds were available through 12/31/2015; and, Establishment Grant Level 1 –# 2 these funds were available through 7/8/2015.

The Grants required public participation through monthly meetings and conference calls with Stakeholder Groups to add public transparency to the private insurance market. Insurance carriers, health care providers, consumer advocates and insurance agents participated in these key informational meetings. The meetings have been successful in bringing groups together to dedicate efforts on informing the community about the developing Health Insurance Marketplace and outreach and communication that the group is continuing to meet.

FFE Partnership Exchange

In February 2013, WV announced it would become a Partnership state, meaning that the State has chosen to take on the functionalities of Consumer Assistance (through education and outreach) and Plan Management (prior approval on rates and forms) related to the Marketplace.

As a Partnership State, West Virginia consumers experience 'The Marketplace' through the federal online portal at www.Healthcare.gov to compare information on available health plan options, enroll in health plans, and receive advanced premium tax credits (APTC) and cost sharing reductions (CSR), if financially eligible.

Consumer Assistance

The Consumer Assistance function required the state to develop an In-Person Assistance (IPA) program to help individuals with the enrollment process. The IPA/Entity/Navigator is an impartial and free service to consumers. Primarily functioning as community based outreach and education, the substantial focus on consumer assistance is to ensure a smooth and seamless Marketplace experience. The IPA activities included marketplace account creation, eligibility and enrollment processing, inRoads applications (WV application system for Medicaid), managing complaints, initiating education and referral to additional services.

Though the State Purchasing Process a vendor was selected to develop, manage and maintain these service requirements throughout the state through the first and second open enrollment periods. A regional model was utilized to effectively manage and monitor IPA staff in seven (7) supervisory areas. Each region had 6-9

IPA's managed by 1 supervisor all of which were vetted, hired and trained by the vendor with OIC support in training. The vendor utilized leased office space in 53 of the 55 county WV Department of Health and Human Resource buildings. After the end of the first enrollment period, the IPAs schedules were adjusted based on the need determined during the first open enrollment.

The vendor's contract also included the management of entities. Entities were selected through an extensive review process and organizations that met the necessary criteria submitted an application for consideration. The entities performed IPA activities for two enrollment periods. Five organizations were selected to receive grant funds to perform in-person assister functions, plus education and outreach activities at schools, libraries, social service agencies, health clinics/hospitals and community centers: WV Bureau of Senior Services State Health Insurance Assistance Program (SHIP), Community Care of WV, Partners in Health Network, WV Primary Care Association and Valley Health (Huntington).

Additional support provided directly to West Virginia from CMS/HHS included Navigators. Through a review and application process at the federal level, various organizations competed for consideration as a State based Navigator. Those selected for the 2014 and 2015 enrollment process were: TSG Consultants, WVU HAPI Program and Advanced Patient Advocates.

Through the Stakeholder meetings, a very successful IPA/Entity/Navigator 'communities of interest group' was formed to create a consistent Marketplace message, share information and coordinate scheduling of activities to maximize time and resources to help meet the consumers' needs.

Licensed health insurance agents and brokers may enroll individuals, small employers and employees in coverage through the Marketplace. Federal and state training and certification requirements apply to agents and brokers who enroll or assist consumers in the Marketplace, and the WV OIC supplements the federal training with state specific training. Agents and brokers are the only assister group that is compensated by an issuer. Agent and broker training will continue to be a priority as IPA/Entity programs closeout after the second open enrollment in 2015.

Plan Management

When the federal Affordable Care Act was passed in 2010, the National Association of Insurance Commissioners (NAIC) membership and the health industry further collaborated to ensure that System for Electronic Rate and Form Filing (SERFF) would continue to be the primary filing mechanism for health product filings, including new rate review and Qualified Health Plan (QHP) submissions.

As stated in the Affordable Care Act (ACA) Section 1321(c) (1) (B), beginning January 1, 2014, states must provide consumers who do not have employer-provided insurance the ability to purchase insurance through a marketplace. Significant changes were made to SERFF to facilitate an efficient filing and review process for a health insurance marketplace binder filing(s). The system is effectively used for rate review of Qualified Health Plan submissions.

A Qualified Health Plan (QHP) has a guaranteed issue provision (coverage cannot be denied due to pre-existing conditions), as well as insurance companies are required to offer the same premium price to all applicants of the same ages and geographical location without regard to gender. The only condition on which a policy can be additionally rated is tobacco use. The QHP must include the ten Essential Health Benefits (EHBs)⁴ and meet all guidelines of the ACA.

West Virginia is a prior approval state. Which means policy rates, rules and forms must be approved by the WV Insurance Commissioner prior to marketing plans to WV consumers. W. Va. Code §33-6-8, 33-15-1b & 33-16B-1, is the primary authority for WV to review and recommend Qualified Health Plans (QHPs) for certification.

WV Code 33-6-9(e) requires the Insurance Commissioner to disapprove a form “if the coverages provided therein are not sufficiently broad to be in the public interest.”

The OIC has established a certification “checklist” or set of standards against which the QHP application is evaluated, and the review of the QHP application is performed by the Rates and Forms Division, who reach out to other Divisions within the OIC, e.g. Market Conduct, Consumer Services, and Financial Conditions, as necessary. SERFF is the primary IT system used to manage all steps in these business processes, including communications (via the “Correspondence” tools) between the OIC and issuers during the evaluation and revisions to the plan.

Once the plans are reviewed and approved at the OIC level then QHPs being offered “Off Marketplace” receive final approval from the state. The QHP plans to be offered “On Marketplace” are sent to CMS/HHS via transmission from the SERFF binder through the Health Insurance Oversight System (HIOS). CMS/HHS then reviews the plan and finalizes it as a “Certified QHP” to be a Marketplace plan listed on www.Healthcare.gov. Upon certification contracts are sent from CMS to each issuer to sign to have their plans on the Marketplace.

The certified QHPs offered through the Marketplace at www.Healthcare.gov, enable individuals that qualify to receive APTCs and cost sharing reductions. QHPs purchased “Off” Marketplace are available for individuals to purchase, but do not allow for APTCs or cost sharing.

⁴ EHBs are: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventative and wellness services and chronic disease management, Pediatric services, including dental and vision care.

For the first and second Open Enrollment, WV had one issuer, Highmark West Virginia, offering individual and Small Business Option Plans (SHOP) on the Marketplace. Off the Marketplace five issuers offered individual plans and nine issuers offered small group plans.

The Health Policy Division (HP) is as a resource to assist other OIC Divisions in communications with the Federal government, interpretation of Federal statute and regulations, QHP review and certification decisions throughout the process. HP conducts annual training for agents and assisters on WV QHP products to be offered each year. HP is an available resource for QHP questions and training.

Legal Division

The Legal Division of the West Virginia Offices of the Insurance Commissioner (OIC) performs many functions including providing legal counsel to the Insurance Commissioner and all associated divisions thereof, as well as carrying out many day to day legal responsibilities entrusted to the Insurance Commissioner by the West Virginia Legislature. Responsibilities of the Legal Division include:

LEGAL SUPPORT FOR ASSOCIATED DIVISIONS - The Legal Division provides general legal support for all other divisions of the Insurance Commissioner, including all insurance and workers' compensation related regulatory functions. This involves attending meetings with the directors and staff of other divisions, consulting on legal issues relating to activities of other divisions, and assisting with legal interpretations of statutes, case law, etc. as appropriate.

LEGISLATION AND RULES - The Legal Division consults, researches and drafts proposed legislation and legislative rules that are submitted for Legislative approval. Some bills and rules are based on models promulgated by the National Association of Insurance Commissioners ("NAIC") and others are custom drafted. Further, the Legal Division drafts exempt legislative workers' compensation rules that are submitted to the Industrial Council for review and approval.

During the legislative session, Legal Division attorneys attend committee meetings to respond to questions relating to the proposed bills and legislative rules. During the rule-making process, Legal Division attorneys receive and respond to public comments and staff ensures that all steps in the process are correctly performed.

INFORMATIONAL LETTERS - When the Insurance Commissioner needs to provide information to the public and to regulated entities, an informational letter is drafted by the Legal Division.

Informational letters are issued for many reasons, among them the provision of guidance for compliance with laws or rules, or the introduction of clarity to an area that may be subject to differing legal interpretations.

Other means of dissemination of policy and legal guidance from the Insurance Commissioner may also be drafted in the Legal Division.

ADMINISTRATIVE HEARINGS - The Legal Division is responsible for reviewing and ascertaining need for administrative hearings in First and Third Party Unfair Trade Practice issues or other issues as required by the West Virginia Code. The process is described respectively in W.Va. Code of State R. §114-13-1, *et seq.* (First & Third Party) & §114-76-1, *et seq.* (Third Party supplemental rule).

The Legal Division schedules hearings, engages court reporters and hearing examiners, and provides the venue for hearings relating to consumer complaints that were not resolved in the Insurance Commissioner's Consumer Service Division. The Legal Division also investigates complaints relating to alleged violations of unfair claims settlement practices provisions of the Unfair Trade Practices Act or other alleged violations of the West Virginia Code, and determines whether merit exists to proceed with hearing on the complaint. In addition, the Legal Division attorneys provide general legal support to the Consumer Service Division.

INVESTIGATIONS - The Legal Division investigates complaints dealing with all aspects of insurance compliance contained in Chapters 33 and 23 of the West Virginia Code.

The Legal Division receives referrals from various sources including the public, the insurance industry, and other divisions within the Insurance Commission, relating to possible misconduct by insurance industry representatives, insurance producers, and unauthorized insurers. These allegations are investigated to determine if West Virginia insurance laws or rules have been violated, and if so, the investigation will result in administrative action against the target of the investigation.

ADMINISTRATIVE ACTIONS - At the conclusion of an investigation in which it has been determined that there has been a violation of insurance laws, or when the Insurance Commissioner is informed that an insurer is in hazardous financial condition, the Legal Division files an administrative complaint against insurance companies seeking penalties and/or suspension or revocation of the Certificate of Authority, as appropriate. Administrative complaints may also be filed before the Insurance Commissioner to penalize an unauthorized insurer, or injunctive relief may be sought in Circuit Court to end the illegal operations of these entities.

Administrative action may also be taken against an insurance producer when violations of statutes or rules have been committed.

LICENSURE ACTIONS - The Legal Division assists in license suspensions, revocations and/or fines regarding insurance producers and other licensees including but not limited to insurers that are found to be financially insolvent or found to be in such hazardous financial condition as to render the further transaction of insurance business hazardous to their policyholders or the people of West Virginia.

APPEALS AND LITIGATION - On some occasions, an order entered by the Insurance Commissioner in either a consumer complaint proceeding or other administrative proceeding is appealed.

When this occurs, the Legal Division sends the record of the administrative proceeding to the Kanawha County Circuit Court. If the administrative proceeding was being pursued by the Insurance Commissioner, a Legal Division attorney may appear to defend the actions taken before the Insurance Commissioner. Otherwise, support will be given to outside counsel.

MARKET CONDUCT - The Legal Division houses the Market Conduct Unit that performs market wide research and analysis as well as examines insurance entities regulated by the West Virginia Offices of the Insurance Commissioner.

The market conduct examiners are charged with auditing insurers on a regular basis as well as reacting to developments in the market place with targeted examinations relating to one or more distinct issues. These examinations ensure that insurers are complying with all applicable laws and rules relating to rates, forms, agent appointments and other agent issues, claims handling, policy cancellations and nonrenewals, discrimination, and many others.

MARKET ANALYSIS - The Legal Division's market conduct examiners and other Insurance Commission staff also engage in Market Analysis. This consists generally of gathering large volumes of data from insurers that reveals how the insurer is behaving in our market place, and from that data determining which companies may need further analysis or review. West Virginia cooperates with other states in this process so that any compliance issues are addressed on a country-wide basis.

FRAUD PROSECUTION - The Legal Division has attorneys who directly represent the OIC in regards to prosecution of fraudulent insurance activity or who provide support in an advisory role with other state and federal prosecutors on similar criminal issues.

When called upon to assist as special assistant prosecutors, these attorneys will perform various functions depending upon the level of assistance requested by the local county prosecuting attorney.

REVENUE RECOVERY - The Legal Division houses Revenue Recovery which endeavors to seek compliance with employers who have been in default with the West Virginia Code by either failing to obtain workers' compensation coverage or allowing their coverage to terminate. Revenue Recovery in conjunction with in-house collection and enforcement attorneys may obtain fines, collect monies owed and enjoin companies in non-compliance.

WORKERS' COMPENSATION PRIVATIZATION - The Legal Division has attorneys who support the "Old Fund" as created by privatization legislation in 2005 as well as open market issues. Assistance includes working with claimants and their counsel, defense counsel, third party administrators in all tribunals and courts including West Virginia Circuit Courts, the Office of Judges, the Board of Review and the West Virginia Supreme Court of Appeals. Further, OIC Legal directly consults with the actions of the Attorney General Defense Unit concerning Old Fund claims.

CONSUMER, INDUSTRY and OTHER STAKEHOLDER INQUIRIES - While the Legal Division can generally not give personal legal advice concerning any matter to outside parties, it does endeavor to point inquiries into the appropriate direction where possible or provide analysis for the market as a whole or opines on issues of broad importance.

FREEDOM OF INFORMATION ACT (FOIA) REQUESTS - All FOIA requests are directed to and processed by the Legal Division. Legal Division staff gathers all public records that are responsive to the request and provides it to the person making the request, pursuant to and in compliance with the Act.

Some of the major activities of the Legal Division are discussed in more depth below.

Legislation

The following is a brief synopsis of the significant legislation enacted during the 2015 regular session of the West Virginia Legislature. This information is not to be construed as inclusive of all legislation which may affect the insurance industry or insurance consumer, nor should it be construed as a comprehensive explanation of the bills addressed. Rather, the information provided is intended to highlight the bills significantly affecting the insurance community at large.

Bills

Senate Bill 3 – Relating to Real Property Possessor’s Liability for Trespasser Harm (Effective April 29, 2015)

This bill codified the common law rule that a possessor of real property owes no duty of care to a trespasser. If a common law right of action with respect to trespasser harm existed as of the effective date of the legislation, it will still be permitted. The possessor continues to have a duty to refrain from intentionally causing harm to a trespasser.

Senate Bill 6 – Relating to Medical Professional Liability (Effective March 10, 2015)

This legislation amended the Medical Professional Liability Act. It includes changes made to existing definitions and created a new definition for “related entity.” The overarching result of these changes is an expansion of the Act’s scope. The bill further modified the qualifications regarding the competency of expert witnesses and provided for rebuttable presumptions concerning state/federal reports, accreditation reports, disciplinary actions and assessments of civil/criminal penalties. The legislation also increased the inflationary portion with respect to a noneconomic damages award.

Senate Bill 13 – Relating to Real Property Possessor’s Liability for Injuries Caused by Open and Obvious Hazards (Effective February 18, 2015)

The Legislature here reinstated the open and obvious hazard doctrine in which a real property possessor owes no duty of care to protect others against dangers that are open, obvious, reasonably apparent or as well known to the person injured as they were to the possessor.

Senate Bill 187 – Authorizing Department of Revenue Promulgate Legislative Rules (Effective February 28, 2015)

This bill authorized the Insurance Commissioner to promulgate amendments to W. Va. Code of St. R. §114-11E-1 *et seq.*, Annuity Disclosure; and W. Va. Code of St. R. §114-45-1 *et seq.*, Recognizing Annuity Mortality Tables for Use in Determining Reserve Liabilities for Annuities.

Senate Bill 344 – Relating to Duty to Mitigate Damages in Employment Claims (Effective June 8, 2015)

The intent of this bill was to provide a framework for adequate and reasonable compensation to those persons who have been subjected to an unlawful employment action, but also to ensure that compensation does not far exceed the goal of making a wronged employee whole. Under this law, the plaintiff has an affirmative duty through “reasonable diligence” to mitigate past and future lost wages irrespective of whether the plaintiff can prove the defendant employer acted with malice or in willful disregard of the plaintiff’s rights. Thus, the common law malice exception to the duty to mitigate damages in employment discrimination claims has been abolished.

Senate Bill 366 – Relating to Qualified Health Plans on the West Virginia Health Benefit Exchange (Effective June 9, 2015)

This bill creates a new article within the Insurance Code. It requires certain information be published on the Insurance Commissioner’s website regarding qualified health plans being offered for sale through the West Virginia Health Benefit Exchange in a format easily found by a consumer. This online information is to be provided to assist consumers in making informed decisions concerning the purchase of a qualified health plan.

Senate Bill 373 – Relating to Automobile Insurance Verification (Effective June 11, 2015)

This legislation permits the use of a digital image located on a wireless communication device to serve as proof of automobile insurance. The Commissioner considers the digital image to constitute an electronic record and thus must be provided to an insured in conformity with the Uniform Electronic Transactions Act (UETA), W. Va. Code § 39A-1-1 et seq. Accordingly, the insured must affirmatively consent to the use of the digital image. Otherwise, a paper copy of the proof of insurance should be provided.

Senate Bill 411 – Relating to Liability for Asbestos Exposure (Effective June 9, 2015)

This legislation addresses transparency regarding claims made in the asbestos bankruptcy trust claim system and claims made in civil asbestos litigation. The Legislature found that asbestos claimants often seek compensation from both sources simultaneously. However, there is limited coordination between the two paths of recovery. Accordingly, the Legislature through this bill is requiring disclosures of existing and potential asbestos trust claims in any asbestos action filed in this state. The law also establishes standards and procedures for the handling of certain asbestos claims and provides for setoffs/credits in favor of a defendant in a civil action with respect to any trust claim award.

Senate Bill 421 – Relating to Punitive Damages (Effective June 8, 2015)

This bill authorizes an award of punitive damages only when the defendant acts with actual malice toward the plaintiff or a conscious, reckless and outrageous indifference to the health, safety and welfare of others. The legislation also allows the court, upon the defendant’s request, to bifurcate the trial with respect to compensatory and punitive damage awards. Under the law, the amount of punitive damages that may be awarded in a civil action cannot exceed four times the amount of compensatory damages or \$500,000, whichever is greater.

Senate Bill 578 – Relating to Nonorthopedic Occupational Disease Claims (Effective June 8, 2015)

This bill authorizes, in the context of workers’ compensation coverage, a final settlement with respect to medical benefits for nonorthopedic occupational disease claims as long as the claimant is represented by an attorney.

House Bill 2002 – Relating to Predicating Actions for Damages on the Principle of Comparative Fault (Effective May 25, 2015)

This legislation generally abolishes joint liability among defendants in an action for damages, making each defendant liable for compensatory damages allocated to that defendant in direct proportion to that defendant's percentage of fault. It also establishes how to reallocate any portion of a judgment that a plaintiff is unable to collect and provides exceptions to the several liability doctrine.

House Bill 2011 – Relating to a Workplace Employee Injury Caused by the Deliberate Intention of the Employer (Effective June 12, 2015)

This bill amends the law governing "deliberate intent" claims – claims stemming from workplace employee injuries caused by the deliberate intention of the employer to the extent that the employer loses immunity from a lawsuit as provided by Chapter 23 of the West Virginia Code. Among other things, the legislation provides that an employer's actual knowledge of the existence of an unsafe working condition must be specifically proven by the employee or other person seeking to recover under a deliberate intent claim and shall not be deemed or presumed. The bill further defines what constitutes a commonly accepted and well-known safety standard within the industry or business of the employer and establishes that the applicability of state or federal safety provisions is a matter for judicial determination. The amendments made pursuant to this legislation are applicable to workplace employee injuries that occur on or after July 1, 2015.

House Bill 2395 – Relating to Property Owner's Right to Cancel Residential Roofing Contract (Effective June 12, 2015)

This bill provides that an owner of residential property who enters into a contract with a contractor on or after July 1, 2015, to provide goods or services related to the property's roof and who expects the goods or services to be paid from the proceeds of a property and casualty insurance policy, may cancel the contract prior to midnight of the fifth business day after the owner has received notice from the insurer that all or part of the claim is not a covered loss under the insurance policy. Under the law, the contractor has the duty of disclosing this cancellation right prior to entering into the contract with the property owner.

House Bill 2461 – Relating to Claim of a Federal Home Loan Bank in an Insurer Liquidation Proceeding (Effective June 10, 2015)

This legislation provides that the commencement of a delinquency proceeding against an insurer does not operate as a stay, injunction or prohibition regarding a federal home loan bank's rights to collateral pledged by the insurer. It further mandates that the receiver in a delinquency proceeding may not void a transfer made to a federal home loan bank in the ordinary course of business within four months of the commencement of the delinquency proceeding or which received prior approval of the receiver. However, a transfer may be voided if the transfer was made with actual intent to hinder, delay or defraud the receiver, insurer or a creditor.

House Bill 2493 – Relating to Health Insurance Coverage for Anti-Cancer Medication (Effective June 10, 2015)

This bill prohibits a health plan or policy issued on or after January 1, 2016, from having a different copayment, deductible or coinsurance that is contingent on whether anti-cancer medications are administered by the patient (either orally or self-injected) or administered by a health care provider via injection or intravenously. The bill also allows for cost containment measures if the cost of compliance exceeds two percent of the total cost of coverage.

House Bill 2536 – Relating to Limited Lines License for Travel Insurance (Effective June 10, 2015)

This legislation authorizes the Insurance Commissioner to issue a limited lines travel insurance producer license to a business entity that arranges or offers travel services. Travel insurance is defined as a group or individual policy that provides coverage for personal risks incident to planned travel. The travel retailer and its employees could offer and disseminate travel insurance under the limited lines license. The annual fee for a travel insurance entity producer license is \$200.

House Bill 2557 – Relating to Liability Insurance When Renting a Vehicle (Effective June 10, 2015)

This bill provides that insurance coverage provided by a rental or leasing vehicle company is secondary to coverage under any motor vehicle liability insurance in effect for the individual who is renting, leasing, operating, maintaining or using the vehicle. The bill further provides that any liability insurance purchased for additional consideration from the rental or leasing company shall be primary to other available insurance. The Commissioner will allow a phase-in period for compliance with this bill; however, the law's provisions will become mandatory for all policies issued or renewed on or after January 1, 2016.

House Bill 2790 – Relating to Minimum Financial Responsibility Limits for Motor Vehicles (Effective June 9, 2015)

This legislation increases the minimum financial responsible limits for motor vehicles to \$25,000 because of bodily injury to or death of one person in any one accident, \$50,000 because of bodily injury to or death of two or more persons in any one accident, and \$25,000 because of injury to or destruction of property of others in any one accident. The new limits are required for policies issued or renewed on or after January 1, 2016. For policies in effect on December 31, 2015, including motor vehicle insurance policies and liability policies that are in excess or umbrella type that cover automobile liability, insurers are not required to make new offers of uninsured or underinsured coverage upon renewal if the liability coverage is increased solely to meet the requirements of the increased minimum required responsibility limits. For policies that carry limits of coverage below the minimum required financial responsibility amounts, the limits must be increased to an amount equal to or above the new minimum required financial responsibility limits when the policy is renewed but not later than December 31, 2016. The bill also provides that an insurer that issues a policy with named driver exclusion is not required to provide any coverage, including coverage in the amounts of the minimum financial responsibility limits, for the excluded driver.

LEGISLATIVE RULES

Title 114 Legislative Rules

The following Title 114 insurance related legislative rules (authorized for promulgation by Senate Bill 187) became effective in 2015:

114 CSR 11E – Annuity Disclosure (Effective July 28, 2015)

This rule amendment adopts amendments made to the Annuity Disclosure Model Regulation by the National Association of Insurance Commissioners. Specifically, the rule implements a new “Annuity Buyer’s Guide” and provides standards that an insurer must follow if it elects to furnish a consumer with an annuity illustration.

114 CSR 45 – Recognizing Annuity Mortality Tables for Use in Determining Reserve Liabilities for Annuities (Effective July 28, 2015)

This rule amendment was necessary in order to implement the 2012 Individual Annuity Reserve Table (2012 IAR) for use in valuing minimum reserves for individual annuities and pure endowment contracts issued after a specified date. The 2012 IAR mortality table was developed by the joint American Academy of Actuaries/Society of Actuaries Payout Annuity Table Team and was adopted by the National Association of Insurance Commissioners in Model Regulation 821. This annuity mortality table is a “generational” table containing factors that adjust the mortality rates annually based on expected mortality improvements.

During the year 2015, Twenty-Four Thousand Five Hundred Dollars (\$24,500.00) in penalties were assessed as a result of Self-Insured Compliance Audits conducted in accordance with W. Va. Code §§33-2-9; 23-2-9; 23-2C-22; 33-2-21 and W. Va. Code of State Rules §85-18-1, *et seq*; and Fifty-One Thousand Dollars (\$51,000.00) in penalties were assessed as a result of violations discovered during market conduct examinations conducted in accordance with W. Va. Code §33-2-9.

The certificates of authority of three (3) insurers were suspended in 2015 in accordance with and under the provisions of W. Va. Code §33-3-5b(a), Failure to meet surplus funds requirements; §33-3-10(b), Insurer no longer meets the requirements for the license originally granted, because of deficiency of assets or otherwise; §33-3-11(a)(4), Found by the commissioner to be in a financial condition such as to render the further transaction of insurance business hazardous to its policyholders or the people of West Virginia; and §33-34-3a(a)(20), Any other finding determined by the commissioner to be hazardous to the insurer's insureds, creditors or the general public.

The certificates of authority of three (3) insurers were revoked in 2015 in accordance with and under the provisions of W. Va. Code §33-3-10(b), Insurer no longer meets the requirements for the license originally granted, because of deficiency of assets or otherwise; §33-3-11(a)(4), Found by the commissioner to be in an unsound condition or in such condition as to render its further transaction of insurance in West Virginia hazardous to its policyholders or the people of West Virginia; §33-25A-18(e), The health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees or is otherwise determined by the commissioner to be in a hazardous financial condition; and 33-25A-18(i), The continued operation of the health maintenance organization would be hazardous to its enrollees.

The self-insured status of one (1) insurer was revoked in 2015 pursuant to W. Va. Code §23-2-9(b)(2) and in accordance with the provisions of W. Va. Code of State Rules §85-18-15.

Appeals Opened

A total of two (2) appeal cases were opened by the Regulatory Compliance Unit of the Legal Division in 2015. Below is a breakdown of the type of appeals with the number opened for 2015.

APPEALS	NUMBER OF APPEALS
WCC - Failure to Timely Act	2
Total	2

Self Insured Employers

The Legal Division is in charge of overseeing and monitoring employers who have been approved in accordance with W. Va. Code §23-2-9 to self-insure their workers' compensation risk.

Bankruptcies - The bankruptcies of four (4) self-insured employers were monitored by the Legal Division in 2015.

Workers' Compensation Subrogation

Workers' Compensation Subrogation Liens — With respect to workers who suffered compensable injuries prior to July 1, 2005, resulting from the negligence of third parties, W. Va. Code §23-2A-1 creates subrogation liens in favor of the Insurance Commissioner against any amounts recovered by these workers from such third parties to the extent of medical benefits paid by the Old Fund. The statute required that workers or their attorneys inform the OIC when such third-party actions result in recoveries. In 2015, the OIC opened zero (0) such subrogation cases, closed thirty-six (36) cases and collected One Hundred Twelve Thousand Sixty-Four Dollars and Twenty-Six cents (\$112,064.26) from settlements or awards.

Permanent Total Disability Review Board

The Permanent Total Disability Review Board (“PTDRB”) reviews claims of injured workers to determine whether the worker has met the threshold for permanent and total disability. Once the PTDRB determines a claimant has met the appropriate statutory thresholds for a permanent total disability (“PTD”) award, the Board will evaluate the case to determine whether the injured worker has rehabilitation potential to return to the workforce or if the worker should receive a PTD award. The Board is staffed with three medical physicians, and two vocational rehabilitation experts.

The PTDRB meets on a monthly basis. For calendar year 2015, the PTDRB recommended granting four (4) PTD awards, and denying eleven (11) PTD requests. The PTDRB tabled two (2) applications for PTD awards for further consideration of additional evidence/information. Five (5) PTD claims were remanded to the PTDRB from judicial entities (the Workers’ Compensation Office of Judges, the Workers’ Compensation Board of Review or the Supreme Court of Appeals of West Virginia) for consideration. Zero (0) PTD requests were settled by the parties. At the end of 2015, eight (8) Final Recommendations (two (2) grants and six (6) denials), were awaiting approval by the PTDRB.

Market Conduct

Three “Agreed Orders Adopting Reports of Market Conduct Examination, Directing Corrective Action and Assessing Penalties” were entered on a total of thirteen insurers by the Insurance Commissioner in 2015 as a result of market conduct examinations conducted in accordance with W. Va. Code §33-2-9. Penalties totaling \$51,000.00 were assessed as a result of violations discovered during these market conduct examination.

West Virginia also participated in six multi-state collaborative actions which resulted in \$87,487.47 in penalties and other assessments

The unit conducted fifty-eight level one and twenty-eight level two analyses on licensed companies concerning compliance with the West Virginia Code and the West Virginia Code of State Rules.

The OIC received a total of five hundred twenty-three market conduct annual statements per National Association of Insurance Commissioners’ (“NAIC”) guidelines, further broken down by the following lines of business: Private Passenger Auto, 82 filings; Homeowners, 73 filings; Life, 188 filings; Annuity, 100 filings; and Long-term Care, 80 Filings.

The Market Conduct Unit completed twenty-one comprehensive compliance audits on employers which are self-insured for workers’ compensation resulting in penalties totaling \$24,500.00 and over \$48,000.00 in restitution for claimants.

The following professional designations were earned by Market Conduct Personnel in 2015:

- One Senior Profession in Insurance Regulation (SPIR)
- Two Market Conduct Management (MCM)
- Two Professional Academy of Healthcare Management (PAHM)
- One Advanced Market Conduct Management (AMCM)

It is noteworthy that the Individual earning the SPIR designation was the first to do so within the agency.

Revenue Recovery Division

Revenue Recovery is responsible for the collection of all monies due to the Old Fund, collection of fines imposed on employers when the workers' compensation coverage has been cancelled and collection from the employer monies due to the Uninsured Employer's Fund for workers' compensation claims the state may pay on behalf of an uninsured employer. The unit contacts employers who have defaulted on their workers' compensation premium payments, and takes action against employers who do not pay. Those actions include placement of employers on the Employer Violator System (EVS) and the Defaulted Employer Database, and the filing of liens against companies, owners and officers. The Division will seek injunctions to close the business of an employer who fails to pay for workers' compensation insurance, as well as make determinations on whether an employer was out of business or did not have employees when the workers' compensation coverage was cancelled. They work in conjunction with other state agencies to request license revocation of any state issued license or certificates that the non-paying employer may have. This Division works closely with the Insurance Commission's Regulatory Compliance Division and with the Employer Coverage Division to verify employers who are operating without workers' compensation insurance coverage.

Default Notifications and Employer Contact

The Division sends letters of notification to all employers that are reported as being in default by not maintaining statutorily mandatory workers' compensation insurance. In 2015, there were nearly 2,000 letter notices sent to employers that were reported as uninsured. There were 14,373 contacts both by telephone and in-person between Revenue Recovery and the uninsured employers. For calendar year 2015, two (2) Rule 11 hearings were scheduled.

Employer Violator System (EVS)

The Division reviews all employers reported to not have mandatory workers' compensation insurance and places the employer and the officers of the business on the listing. This electronic report allows other state agencies to search for and identify an employer that may apply for other state licensure or permits. If the employer is on EVS, other agencies may not grant licensure or permits until the default is cured and the business is appropriately insured. In 2015, there were an average of nearly 2,800 accounts listed on EVS every month.

Liens, Injunctions, and Regulatory Compliance

The Division prepared and mailed 1,624 liens to the county clerk of West Virginia Counties in 2015. The liens were placed on the business as well as the officers or the members of the business as listed on the West Virginia Secretary of State website. During the same timeframe, 729 lien releases were prepared and mailed to the county clerk offices. The liens would be placed due to the employer not working with the Division to cure the default and the lien releases were performed at the time the default was cured.

Office of Judges (Workers' Compensation)

The primary responsibility of the Office of Judges is to process initial appeals, commonly referred to as "protests" from workers' compensation claim management decisions made by insurers or their agents. Jurisdiction of the Office of Judges commenced on July 1, 1991. Early in the history of the office, the sole responsibility was to perform judicial review of actions of the Administrative Agency, the Workers' Compensation Division. Since privatization of the workers' compensation market in 2005, the Office of Judges reviews claim management decisions from private insurance carriers, self-insured employers, as well as claim management decisions from the third party administrators, which administer the legacy claims of the former Workers' Compensation Commission. Our goal is to resolve these protests in a fair, efficient and timely manner.

The Office of Judges currently employs fifty-three employees, including twelve Administrative Law Judges. The operation is housed in two locations including Charleston and Beckley. Additionally, evidentiary hearings are conducted in seven venues across the State, including Charleston, Beckley, Fairmont, Parkersburg, Wheeling, Elkins and Charles Town.

The issues in litigation traditionally arise under Chapter 23 of the West Virginia Code, as well as Workers' Compensation Rules found in Title 85 of the Code of State Regulations. The Office of Judges is governed by procedural rules found in 93 CSR 1, Litigation of Protests, and 93 CSR 2, Time Standard Rules. Pursuant to rule, the Office of Judges establishes a deadline for the filing of evidence by the parties. After all parties have been allowed an opportunity to submit evidence and argument to the Office of Judges, a written decision is issued by an Administrative Law Judge. Decisions from the Office of Judges may be appealed to the Workers' Compensation Board of Review.

In addition to traditional workers' compensation appeals, the Office of Judges also conducts hearings or review of other legal matter, including the following:

Failure to Timely Act or Rule on a Claim Request: W.Va. Code § 23-4-1c(a)(3) provides a process by which claimants may seek review by the Office of Judges when a self-insured employer, or any private insurance carrier, fails to timely rule or act upon any request or motion in a workers' compensation claim.

Award of Attorney Fees for Unreasonable Denial of Benefits by the Insurance Carrier: W.Va. Code § 23-2C-21(c) provides that the Office of Judges may order a self-insured employer, or any private insurance carrier, to pay reasonable attorney fees and expenses to claimants when the Office of Judges determines that the original denial of a claim or treatment request was unreasonable.

Award of Claimant's Attorney Fees and Expenses: W.Va. Code § 23-5-16(c) provides that an attorney's fee for successful recovery of denied medical benefits may be charged or received by an attorney, and paid by the private carrier or self-insured employer for a claimant or dependent.

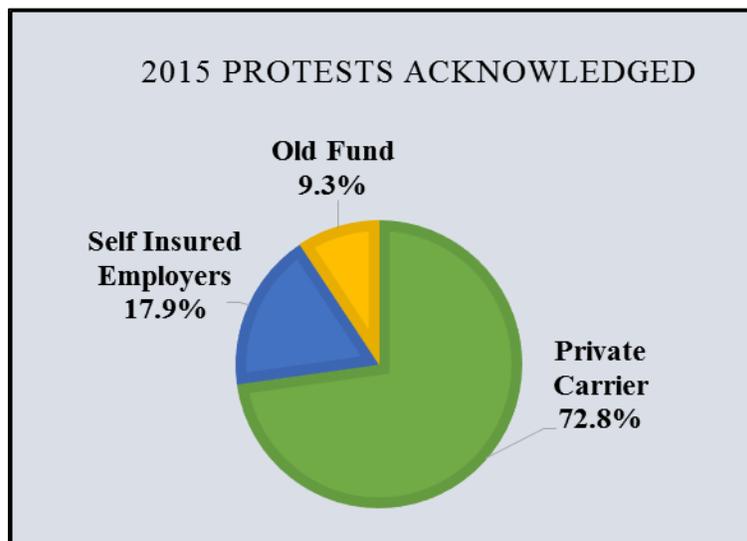

Unconscionable Settlement Review: In accordance with the provisions of W.Va. Code §23-5-7, the Insurance Commissioner may review any workers' compensation settlement entered into between an unrepresented claimant and their responsible insurance carrier and may declare any such settlement void if the Insurance Commissioner determines the settlement to be unconscionable pursuant to criteria set forth in 85 CSR 12. The Office of Judges has been designated as the entity to review requests for settlement review by the OIC.

Workers' Compensation Default List: An employer in default of payment of workers' compensation premiums may be liable to the Offices of the Insurance Commissioner ("OIC") for all medical and indemnity payments, administrative expenses, attorney fees and interest. The employer will remain on the default list until all payments are current and can be fined up to \$10,000.00. The Office of Judges has been designated as the entity to review final decisions by the OIC regarding placement of an employer on the Workers' Compensation Default List. Review by the Office of Judges must be conducted in accordance with the West Virginia Administrative Procedures Act.

WV Health Care Authority: Pursuant to Executive Order No. 3-99, the Office of Judges is designated as the entity to review final decisions of the West Virginia Health Care Authority with regard to their final written decisions on matters relative to certificates of need for new institutional health services and to rate setting of hospitals pursuant to W.Va. Code § 16-2D-1, et. Seq. and § 16-29B-1, et. seq. The review is conducted in accordance with the West Virginia Administrative Procedures Act.

Protests Acknowledged

In calendar year 2015, the Office of Judges acknowledged 3,709 protests. The breakdown of protests is as follows: 2,700 protests from the private carrier market, 664 protests from the self-insured market and 345 protests arising from the Old Fund.

Time Standard Compliance

Pursuant to regulation, the Office of Judges is required to process protests in a timely manner in order that the parties to litigation may receive decisions without unreasonable delay. Additionally, on an annual basis, the Office of Judges is required to report on "the degree of compliance" with the time limitations set forth in the Rule. The following statistical analysis reflects the performance of the Office of Judges for calendar year 2015.

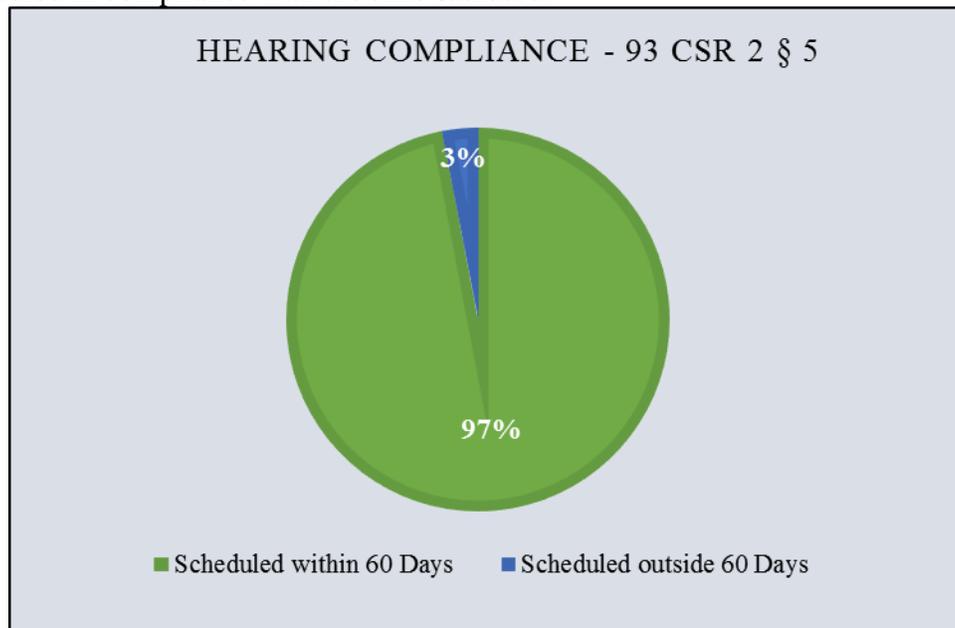

A. 93 CSR 2 § 4 Motions

The Rule requires the Office of Judges to act upon a motion “within 45 days of the date of submission” of the motion or on the date of the final decision, whichever is earlier. Of the 8,057 written motions ruled upon in the 2015 calendar year, 98.2% were issued in compliance with the time standard.

B. 93 CSR 2 § 5 Hearings

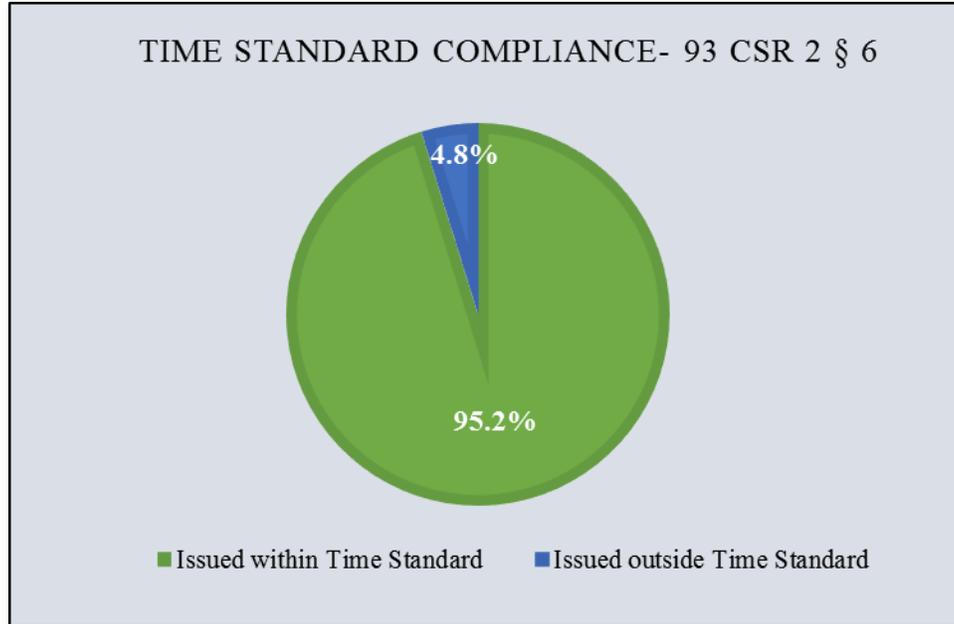

The Rule requires the Office of Judges to schedule a hearing “within 60 days from the receipt of the request for hearing.” Of the 474* hearings scheduled from motions in calendar year 2015, 97% were scheduled in compliance with the time standard.

*The Office of Judges scheduled a total of 766 hearings in calendar year 2015 including 233 OP Board and 4 final PTD which are automatically set at expiration of the parties’ time frames. Additionally, 55 hearings were scheduled at the request of an Administrative Law Judges.

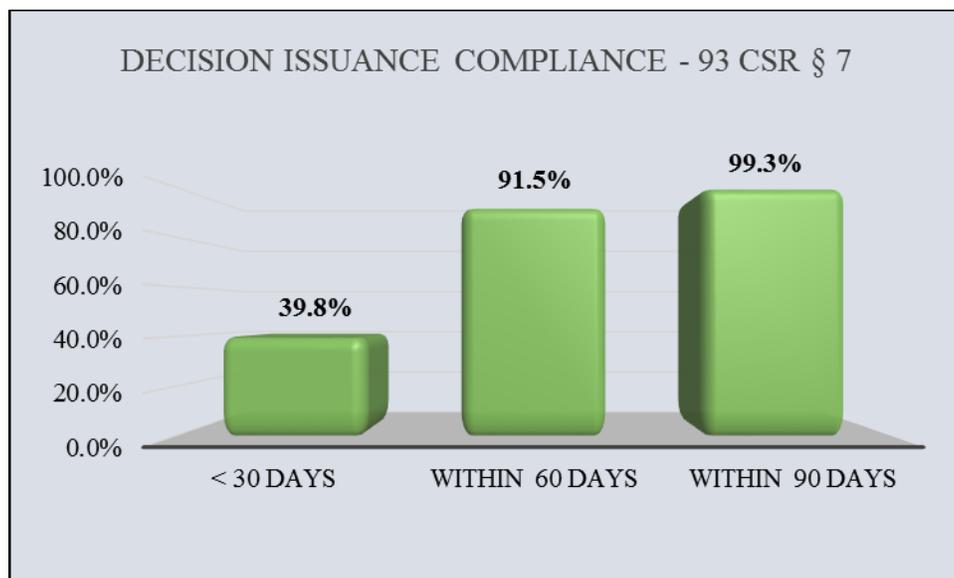

C. 93 CSR 2 § 6 Time Standards

The Rule requires the Office of Judges to issue a final decision within various time limits depending upon the issue involved (measuring time from the date of receipt of the protest to issuance of the decision). Pursuant to 93 CSR 2 §3.1, the percentage of final decisions that must be at or under the applicable time standards as provided in 93 SCR 2 § 6 is 80%. The Office of Judges issued **95.2%** of its decisions within the time standard.

D. 93 CSR 2 § 7 Issuance of Decisions

The Rule requires the Office of Judges to issue 60% of its decisions within 30 days of the Order to Submit; 80% of its decisions within 60 days of the Order to Submit; and 100% of its decisions within 90 days of the Order to Submit. Of the 2,387 decisions issued in calendar year 2015, 39.8% were issued in less than 30 days, 91.5% were issued within 60 days and 99.3% were issued within 90 days of the Order to Submit.

Rates and Forms Division

The Rates and Forms Division analyzes all rate, rule, form and advertising filings proposed by licensed insurance companies for use in the West Virginia insurance markets. Property and Casualty analysts review automobile, homeowners, motorcycle, mobile homes, umbrella, business owners, inland marine, medical malpractice, credit and workers' compensation products, while Life and Health Analysts review group and individual accident and sickness, life, disability, Medicare supplements, long term care and annuities. Filings are submitted through the System for Electronic Rate and Form Filings (SERFF) and divided among the analysts.

Filings for noncommercial lines must be filed with the department no less than 60 days in advance of the desired effective date per WV Code §33-6-8(b)(1) and §33-16B-1, and unless more information is requested from the insurance company, will be deemed approved at the end of the 60 day timeframe. Commercial lines and casualty risks, as well as any mass-marketed life and health product offered to members of an association must be filed with the Division as noted in WV Code §33-6-8(b)(2), however there is no OIC prior approval needed before a carrier can begin implementing the filing. The Commissioner may take action on such forms within 30 days. WV Code 33-6-9(e) requires the Insurance Commissioner to disapprove a form "if the coverages provided therein are not sufficiently broad to be in the public interest."

The OIC has established certification "checklists" or set of standards against which the filings are evaluated, and the analysts reach out to other Divisions within the OIC, e.g. Market Conduct, Consumer Services, and Financial Conditions, as necessary.

Although the majority of filings are approved, analysts regularly require more information, data and time to complete a filing review. Several parties are involved in the rate review process. Contact is frequently made with the carriers requesting additional support and clarification that was not submitted with the initial filing. The review also relies on evaluations by our consulting actuaries and opinions from OIC Legal Department before a final determination is made.

There are 269 carriers eligible to write workers' compensation insurance in WV. Of the 269 carriers, 216 are writing at least one policy in WV. That represents 80% of eligible carriers who are actively writing policies in West Virginia.

There have been 12 consecutive workers' compensation loss cost decreases filed since the privatization in 2006. These decreases represent an overall premium savings of 69.1%. There are 6.9% (2,239 policies) of West Virginia employers in the assigned risk market.

State Agency Workers' Compensation (SAWC) Program

As the state agency workers' compensation program (SAWC) enters the sixth policy year, the program continues to realize a positive trend with decreased frequency and severity of claims and losses. The program currently includes 108 agencies, boards and commissions with nearly 900 locations across our state. It is estimated that approximately 25,000 public employees are covered under this consolidated policy. As the plan administrator, the West Virginia Offices of the Insurance Commissioner (WVOIC) continually monitors and evaluates loss trends and exposures to determine if they are being properly addressed as well as make safety recommendations to mitigate workplace injuries. This report outlines specific portions of the program's administration including safety visits and recommendations, policy experience rating factors, claims trending and summaries, and future focus areas for specific agencies.

Safety Visit Summary

Safety visits and evaluations continue to play an important part in all aspects of the SAWC Program. During the first SAWC policy year (October 2011), all plan members were visited by a safety professional. After the initial visitations to all agencies and follow-up reports were evaluated, it was determined that future safety resources should be focused on agencies with a higher frequency and severity of losses. The table below outlines the number of visits performed by policy year by Zurich's safety team as well as the OIC Program Manager.

Policy Year	Number of Visits
2011	109
2012	102
2013	81
2014	90
2015	93
Total	475

Safety and Return to Work Initiatives

Many of the SAWC Program members have welcomed the safety initiatives and have worked diligently in implementing suggestions for improvement from the safety professionals. These initiatives include:

- Establishing safety committees
- Using slip resistant shoes to reduce slips, trips and falls
- Implementing an exercise program (stretch and flex) prior to beginning strenuous job duties
- Establishing transitional work assignments that provide employees the opportunity to return to work on a limited basis (Return to Work Program)
- Ergonomic assessments of employees performing repetitive functions
- Providing safety information related to using chain saws, log splitters, lawn mowers, and weed eaters
- Incident and accident investigation training
- Defensive drivers training
- Developing Emergency Action Plans
- Training on safe lifting techniques
- Fire prevention and fire safety training
- Using floor scrubbers with degreasers to reduce slips, trips and falls
- Repairing flooring to decrease the number of slips, trips and falls
- Workplace violence training
- Enhanced patient observation by using cameras to reduce workplace violence
- Industrial hygiene studies were completed to address noise and air quality
- Industrial hygiene survey was completed related to airborne contaminants
- Assessing exposures related to carbon monoxide and placing detectors in proper locations
- Safe driving video was produced and distributed to all SAWC members
- Training for using first-aid for minor injuries
- BRIM, Fleet Management and OIC site visits to agencies to discuss strategies for reducing Motor Vehicle Accidents (MVA)

Many state agencies have already implemented safety programs or are in the process of implementing safety committees, policies and procedures. Some notable safety initiatives that have been developed and implemented include:

- **Department of Health and Human Resources** – Safety Committee Development, Workplace Violence Prevention Training, Return to Work Program, and installation of video cameras in some locations.
- **Department of Veterans Assistance** – Workplace Violence Prevention Training and Return to Work Program
- **Department of Military Affairs** – Conjoined efforts between the Division of Corrections, the Division of Juvenile Services, and the Regional Jail and Correctional Facility Authority have established a Shared Services Multi-Agency Safety Committee, Workplace Violence Prevention Training, and Return to Work Programs have been implemented throughout each division.
- **Division of Highways** – Slip, Trip and Fall Training, Confined Space Training, Silica Training, and additional OSHA training.

The WVOIC has worked extensively with Zurich and SAWC Program members to develop Return to Work Programs. The Return to Work Programs have been finalized and implemented by several SAWC Program members. SAWC Program members have implemented functional return to work programs and continue to look for ways to improve the process for returning injured workers to the workplace. This is a critical area of success for the program and all agencies are encouraged to focus on implementing and maintaining an effective return to work program. The SAWC Program Manager is continuously monitoring the success of the program and is providing support to agencies that face challenges related to return to work program implementation.

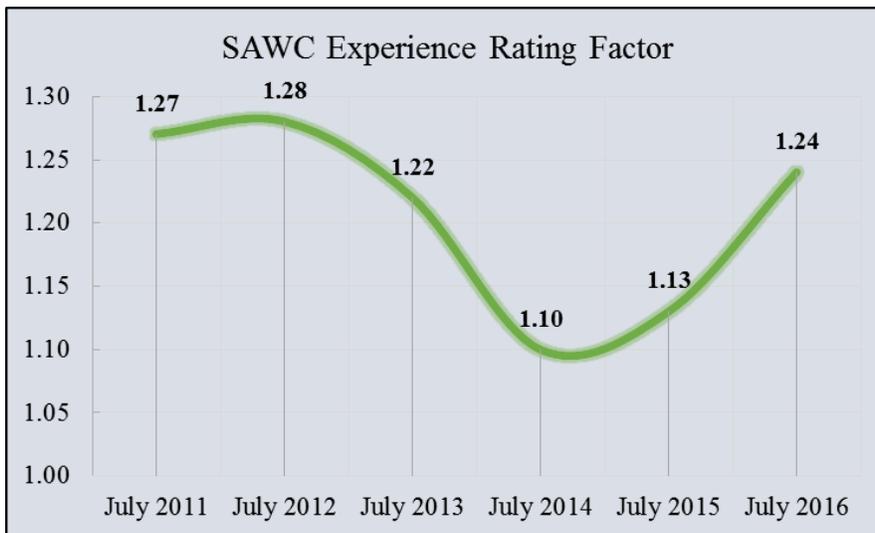

SAWC Experience Rating Factor (Emod)

An experience rating factor (emod) is an industry standard calculation that compares a policy’s expected losses to actual losses for a three (3) year period. An emod can increase or decrease premium based on a policy’s loss experience. If an insured has actual losses that are greater than the expected losses, a debit emod is applied to the policy. If an insured has less actual losses than expected losses, a credit emod is applied. The chart below illustrates how an experience rating factor impacts final premium.

Premium Component	Agency A	Agency B
Payroll	\$1,000,000	\$1,000,000
Rate	\$3.50	\$3.50
Manual Premium	\$35,000	\$35,000
Experience Rating Factor	1.10	0.90
Modified Premium	\$38,500	\$31,500
Schedule Rating Credit	25%	25%
Standard Premium	\$28,875	\$23,625

Through the hard work of the state agencies and the WVOIC employees, the SAWC Program emod has decreased from 1.27 on the July 2011 policy to 1.24 for the July 2016 policy. The emod increase from the July 2014 policy includes the claim and loss effects from the 2012 derecho and 2012 Superstorm Sandy as well as several fatal claims and severe motor vehicle accidents.

The chart below shows the experience rating factor progression throughout the SAWC Program by policy year:

The aggregate policy emod is shown above, and then individual agency emods are calculated to allocate the premium by the risk and loss experience that each agency provides to the program. For the July 2016 policy, the individual agency emods summary is as follows:

Emod Range	Agency Count
Less than 1.00	21
Equal to 1.00	62
Greater than 1.00	24

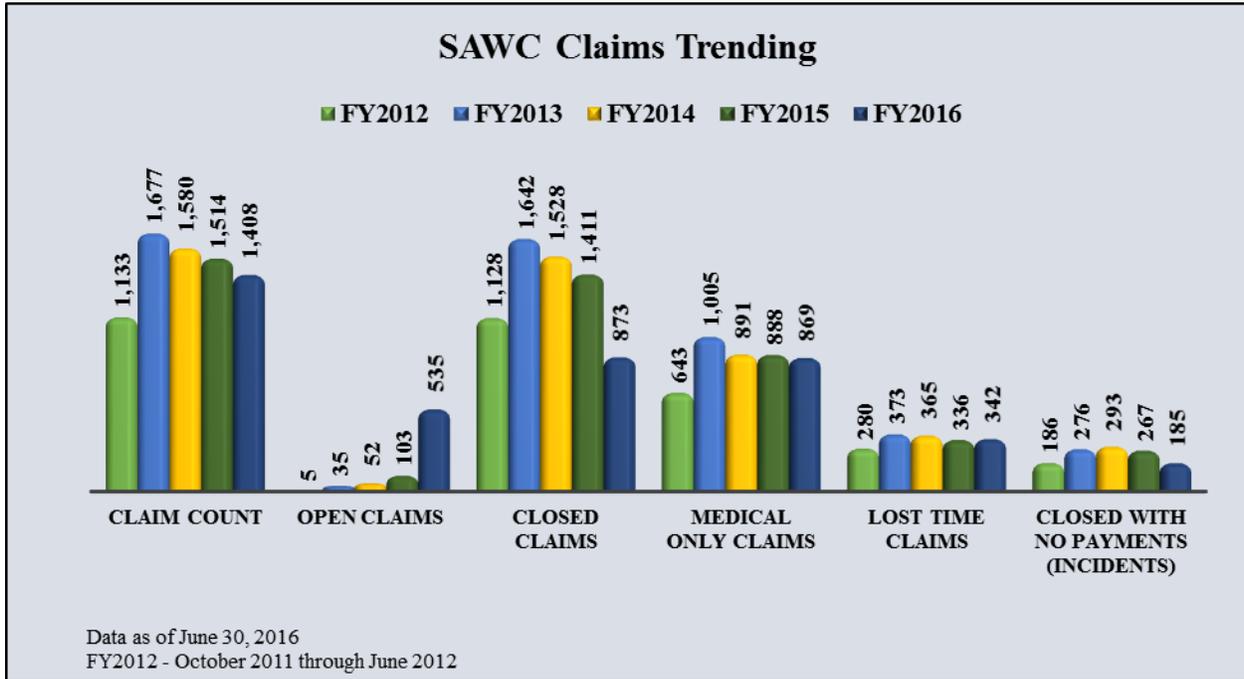

The agencies with the lowest emods are Department of Environmental Protection (0.58) and Alcohol Beverage and Control Administration (0.60). The agencies with the highest emods are William R. Sharpe Jr. Hospital (2.10) and Jackie Withrow Hospital (2.71). There were five (5) agencies that experienced a 25% decrease for the FY2017 emod from the FY2016 emod. Those agencies were:

- Lakin State Hospital – from 1.54 to 1.16
- WV Lottery – from 1.18 to 0.89
- Governor of West Virginia – from 1.00 to 0.75
- Geological Economic Survey – from 0.89 to 0.67
- Alcohol Beverage Control Administration – from 0.80 to 0.60

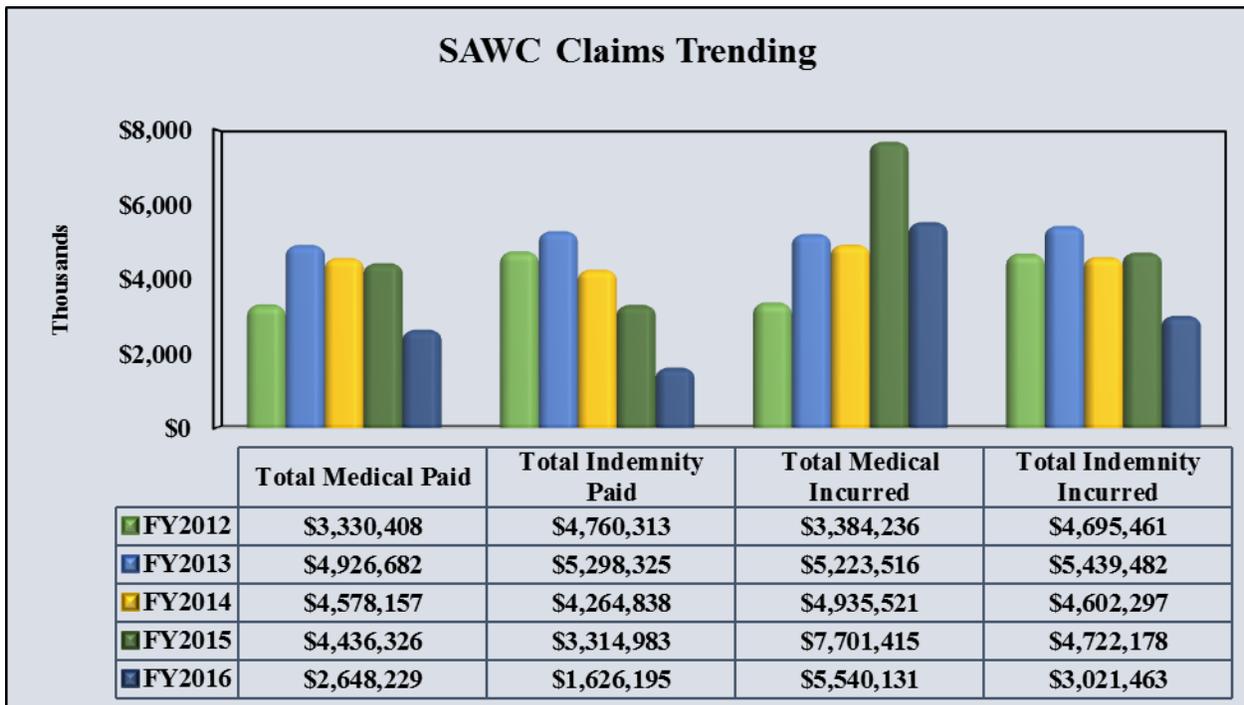

It should also be noted that the Department of Veterans Affairs decreased their agency emod from 2.54 to 2.07 (-18.5%) using effective Return to Work strategies and processes.

SAWC Claims Summary

As of June 30, 2016 there have been 7,312 SAWC claims submitted to Zurich since October 2011. The charts below represent claims trending analysis by fiscal year:

Of the 7,312 claims reported to Zurich, 1,207 have resulted in being closed with no payments (incidents) for a 16.5% incident rate. Incidents average 15 days from date of injury until they are reported to Zurich and then remain open for an average of 66 days before closure.

As indicated by the trending charts, the SAWC Program is realizing a decrease in the frequency of claims as well as severity of claims costs. The average incurred cost per claim decreased 14% from FY2012 (\$7,712) through FY2016 (\$6,599) at current values.

There are currently ten (10) claims in excess of the \$250,000 deductible per claim limit.

Further claims analysis of the SAWC Program shows there are 113 employees with four (4) or more claims each since October 2011. The total incurred claims cost for these multiple claimants is \$2,963,717. A claimant review is below:

- Three employees have 10 claims each for a total incurred cost of \$66,290
- One employee has 9 claims for a total incurred cost of \$56,494
- Two employees have 8 claims for a total incurred cost of \$182,677
- Five employees have 7 claims each for a total incurred cost of \$284,884
- Twelve employees have 6 claims each for a total incurred cost of \$322,462
- Twenty-nine employees have 5 claims each for a total incurred cost of \$988,517
- Sixty-one employees have 4 claims each for a total incurred cost of \$1,062,393

Of these 113 employees, 58 work for Department of Transportation, 29 work for Department of Health and Human Resources, 17 work for Military Affairs and Public Safety, 6 work for Department of Veterans Assistance and 3 work for other agencies.

Conclusion

The SAWC Program has a complex workforce doing tasks that at times place employees in potential danger. Our employees are our greatest asset and their safety is very important. Safety policies and procedures have been developed for employees to follow to minimize these risks. Efforts have been made in all agencies to ensure that policies and procedures are in place and are being followed by all employees to prevent workplace injuries. This task has been hindered due to employee turnover in state agencies. Due to this turnover, the implementation of safety programs, initiatives and return to work programs have been adversely impacted.

At the time of this report, the June 23, 2016 West Virginia flood impact on workers' compensation is unknown. As a State of Emergency continues to be in effect, we did have claims reported from the Civil Contingent Fund members that was flood clean-up related but potential claim losses for other responding agencies is not known and may takes months to report and develop.

Major training campaigns will continue in 2016 for motor vehicle accident (MVA) prevention strategies, defensive driving training, Return to Work Implementation, workplace violence, sprain and strain reduction as well as fall prevention.

The OIC has partnered with BRIM and Fleet Management in a shared services approach to provide motor vehicle accident prevention techniques and strategies to agencies that are intended to reduce the frequency and severity of motor vehicle accidents. During the FY2016 policy, MVAs accounted for 67 of the total 1,408 claims or ~5% of the claims frequency. Those 67 claims accounted for \$2,565,133 of the total incurred or ~28% of the claims severity.

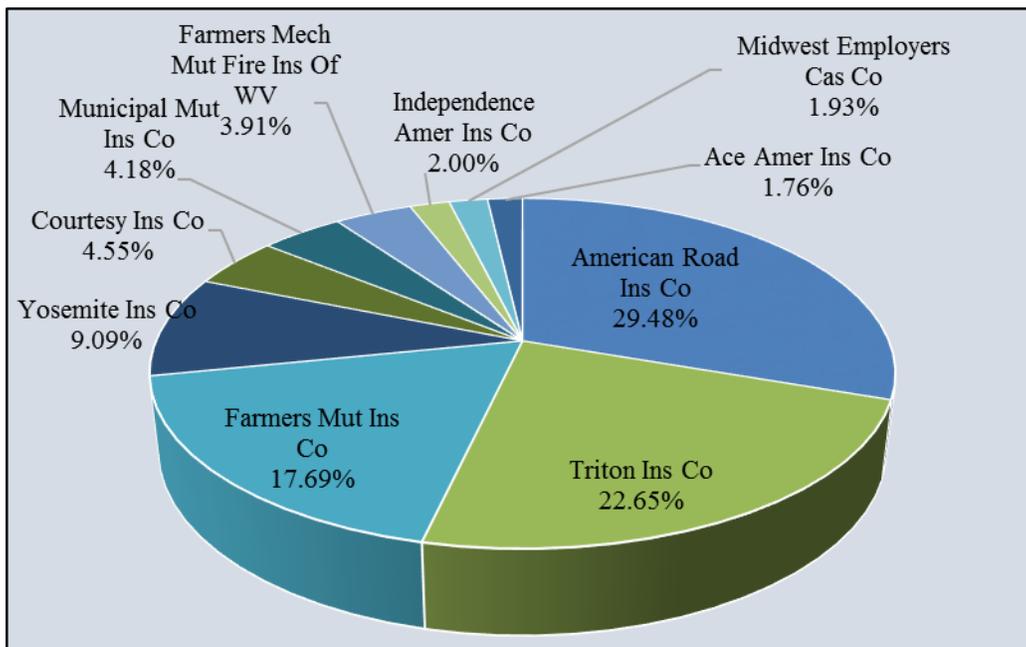

In September 2016, the WVOIC hosted a Safety Conference for over 110 SAWC attendees. The conference addressed claims reporting, claims management, policy administration and safety programs in the workplace.
