

West Virginia Offices of the Insurance Commissioner

2009 Annual Report

STATE OF WEST VIRGINIA
Offices of the Insurance Commissioner

JOE MANCHIN III
Governor

JANE L. CLINE
Insurance Commissioner

November 1, 2010

The Honorable Joe Manchin
Governor of the State of West Virginia
State Capitol
Charleston, WV 25305

Dear Governor Manchin:

The Annual Report of the Insurance Commissioner of the State of West Virginia for the calendar year 2009 is hereby submitted in accordance with Chapter 33, Article 2, Section 15, of the Code of West Virginia. An Executive Summary immediately follows this memorandum.

The information contained in this report reflects the economic importance and current financial condition of the insurance industry in our State. The included insurance entity statistics are compiled from the December 31, 2009 annual statements filed with this agency by the insurance companies licensed in this State.

Respectfully submitted,

Jane L. Cline
Insurance Commissioner

Executive Summary

This report to the Governor of West Virginia provides detail about the structure and activities of the *West Virginia Offices of the Insurance Commissioner* for the preceding year. The report is divided into three major sections. Each section is detailed below.

Section 1 of this report highlights the organization of our office and provides detail for its \$187.2M in total revenue collected from the previous year. It includes an interdepartmental organizational chart, historical list of insurance commissioners, and then proceeds to identify the individual revenue streams managed by this agency.

Section 2 of this report further identifies the functional divisions of this office, and enumerates each division's individual activities during the past year. A summarization of those activities follows:

- **AccessWV**-(*West Virginia Health Insurance Plan.*), known as the state high-risk health insurance pool, increased their policyholders from 576 to 734 during 2009 and provided insurance to 846 members; ending the year with an operational gain of \$335,000.
- The **Agents Licensing and Education Division** presides over processing and maintaining records on individual producers licensed to transact insurance business in WV, and issued over 11,014 new licenses in 2009, while handling over 136,000 company appointments and appointment cancellations.
- The **Workers' Compensation Board of Review** handles appeals of Workers' Compensation claims and during 2009 they maintained their goal of operating without a backlog. They received 157 new appeals per month with average dispositions of 174.
- The **Claims Services Division**, which oversees management of the workers' compensation "Old Fund", successfully transitioned 47,000 active workers' compensation claims from *BrickStreet Mutual Insurance* to three independent Third Party Administrators: Sedgwick Claims Management Services, Wells Fargo Disability Management, and American Mining Claims Services. Since that time, through proper claims handling utilizing accepted industry standards and a focused settlement initiative, approximately 48% of the active caseload has been closed.
- The **Office of Consumer Advocacy** assisted consumers in 47 complaints during 2009 and also participated in the review of 35 Certificate of Need applications and 34 Hospital Rate Review Applications.
- The **Consumer Service Division** assists our insurance consumers with questions and complaints. The division received a total of 2,322 written complaints from insurance consumers in 2009. Over the course of the year, the Division responded to an average of 135 consumer inquiries per day.
- The **Employer Coverage Unit** reviews and grants requests for exemptions from statutory Workers' Compensation Coverage as well as serving as the contact point for employee claimants of uninsured employers. The Unit reviewed 2,938 applications for exemption during 2009, and approved 2,269 of the same.
- The **Financial Accounting Unit** is responsible for the preparation of audited financial statements, monthly financial reports, and the budget. In 2009, the unit received a fourth consecutive "clean" opinion on the Audited Financial Statements.
- The **Financial Conditions Division** monitors insurance company financial stability and collects premium taxes and surcharges. They oversaw a total of 2,256 separate insurance entities transacting business in West Virginia during 2009 (*up from 2,115 in 2008*).

- The **Receivership Division** (Office of the Receiver) is responsible for the administration of insurance companies which are in a liquidation status in West Virginia. As of 2009, there were no companies in a liquidation status in West Virginia.
- The **Self-Insurance Unit** (Workers' Compensation) is responsible for regulating the 96 employers that currently self insure their workers' compensation coverage in West Virginia and the approximately 100 employers who no longer self insure but continue to administer claims incurred during their period of self insurance. No new companies were approved for self insured status in calendar year 2009.
- The **Office of the Inspector General-Fraud Unit** is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud. They received a total of 872 referrals in 2009 leading to 65 arrests and resulting in 57 convictions.
- The **Legal Division** provides legal counsel to the Insurance Commissioner and staff, drafts and promulgates statutes, investigates code/rule violations, responds to litigation, hearings and coordinates receivership activities. During 2009, the Division was involved with 36 new statutes or regulations directly impacting insurance, 6 matters of litigation, 61 Administrative or Circuit Court Hearings, and 812 investigations by the regulatory compliance unit.
- The **Market Conduct Unit** undertakes examinations of insurance companies doing business in West Virginia in order to determine statutory compliance. Eighty-two (82) companies were subject to analysis in 2009 concerning compliance with market conduct criteria and procedures. Four Agreed Orders were entered by the Insurance Commissioner in 2009 with penalties totaling \$41,500.00 were assessed as a result of violations discovered during these examinations. Additionally, West Virginia policyholders received \$15,894,848.48 in restitution as a result of market conduct examinations.
- The **Revenue Recovery Unit** (Workers' Compensation) is responsible for the collection of all monies due to the Uninsured Employers' Fund and to the Old Fund, as well as the collection of fines imposed upon employers where workers' compensation coverage has been cancelled. During 2009, the unit collected over \$2M from businesses in default and placed 1,666 liens on businesses who had failed to work to cure default obligations.
- The **Medical Rates and Plans Unit** calculates workers' compensation maximum medical reimbursement rates and evaluates workers' compensation managed health care plans. In 2009 the division continued to maintain the fee schedules (*comprised of thousands of codes and fees*), as well as evaluating 50 requests for modifications to workers' compensation managed health care plans.
- The **Office of Judges** provides the first level of judicial review in workers' compensation litigation by processing appeals from initial workers' compensation claim management decisions. During 2010, this unit made improvements in time standard compliance measures required by 93 CSR 2, and notably acknowledged 5,026 protests and rendered 3,385 decisions.
- The **Rates and Forms Division** reviews and approves or disapproves proposed insurance rates and forms for all regulated lines of insurance in West Virginia. During 2009, the division received a total of 8,540 filings, 8,357 of which (99%) were received electronically.

Section 3 of this report provides enhanced detail from each regulated line of insurance. This section separates the state's insurance market into Property and Casualty insurance companies and Life and Health insurance companies and proceeds to specify the amount of earned premiums, the percent of the market that each company serves, and further identifies their admitted assets, liabilities, stock holdings, and capital and surplus calculations.

**DIVISIONAL
REPORTS**

AccessWV

West Virginia Health Insurance Plan

Introduction

AccessWV, the state's high risk insurance pool, guarantees that all West Virginians who qualify can purchase health insurance through the Plan, regardless of their current and past health circumstances. Coverage through *AccessWV* is also available to persons with portability rights through the federal Health Insurance Portability and Accountability Act (HIPAA) and to persons eligible for the Health Coverage Tax Credit (HCTC). The program is authorized by the "Model Health Plan for Uninsurable Individuals Act", which is Article 48 of Chapter 33 of the State Code. The program operates through the Offices of the Insurance Commissioner.

AccessWV is governed by a seven-member Board of Directors. Six members are appointed by the Governor. The Insurance Commissioner is an *ex officio* member and the Chair. An Executive Director oversees the day-to-day operations of the Plan, provides policy direction and ongoing program development, and works closely with the Plan Administrator, the Public Employees Insurance Agency (PEIA), and its subcontractors. PEIA coordinates the various administrative services needed by the Plan, including eligibility determination, premium billing, customer service and medical and pharmaceutical claims processing.

AccessWV was launched in July 2005 and had completed its fourth full-year of operation by December 2009.

Program Fundamentals

Eligibility for Coverage

To qualify for *AccessWV* coverage, an applicant must document eligibility under one or more of the following criteria:

- Applicant has portability rights through the federal Health Insurance Portability and Accountability Act (HIPAA); or
- Applicant is eligible for the Health Coverage Tax Credit (HCTC) Program; or
- Applicant was rejected for health insurance during the last six months by a carrier selling health insurance in West Virginia; or
- Applicant was offered coverage during the last six months by a carrier doing business in West Virginia but the quoted rate was higher than *AccessWV* for substantially similar coverage or there was a restrictive waiver that excluded coverage for a medical condition; or
- Applicant has one or more of the presumptive health conditions identified by the Board of Directors as qualifying a person for coverage in the high risk plan, regardless of whether an application was made to another carrier. Forty-seven conditions qualify as presumptive health conditions.

An applicant must be a resident of West Virginia for at least 30 days except in the case of the HIPAA and HCTC eligibles, for whom there are no minimum residency requirements. Dependents of persons eligible for *AccessWV* coverage are also eligible.

The following persons are not eligible for coverage through *AccessWV*:

- Those eligible to receive employment-related group insurance coverage through their own employment, or that of a spouse or a parent;
- Those eligible for medical coverage under a federal or state program including Medicare, Medicaid and the West Virginia Children's Health Insurance Program; and
- Residents of a public institution (i.e., federal or state correctional facility or a Veteran's home) unless there is HIPAA eligibility.

Coverage Plans

Access WV offers four plans — A, B, C, and D. All plans cover the same broad array of services but differ in their premiums, deductibles and out-of-pocket maximums. Annual medical deductibles range from \$400 to \$4,000 for individual coverage and \$800 to \$8,000 for family coverage for in-network services. The medical deductibles are double for out-of-network services. A separate deductible, ranging from \$200 to \$2,000 for individual coverage and \$400 to \$4000 for family coverage, applies to prescription drugs. The annual medical benefit maximum is \$200,000 for all plans and the annual pharmacy benefit maximum is \$25,000. A combined lifetime maximum of \$1,000,000 for medical and pharmaceutical benefits applies to all plans.

Covered services include hospital, physician services, outpatient services, home care, prescription drugs, maternity, rehabilitation, outpatient therapies and other medical services. The benefit package incorporates cost containment measures including precertification of specified inpatient admissions and outpatient services, prior authorization of out-of-state services, medical case management, disease management, and pharmacy benefit management, including prior authorization, quantity limits and step therapy.

Premiums

The enabling legislation provides that *AccessWV* premiums be set at 125-150 percent of the standard risk rate as determined by considering the premium rates charged by other insurers offering coverage in the individual market in West Virginia. Premium levels are set by the Board of Directors and vary based on geographic region, age band, gender and tier (single or family). 2009 rates were found to be 127% of the standard market rates.

Premiums adjustments were discussed by the board as sufficient actuarial experience began to accumulate. New premiums for geographic area, region and tier were made effective January 1, 2010.

Enrollment Procedures

Interested persons may call toll free 1-866-445-8491 to request application materials. Materials may also be downloaded from the website www.accesswv.org. Requests for information are fulfilled by the *AccessWV* Program Office. The completed application and first month's premium are returned to the Third Party Administrator. The TPA determines eligibility and answers eligibility and benefit questions. Since November 1, 2007, the Plan Administrator has subcontracted these functions to Wells Fargo Third Party Administrators (TPA).

Highlights of 2009

2009 Enrollment

Enrollment Growth. *AccessWV* continued to grow steadily throughout 2009. The plan began January 2009 with 576 policyholders and ended the year with 734, an increase of 27 percent. Total membership, including dependents of policyholders, went from 661 to 846. See below for monthly breakdown.

Monthly Enrollment during 2009

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
# Policies	576	579	581	605	616	643	645	699	713	703	731	734
# Members	661	669	664	697	706	739	749	803	826	818	842	846

Total Served During Year. While enrollment grew to 734 policyholders and 846 members at the end of 2009, the end-of-year membership understates the impact of the program, which experiences a constant flux as some members leave and others take their places. During 2009, *AccessWV* enrolled 410 new policyholders and provided insurance to a total of 871 different policyholders.

Legislation. In 2009, legislation was enacted that permitted a subsidy program, and also would allow other classes of individuals to enter the Plan without a waiting period for the pre-existing conditions.

Lapsed Coverages. During 2009, 137 policyholders ended their coverage in *AccessWV*. Cancellations were either at the member's request or for nonpayment of premiums. Some members who request cancellation provide a reason for this, while others do not. Reasons for ending coverage include eligibility for Medicare, Medicaid or employer-sponsored coverage.

Plans. *Access WV* offers four products -- Plan A, Plan B, Plan C, and Plan D. As of December, 43 percent of the policyholders were enrolled in Plan C, the option with the second highest deductibles and the second lowest premiums.

County. As of December 2009, membership was held by residents of all West Virginia's 55 counties. Kanawha County with 216 members led in enrollment. Berkeley and Cabell Counties each had 100 or more members. Wirt and Roane counties had the fewest *AccessWV* members.

Gender. Females accounted for 58 percent of the total membership and males, 42 percent.

Age. More than half of the policyholders (81 percent) were ages 50 and over.

Tier. The majority of policies (94 percent) were for individuals with 6 percent of policies for families.

Eligibility Category. Forty percent of the policyholders as of December joined as "federally defined eligible individuals" through HIPAA. Fifty-nine percent were not able to purchase coverage in the regular market or affirmed they had a qualifying health condition. Two policyholders were HCTC eligible.

Major Activities in 2009

The Plan's focus in 2009 was on expanding access to the high risk pool with broadened legislative authority. Plan activities included:

- Legislation passed permitting the development of a premium subsidy program for low-income individuals
- Legislation passed expanding the classes of individuals eligible to enter without a pre-existing condition exclusion period
- Premiums and product design for Plan Year 2010 (beginning 7-1-2009)
- Annual residency survey
- Open enrollment period for members
- Updating the Plan's Operational Protocols
- Outreach activities to promote **AccessWV** to the target population
- Financial audit of State Fiscal Year 2009 statements
- The introduction of a new Director, Nancy Maleček

Program Outreach and Related Activities

During 2009, **AccessWV** continued to rely on its strategy of working through stakeholders to reach the target population. Stakeholders include insurance agents, carriers, providers, disease organizations and other service entities that have contact with potential members. Public appearances by the Executive Director, the Insurance Commissioner and staff from the Offices of the Insurance Commissioner also contributed to the outreach effort.

AccessWV was represented and provided information at the Mountain State Arts & Crafts Festival, Friends of Coal Auto Fair, WV State Fair, Forest Festival, Pumpkin Festival, National Associations of Health Underwriters, and Growing Healthy Children Conference. The Consumer Services Division of the Offices of the Insurance Commissioner offered information on **AccessWV** at numerous fairs throughout the state. **AccessWV** continued to provide promotional materials to numerous stakeholders for distribution and/or display at their locations.

While many agents inform their clients about **Access WV** on a goodwill basis, in 2009, 24 agents received a \$50 rebate check through the one-time referral fee incentive made possible by the Board's decision to enact the Referral Fee Program in 2008. The Program serves as an incentive and opportunity for agent involvement in **AccessWV**.

Access WV maintains a toll-free number (1-866-445-8491) as well as a local number (304-558-8264) to receive calls from prospective applicants. During 2009 **AccessWV** fulfilled 492 requests for application packets. Approximately 125 additional callers declined information, most of them because they considered the premiums unaffordable. In such situations, **AccessWV** staff attempts to refer the caller to "safety net" providers or other organizations that might be of assistance.

Mountain State Blue Cross Blue Shield continued to be the most prominent source of referrals to the phone line accounting for 40 percent of all callers who are sent application packets. The internet served as the second most important source of referrals, accounting for 13 percent of callers. Six percent of those receiving kits reported they learned about **AccessWV** through the agents. The remaining 41 percent learned of the program through targeted mailings, flyers in stakeholder offices, various state governmental agencies including Workforce West Virginia, and miscellaneous sources. The majority of applicants download the materials directly from the program website, www.accesswv.org.

Audited Financial Results: Fiscal Year 2009

Access WV was included as an enterprise fund in the financial audit of the Offices of the Insurance Commissioner for State Fiscal Year 2009 ending June 30, 2009. No issues were identified for *AccessWV*. Total net assets were reported as \$11.16 million. Net premium revenues of \$3.89 million for the fiscal year exceeded operating expenses of \$3.53 million. The audit was done by Suttle and Stalnaker, PLLC of Charleston.

Financial Results: Calendar Year 2009

Unaudited financial results for Calendar Year 2009 are reported here. An audit of *AccessWV* Financial Statements for State Fiscal Year 2010 for the period ending June 30, 2010, will be undertaken during 2010.

AccessWV ended 2009 with a cash balance of \$12.90 million and a calendar year surplus of \$1.52 million. The year ended with an operational gain (premiums minus expenses) of \$335,000.

Calendar Year 2009 revenues were reported as \$5.47 million on a cash basis. These revenues came from hospital assessments, premiums and interest. The "Uninsurable Individuals Act" provides for hospital assessments as the interim source of financing for the high risk pool, at a maximum of an additional one quarter of one percent of the assessment by the state Health Care Authority. The additional assessment was levied at a rate half the permitted maximum in 2009 and provided \$1,034,772 to support the pool. Premiums contributed \$4,287,737 to revenue, and interest earnings came to \$39,260. No federal funding was received in 2009.

Calendar Year expenditures on a cash basis were \$3.95 million, with \$3.6 of that amount going to pay claims, including both medical and pharmacy. Administrative expense was \$340,686, for an administrative expense ratio of 7.9%. This measure has decreased as Plan enrollment increased.

Agents Licensing and Education Division

Agents Licensing & Education is responsible for processing and maintaining records on individual producers licensed to transact business in West Virginia. Licensees include residents who must complete educational and testing requirements to obtain a license. Residents of other states who have completed similar requirements in their states of domicile may apply for a West Virginia non-resident license by submitting the appropriate application and documentation for review. In addition to licensing of individual producers, the division oversees the licensing of Adjusters, Surplus Lines Licensees, Business Entities (Agencies), Viatical Settlement Brokers and Viatical Settlement Business Entities.

Producers must be appointed to represent each insurance company the producers are transacting business for in West Virginia. Insurance companies are responsible for submitting appointment information and fees to Agents Licensing & Education for processing.

Monies generated through licensing and appointment fees, letters of certification and letters of clearance are deposited into the Offices of the Insurance Commissioner's Special Revenue account.

Resident producers must periodically complete continuing education to maintain their licenses. The continuing education program is governed by a six-member board appointed by the Insurance Commissioner. The representatives (all of whom are WV resident insurance producers) of this Board represent various areas of the insurance industry as prescribed by law.

Administrative functions for the continuing education program are handled by Prometric. Prometric reviews provider and course applications under guidelines established by the Board of Insurance Agent Education. Additionally, Prometric banks the continuing education credits to the producers' records and, at compliance time, provides the Insurance Commissioner with data on compliant and noncompliant producers. This past reporting period began on 7/1/2010 and will end on 6/30/2012.

The following are current statistics on the various aspects of Agents Licensing and Education Division.

Licensing Activity

<u>NEW LICENSES ISSUED</u>	<u>2008</u>	<u>2009</u>
Resident Agent	1,305	1153
Non-Resident Agent	12,689	11,580

Workers' Compensation Board of Review

At the time the Board of Review was created on February 1, 2004, appeals from the Workers' Compensation Office of Judges were filed at a rate of 591 per month with the Board deciding 300 cases per month.

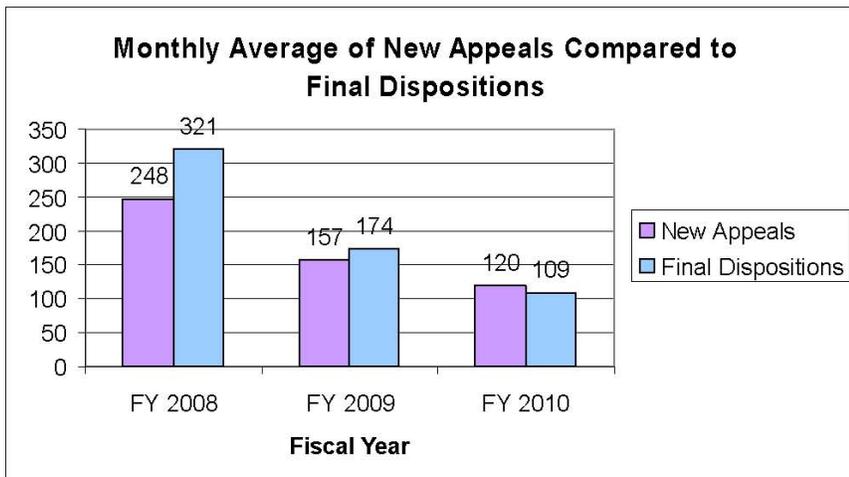

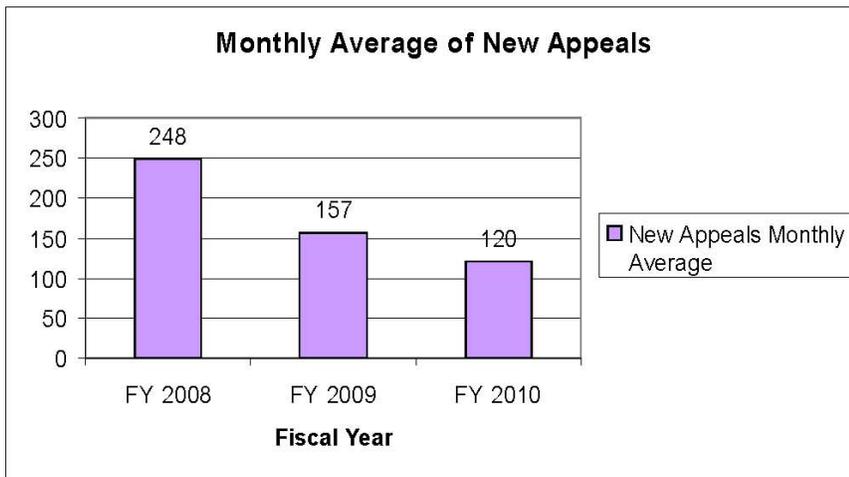

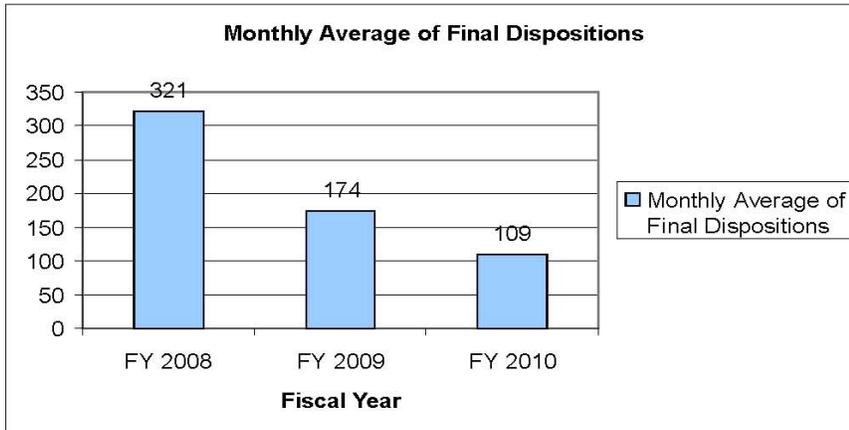

By the end of 2004, the Board saw no increase in case filings; however, dispositions increased to 406 per month. New case filings dropped slightly in 2005 to 577 per month, with dispositions increasing to 507 per month. Inroads were made on the backlog in 2006, when the average number of filings decreased to 487 per month, and dispositions increased to 595 per month for an annual total of 7,140 orders. In 2007, there was a monthly average of 405 new case filings, with 471 dispositions per month. In 2008, the new case filings have averaged 248, with 321 dispositions per month. In 2009, we received 157 new appeals per month with average dispositions of 174. In 2010, we essentially maintained the status quo with 120 new appeals filed per month and we averaged 109 dispositions per month. Thus, the Board has achieved its goal of operating without a backlog and deciding cases as they mature on our docket.

In analyzing the monthly new case filings versus dispositions, it is important to recognize that to perfect an appeal takes approximately 5 months before it can be heard and reviewed by the Board. This allows for expiration of the time periods set forth in the Rules of Practice and Procedure, prior to further action being taken by the Board. 102 CSR 1, et seq.

A quick resolution of cases continues to be one our most important goals. The Board works in coordination with the Office of Judges and the West Virginia Supreme Court of Appeals to assure a smooth transition through the workers' compensation claims process.

Enclosed are graphs which illuminate the Board of Review's monthly average of new case filings and case dispositions for 2008, 2009 and 2010. These charts illustrate the elimination of any backlog cases for each of these years.

By timely completing the appeal process, we trust we have fulfilled our obligation to the citizens of West Virginia.

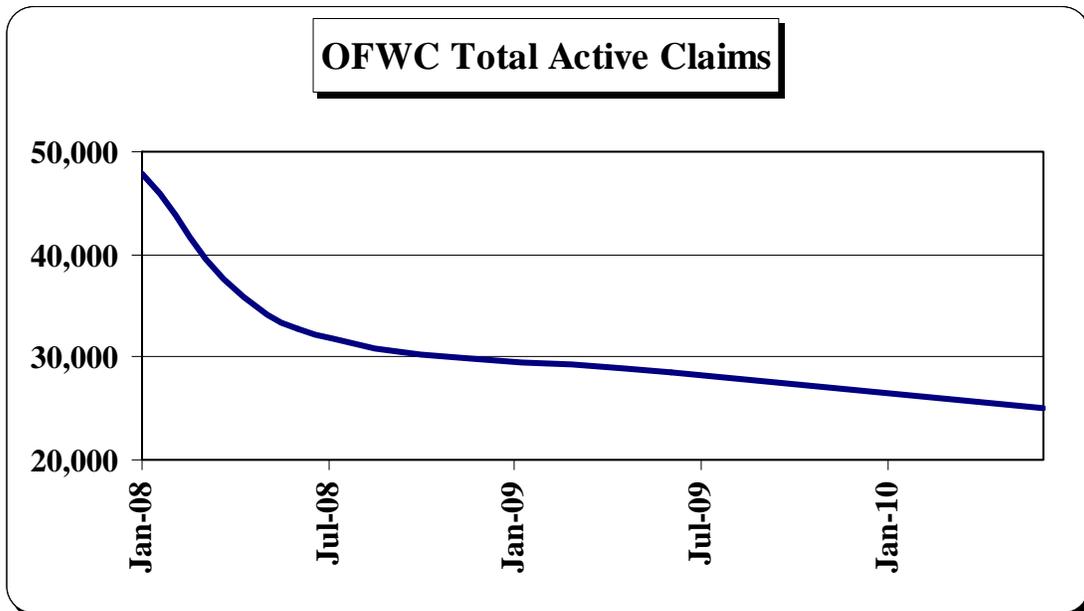

Claims Services Division

The Claims Services Division is comprised of twelve workers' compensation claims specialists whose primary duty is to assure proper management of the legacy claims of the former Workers' Compensation Commission, also known as the "Old Fund." Furthermore, oversight is provided in regards to the West Virginia Uninsured Employers' Fund (UEF), which came into existence on January 1, 2006. In part, oversight is provided by conducting audits relative to quality claims processing and their compliance with statutory and regulatory provisions. There are multiple other internal controls for which this Division is responsible to assure proper management of these claims; for example, the aforementioned bi-annual audits that are conducted on-site, on-going quality assurance reviews, large loss review staffing with each TPA, indemnity payment approval threshold of \$25,000.00 or greater, and the settlement initiative.

During FY 2010, the Claims Services Division continued to assure the injured workers received medical and indemnity compensation in regards to their compensable injury by the three TPAs, on behalf of the Offices of the Insurance Commissioner (OIC). The old fund claims continue to be administered by three independent Third Party Administrators (TPAs): Sedgwick Claims Management Services, Wells Fargo Disability Management, and American Mining Claims Services. At the end of November 2010, we will have concluded the third contract year for each of the TPAs.

To provide some statistics, on December 1, 2007, the OIC officially began managing 47,000+ active old fund claims. Since that time, through proper claims handling utilizing industry accepted standards and a focused settlement initiative, approximately 48% of the active caseload has been closed. Active claim counts as of June 30, 2010, are as follows:

Counts	Sedgwick	Wells Fargo	American Mining	Totals	Reduction
1/31/2008	39,227	4,750	3,984	47,961	
6/30/2008	25,484	3,455	3,792	32,731	31.75%
6/30/2009	22,425	2,894	3,237	28,556	40.46%
6/30/2010	19,837	2,373	2,814	25,024	47.82%

The focused settlement initiative has considerably contributed to the increase in claim closures as indicated above. This has produced significant savings and overall reduction in the reserves. The OIC has a settlement team in place that holds weekly meetings on the larger settlements. The TPA presents the claim(s) and the proposed settlement range, dollar authority is given at the meetings. The settlement team consists of: OIC's General Counsel, Insurance Program Manager of Claims Services, WC System Specialist II from Claims Services, and multiple attorneys from the Attorney General's office.

The old fund consists of claims with a date of injury or date of last exposure prior to July 1, 2005; this remains the responsibility of the State of West Virginia. The Insurance Commissioner was required to assume responsibility for administering and managing the old fund from BrickStreet Mutual Insurance, the statutorily mandated Third Party Administrator of the old fund from July 1, 2005 to December 31, 2007. It should be noted there are new occupational disease claims that are submitted to Claims Services for entry and establishment of the claim, these applications have a date of last exposure prior to July 1, 2005. In addition, new claims are filed for Federal Black Lung (FBL), the date of last exposure for these claims, must be prior to January 1, 2006. Under the enactment of 1556, Health Care Bill, we have seen an increase in the filing of FBL claims.

In addition, this Division performs a number of regulatory duties. The Occupational Pneumoconiosis (OP) Board and the Permanent Total Disability Review Board (PTDRB) dockets are maintained in this Division. We have one full-time designated occupational pneumoconiosis (OP) employee that handles the OP applications. This individual prepares the files and maintains the docket for the OP Board and prepares the files for hearings before the Office of Judges. In FY 2010, there were 561 examinations scheduled before the Occupational Pneumoconiosis Board, and 180 fatal reviews. The PTDRB docket has been overseen in this Division since October 2008. In FY 2010, the PTDRB reviewed a total of 138 applications; including initial, remands and final reviews. In addition, the board reviewed 39 for employability standards as set out in Senate Bill 2013. Applications are received for the old fund, new carriers and self-insured employees.

Regulatory Boards	FY 2010	FY 2009
OP Board Examinations	561	602
OP Board Fatal Reviews	180	124
PTDRB Reviews (<i>Initial, Remands, Finals</i>)	138	123
PTDRB Vocational Reviews	39	48

Also, the Division reviews applications for access to the Workers' Compensation Claims Index. The Claims Index is legislatively mandated uniform system of gathering workers' compensation claim information in order to make it available to the workers' compensation industry. The index contains basic demographic data to assist insurers in obtaining information from other insurers regarding previously filed workers' compensation claims by a particular claimant. Applications are approved or denied by a WC System Specialist II within this Division.

This Division remains committed to providing oversight of the old fund claims to assure statutory compliance, quality claims processing and cost efficient management.

West Virginia Office of Consumer Advocate

In 2009, the Office of Consumer Advocate served the interests of the West Virginia insurance consumer and fulfilled the expanded duties conferred upon the Office in the tort reform measures passed in 2005 in Senate Bill 418. A large portion of the Office of the Consumer Advocate's time and resources was devoted to first and third party administrative hearings. The efforts of the Office of the Consumer Advocate on behalf of West Virginia insurance consumers yielded financial awards totaling \$190,218.91 as well as a number of other important settlements and regulatory orders directly benefiting the West Virginia insurance consumer.

Also in the health care arena, the Office of the Consumer Advocate reviewed thirty-five (35) Certificate of Need Applications and thirty-four (34) Rate Review Applications before the West Virginia Health Care Authority. Furthermore, the Office of the Consumer Advocate is currently investigating matters related to the cost of health insurance, including the practice of hospital discount rate contracts and other methods to foster competition among health insurance companies to facilitate a reduction in costs for consumers.

The Office of the Consumer Advocate attended many State conferences and State festivals as a means of interacting with and disseminating information to West Virginia insurance consumers. State festivals attended include the West Virginia State Fair, the Friends of Coal Auto Fair in Beckley, the Arts and Crafts Fair in Ripley and the Pumpkin Festival in Milton. Further, the Office of the Consumer Advocate participated in several telephonic conferences with over thirty (30) state insurance consumer advocates from across the nation in an effort to network and gather information that can be used to provide better representation to West Virginia insurance consumers.

The Office of the Consumer Advocate participated in mandatory continuing legal education with a focus on insurance and consumer related education. In January 2009, the Attorney II for the Office of the Consumer Advocate attended the very prestigious 28th Annual National Trial Advocacy College on the campus of the University Virginia in Charlottesville, Virginia. The Attorney II position is now vacant in the Consumer Advocate's Office and the Director hopes that it is filled soon and to be able to send the newly hired Attorney II to this fine program in the future.

The Office of the Consumer Advocate kept abreast of any legislation that would affect West Virginia Consumers. Representatives from the Office of the Consumer Advocate reviewed legislation and attended legislative hearings in both the House of Representatives and the Senate.

Finally, the Office of the Consumer Advocate maintains a long term goal of consumer outreach and education. Said goal will be achieved by media outreach to consumers and by setting up information booths across the state at fairs and festivals such as: The West Virginia State Fair, the Friends of Coal Auto Fair in Beckley, the Arts and Crafts Fair in Ripley and the Pumpkin Festival in Milton.

Representing Consumers in First and Third Party Administrative Hearings

In 2009, the Office of the Consumer Advocate assisted insurance consumers in forty-seven (47) complaints before the West Virginia Insurance Commission. Twenty-six (26) of these complaints were third party complaints and the remaining twenty-one (21) complaints were first party matters. First party complaints are complaints filed by a consumer against their own insurer, while third party complaints are complaints filed by a consumer against another person's insurer.

A total of One hundred-thirty two thousand, fifty three dollars, eighty six cents (\$132,053.86) was awarded directly to West Virginia Consumers in the form of settlements in sixteen (16) of the twenty-six (26) third party complaints. A market conduct exam was ordered against State Farm as a result of one consumer complaint decision. One (1) case went to hearing and the Hearing Examiner made a finding that no violation of the unfair trade practices act occurred. One (1) case was settled between the insurance company and consumer after our involvement was made known. Two (2) consumers obtained private council. Three (3) consumers did not request representation from this office. Three (3) consumer complaint cases are either awaiting hearing or are awaiting final order.

A total of Fifty Eight Thousand One Hundred Sixty-five Dollars and Five Cents (\$58,165.05) was awarded directly to West Virginia consumers in the form of settlements in eleven (11) of the twenty-one (21) first party matters that the Office of the Consumer Advocate worked on in 2009. One (1) consumer withdrew their consumer complaint and pursued a settlement in circuit court. One (1) consumer had their non-monetary demands met by the insurance company. One (1) consumer obtained private council and the outcome of the case is not known. One (1) consumer, in addition to a monetary settlement, received a \$40.00/month settlement. One (1) consumer complaint hearing was cancelled by the legal division for administrative reasons. Five (5) consumer complaint cases are either awaiting hearing or a final order.

Three (3) third party consumers declined to request representation when contacted by the Office of the Consumer Advocate.

THIRD PARTY COMPLAINTS
HANDLED BY THE OFFICE OF THE CONSUMER ADVOCATE IN 2009

RESPONDENT	THIRD PARTY COMPLAINTANT	RESOLUTION
State Farm Insurance Company	Denise Arthur	Settlement - \$5250.00

Certificate of Need Review

The Office of the Consumer Advocate participated in the review of Certificate of Need (CON) applications before the Health Care Authority. All health care providers must obtain a CON from the West Virginia Health Care Authority to develop, add, or acquire new health care facilities and equipment. The Office of the Consumer Advocate reviews all CON applications and may intervene for the interests of West Virginia residents in the Health Care Authority's CON review process. The Office of the Consumer Advocate carefully reviewed and considered the following thirty-five (35) CON applications: (total capitol expenditure \$197,504,633.12).

CERTIFICATE OF NEED - January 2009

FACILITY	CON NO.	REQUEST	CAPITOL EXPENDITURE
Medi Home Health Agency	09-5-9014-Y	hospice services in Wood County	\$35,000.00
Huntington Regional Gamma Knife	08-2-8857-E	development of gamma knife services	\$4,600,000.00

Hospital Rate Review

The Office of the Consumer Advocate reviewed thirty-three (34) hospital rate increase applications. The West Virginia Health Care Authority approves or disapproves hospital rates and budget adjustment applications. The Office of the Consumer Advocate reviews all rate filings and may intervene for the interests of West Virginia residents in the Health Care Authority's rate filing review. In particular, the Office of the Consumer Advocate filed documentation with the West Virginia Health Care Authority to be recognized as an affected party in the Rate Application filed by United Hospital Center, Inc. and that matter is pending at the time that this report has been filed

The Office of the Consumer Advocate reviewed the following rate increase applications:

RATE INCREASE REQUESTS – FEBRUARY 2009

HOSPITAL	RATE REQUEST
Eye & Ear Clinic of Charleston	5.00%

RATE INCREASE REQUESTS – APRIL 2009

HOSPITAL	RATE REQUEST
Monongalia General Hospital	9.90%
Beckley Appalachian Regional	20.00%

RATE INCREASE REQUESTS - MAY 2009

HOSPITAL	RATE REQUEST
Camden Clark Memorial Hospital	4.75 inpatient/ 9.9% outpatient
Bluefield Regional Medical Center	8.81 inpatient/ 7.64% outpatient
Weirton Medical Center	6.50%

Conclusion

The Office of the Consumer Advocate continues to remain dedicated to providing consumer protection and promoting consumer awareness. Further, the Office of the Consumer Advocate will track trends in the insurance industry and educate West Virginia insurance consumers regarding insurance issues and practices. The Office of Consumer Advocate remains a remarkable resource for West Virginia insurance consumers and will continue to do everything possible to protect citizens and advocate for a fair and accessible insurance marketplace for everyone.

Consumer Service Division

The Consumer Service Division is responsible for the review of facts surrounding complaints received against insurance companies, adjusters and agents. It is the division's aim to evaluate the facts of each complaint received to ensure compliance with the West Virginia Insurance Laws and contract in question. We try to facilitate a fair resolution to each complaint and a better understanding among the parties of their rights and responsibilities.

The division also educates the public regarding insurance topics through presentations at schools and civic organizations. The division staff identifies problem areas and trends by collecting information gathered from complaints. It performs research and surveys about areas that need special attention. The division is thus uniquely able to inform the Insurance Commissioner, lawmakers and other public policymakers about the impact decisions may have on insurance consumers.

ORGANIZATION AND ACTIVITIES

The Consumer Service Division comprises nine Insurance Complaint Specialists, three Insurance Complaint Specialist Supervisors who serve as liaison personnel between the insurance industry and insured citizens, four Clerical Staff, and a Director.

We receive consumer inquiries by mail, telephone, and walk-in visits from the public. A complaint file is set up for each written inquiry. A total of 2,322 written inquiries were received by the division in 2009. In addition, we received 142 walk-in clients and 31,532 telephone calls of which the clerical staff handled 14,545. On average, the division handles one hundred thirty five consumer inquiries per day. In 2009, complaint files were concluded in an average of 33 days.

The Consumer Service Division handled 287 third party liability complaints during 2009, 149 were not resolved during the cure period resulting in those files being referred to our Legal Division for a determination of merit.

Our division participated in the Insurance Commissioner's Public Outreach Initiative by attending 13 fairs, festivals, presentations and other events reaching more than 443,045 consumers.

Employer Coverage Unit

The Employer Coverage Unit consists of a team of six. This unit works with WV employers to insure that they are compliant with current workers' compensation laws as they relate to requirements for coverage.

The unit has three primary functions. The first function focuses on compliance. The unit verifies coverage for other agencies and governmental bodies. They also try to insure that all employers required to carry workers' compensation comply with the law. This is done by extracting expired policy data provided by the National Council on Compensation Insurance (NCCI) and comparing to other agency information to determine if coverage is needed. If an employer is found to be non-compliant, the unit sets up a rogue account to assess the employer a fine. In 2009, the unit was responsible for setting up 1,738 of these accounts. These fines are related to WV Code 23-2C-8(d)(3) Workers' Compensation Uninsured Employers Fund.

Since the opening of the private market in July 2008, the unit also has taken on the task of carrier compliance with the Proof of Coverage (POC) system. Carriers that fail to report timely as required by the POC guidelines are maintained and reported to Regulatory Compliance for further review.

The second primary function relates directly to the Uninsured Employers' Fund. The unit serves as the entry point of contact for the processing of workers' compensation claims filed by employees of WV employers who are uninsured. These claims are governed by Title 85 Series 8, The Workers' Compensation Uninsured Employers' Fund. This fund was established in order to provide a safety net for workers who are injured while working for an illegally operating employer. Once a claim is accepted into the Fund, the employer is responsible for reimbursement to the fund for all monies paid on their behalf.

The third function is to review requests for exemptions from coverage from employers and make appropriate determination of exemption.

State law does not require that exempt employers file an exemption but many do because of local governments, individuals or contractors requiring proof that an employer has coverage or meets the criteria for being exempt before they begin a job. In these cases, the Employer Coverage unit issues letters of exemption to employers to present verifying they are not required to carry workers' compensation insurance under current law. This function relates directly to Title 85, Series 9 Workers' Compensation Policies, Coverage Issues and Related Topics.

In 2009, the Unit processed 2,938 exemption applications of which there were 2,269 exemptions granted. These exemptions were entered into the West Virginia Offices of the Insurance Commissioner's Proof of Coverage (POC) system in order to include these employers for automated compliance purposes. In addition to being the public's contact for coverage verification, the Unit is responsible for maintaining the POC system which is widely used for statutory coverage verification.

The unit works hand in hand with the Revenue Recovery Unit and Regulatory Compliance to recognize and fine employers that are not carrying the mandatory coverage.

Other major accomplishments of the unit in 2009 included working with the IT department to program and update some processes for a more timely assessment of fines.

Financial Accounting Unit

The Financial Accounting Unit is responsible for the preparation of the annual audited financial statements for the OIC. This includes preparation of the trial balance, footnotes, required supplementary information, and other disclosures as required. This Financial Accounting Unit works closely with consulting actuaries in order to assist with the annual reserve study of the OIC's claims liabilities. Work performed includes the preparation and coordination of data and the preliminary review and analysis of actuarial indications. The Financial Accounting Unit coordinates the information for the independent auditors and provides all supporting documentation for financial statement numbers.

The OIC Financial Accounting Unit also prepares and distributes monthly financial reports of OIC Funds to Executive Management. The OIC funds reported on a monthly basis consist of the Operating Fund, the Access WV Fund, the Coal Worker's Pneumoconiosis Fund, the Old Fund, the Self-Insured Guaranty Fund, the Self-Insured Security Fund and the Uninsured Employer's Fund. These reports are used for internal analysis and external use at the legislative interim meetings.

The Financial Accounting Unit also prepares and submits the OIC annual budget and budget narrative, as well as the appropriation and expenditure schedules as required by the State of WV for all OIC Funds. The Accounting Department prepares and monitors budgets for twelve separate OIC Funds. An analysis of budget to actual expenditures is also performed.

Daily operations of the Financial Accounting Unit include accounts payable processing through the state's accounting system, the Financial Information Management System (FIMS.) The Financial Accounting Department is also responsible for handling and processing all agency cash receipts processing for all units of the OIC through FIMS and for depositing any non-lockbox checks with the Treasurer's Office.

The Financial Accounting Unit performs all daily cash management and investing activities of the OIC, and serves as the liaison with the Treasure's Office, the Auditor's Office, the WV Investment Management Board and the Board of Treasury Investments. The Financial Accounting Unit monitors investment performance and performs monthly investment analysis for all invested assets held by the OIC.

The Financial Accounting Unit coordinates with the OIC's contracted Third Party Administrators to disburse the claims payments to beneficiaries of the insurance programs administered by the OIC, including the 5 worker's compensation related Funds and Access WV, which is a high risk health insurance plan.

The Financial Accounting Unit calculates the claims liabilities of all self-insured employers of the State of WV in order to provide the OIC's Self-Insurance Unit with a reasonable estimate of the magnitude of worker's compensation risk exposure.

ACCOMPLISHMENTS FOR 2009

- Received a fourth consecutive “clean” opinion on the OIC’s Audited Financial Statements.
- Performed year end work on an interim basis when possible to do so and thereby greatly reduced the amount of time necessary for the completion of the annual financial statement preparation.
- Prepared and distributed monthly financial reports for all OIC funds on a timely basis.
- Increased efficiency in the Accounts Payable processing area.
- Prepared the annual budget and all related documents on a timely basis.
- Achieved all formal staff training goals and objectives.

Financial Conditions Division

The primary responsibility of the Financial Conditions Division (“Division”) is to monitor the financial stability and solvency of insurance companies admitted to do business in West Virginia. This includes traditional Life & Health and Property & Casualty companies as well as health care corporations such as Blue Cross/Blue Shield Plans and Health Maintenance Organizations. The Financial Conditions Division is also responsible for registering, licensing and/or monitoring Risk Retention Groups, Risk Purchasing Groups, Managing General Agents, Third Party Administrators, Reinsurance Intermediaries, Viatical Settlement Providers, Discount Medical Plans, Professional Employer Organizations, Charitable Gift Annuities and Surplus Lines Insurers planning to do business in the State of West Virginia. The Division also has the responsibility to financially monitor employers who chose to self-insure their workers compensation risks in West Virginia.

Prior to being admitted, companies must file an application with the Offices of the West Virginia Insurance Commissioner. The applications of these companies, either foreign or domestic, are reviewed by the Division to ensure that the appropriate statutes have been satisfied in regard to the companies’ general corporate organization and financial strength. Recommendations are then made to the Commissioner and/or the Deputy Commissioner as to the admissibility of these applicant companies.

Companies admitted by the Offices of the West Virginia Insurance Commissioner are then monitored by the Division to ensure that they maintain their financial stability and solvency necessary for the protection of West Virginia policyholders. Monitoring of the insurance industry is effectuated through complex financial examinations and analysis performed by financial analysts and certified financial examiners.

This Division is responsible for ensuring that insurance companies operating in this State report and pay the appropriate taxes levied by West Virginia statutes. This process involves the reconciliation of companies’ quarterly reports and payments to their yearend tax returns. This function also includes the tracking and collection of taxes generated by the excess lines market. Excess lines or surplus lines refer to business placed with companies that are not admitted in West Virginia. This occurs when certain lines of insurance are not readily available with companies licensed in West Virginia. Coverage is written with these surplus lines insurers by licensed insurance agents that have obtained an excess lines broker’s license from the Agents Licensing and Education Division. The surplus lines licensee must provide reports to the Financial Conditions Division on individual policies written and remit the appropriate tax payment as detailed by the West Virginia Code.

The tabular information contained in this Report is a condensed statement of the annual reports filed by insurers doing business in West Virginia and an indication of their financial condition as compiled by the Financial Conditions Division.

Self-Insurance (Workers' Compensation)

The Workers' Compensation Self-Insurance Unit is responsible for regulating the 96 employers that currently self insure their workers' compensation coverage in West Virginia and the approximately 100 employers who no longer self insure but continue to administer claims incurred during their period of self insurance. No companies were approved for self insured status in calendar year 2009.

Self-insured employers in West Virginia self-administer their claims. Ordinarily, the employer hires a third party administrator (TPA) to manage and process claims although a small number of employers truly self-administer through an internal claim management department or a subsidiary company. Self-administration provides the self-insured employer with a greater degree of control over the claim management process than participation in guaranty cost or deductible programs.

Regulation of the self insured employers focuses primarily on two areas: maintenance of the risk pools and annual financial condition reviews.

W. Va. Code St. R. § 85-19-1 et seq. establishes two risk pools in which the self-insured employers participate: the Security pool that covers claims with dates of injury, last exposure or death prior to July 1, 2004 (the date self-administration began) and the Guaranty pool that covers claims with dates of injury, last exposure or death on or after July 1, 2004. Active and inactive self-insured employers participate in the pools dependant upon each employer's exposure base since self-insured employers are joint and severally liable for defaults of other self-insured employers. The purpose of the risk pools is to provide the means to pay claims for defaulted self-insured employers without placing the burden on the taxpayers of West Virginia.

Annual financial condition reviews require the employer to submit three years of audited financial statements which are then analyzed to determine if the employer's financial state has changed over the past year. W. Va. Code St. R. § 85-18-1 et seq. identifies the benchmarks against which the financial statements are measured and defines deteriorating financial condition. Employers who do not pass the annual review and are deemed to be in a deteriorating financial condition are required to provide additional security to cover the claims that would be paid out of the Guaranty pool in the case of a default.

Office of Inspector General—Fraud Unit

The Fraud Unit was created under legislation passed by the WV Legislature during its 2004 regular session. The Fraud Unit is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud, as well as making the public aware of insurance fraud and providing a way to report instances of suspected insurance fraud. Further, the Fraud Unit is to investigate persons suspected of engaging in insurance fraud and referring cases with merit to the appropriate authorities for criminal prosecution.

The Fraud Unit currently consists of twenty-five (25) allocated investigative positions and seventeen (17) allocated support and administrative positions. Field Investigators now occupy field offices in the following cities:

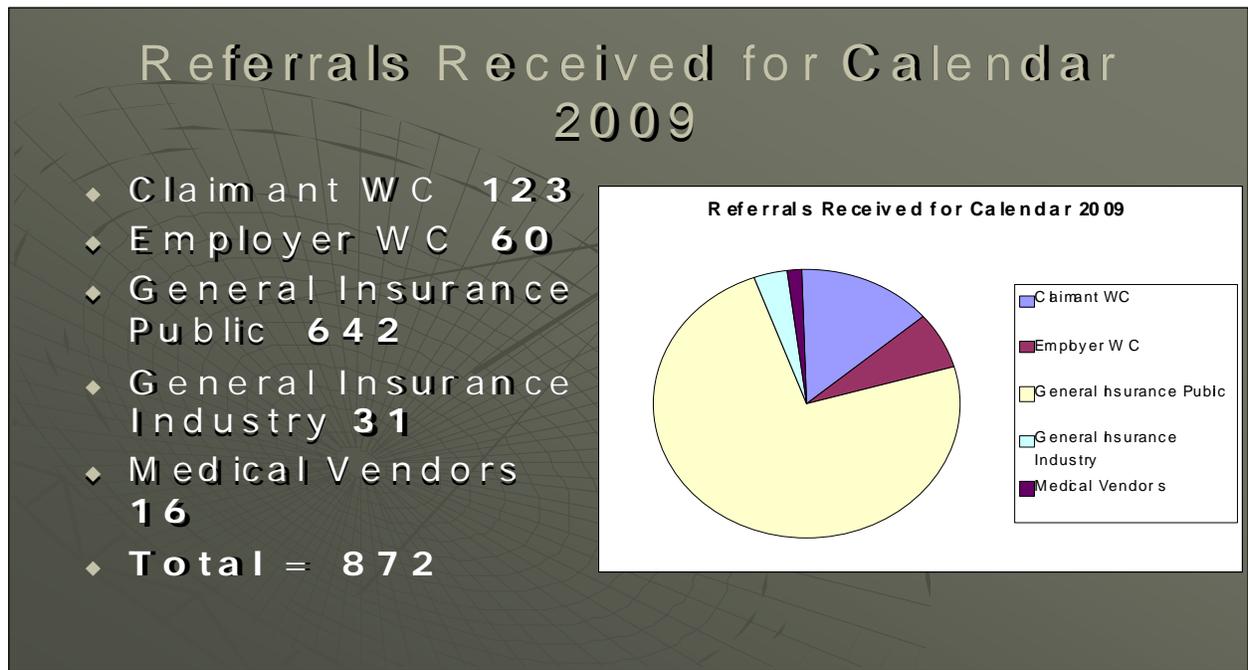

- Beckley
- Charleston
- Fairmont
- Huntington
- Logan
- Martinsburg
- Parkersburg
- Wheeling

The geographic locations of these field offices allow investigators to respond quickly to reports of alleged insurance fraud. It also allows investigators to foster relationships with local law enforcement and prosecutors that the Fraud Unit relies on and works with to bring about successful prosecutions. Three (3) WV State Troopers are currently assigned to work full time with the Fraud Unit.

There are three ways in which the public and the insurance industry can report suspected insurance fraud to the Fraud Unit; by calling toll free @ 1-800-779-6853; online reporting @ www.wvinsurance.gov; and by correspondence. The Fraud Unit's case management and reporting application has been recognized as one of the premier systems in the nation for its ability to manage cases, detect trends in fraud, and create investigative reports suitable for immediate presentation to prosecutors for review. It has also been designed to receive referrals directly from the online reporting function and is integrated with the National Association of Insurance Commissioners (NAIC) online reporting tool.

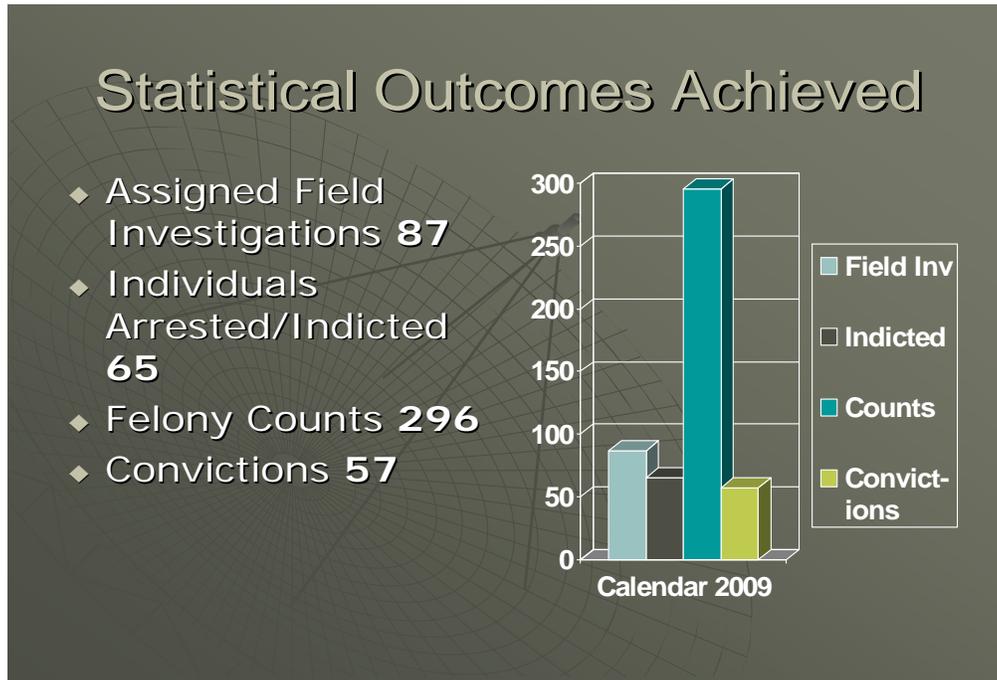

The Fraud Unit has been proactive in its approach to educate the public on what constitutes insurance fraud as well as the costs associated with insurance fraud. In 2009 the unit issued over seventeen (17) press releases detailing criminal indictments and or convictions associated with investigations that involved this office. A brochure explaining the types of fraud, what the penalties are and what happens when someone reports suspected fraud was developed and is given out at fairs and festivals across the state as well as distributed to each WV State Police Detachment. Additionally, representatives from the Unit appeared at various functions, events, and meetings statewide taking the message to the general public that insurance fraud is not a victimless crime, but one that victimizes everyone in the form of higher costs for goods and services.

The Inspector General and or his designee have appeared on “Inside Insurance”, a television show airing statewide on PBS, with the programming airing sixty-six (66) times, for a total air time of over thirty-three (33) hours of programming dedicated to the issue of insurance fraud and how to report such to the OIC’s Fraud Unit. Further, numerous interviews have been done with various media outlets around the state concerning efforts to combat insurance fraud in the state. Media interviews along with quarterly newsletters being distributed to the public and the insurance industry enhance the visibility of the Fraud Unit in its goal to educate the public on what constitutes insurance fraud and what can be done to prevent it. Further, numerous presentations have been given to a wide range of groups and organizations on what is being done to combat insurance fraud in the state and what they can do to assist in those efforts. Statistics for activities conducted by the Fraud Unit during calendar year 2009 are depicted in the following chart:

Successful investigations resulting in prosecutions were conducted in numerous counties through out the state. Prosecutions involved such activity as workers compensation fraud; conventional insurance claimant fraud; staged motor vehicle crashes; fraudulent “slip, trip, and fall” claims against businesses; insurance fraud by means of arson; and embezzlement of policy holder premium funds by insurance industry personnel. Such successful prosecutions were the result of working in cooperation with local and state law enforcement agencies and locally elected prosecutors as well as the two (2) U.S. Attorney Offices. As a result of thorough investigations and well prepared reports, along with efficient case management of referrals, significant increases in every category were realized. For example, individuals arrested or indicted increased 33%, and the number of felony counts increased 61%.

The following chart depicts statistical data relevant to investigations, prosecutions and convictions in calendar year 2009:

2009 Achievements

The Fraud Unit continues to utilize technology as a means to investigate and successfully prosecute insurance fraud. In 2008 the unit acquired new technology to assist in investigating small to large organized insurance fraud rings. The unit launched the “i2” Intelligence Analysis software that analyzes relationships between data, criminal acts, associated individuals, and criminal allegations. This software also interfaces with another piece of acquired technology, a “Plotter Printer” that allows large visual copies of charts depicting suspects, crimes, relationships and timelines to be created better illustrating to investigators, prosecutors, and juries the structure and activities of suspected crime rings. This new technology was utilized repeatedly in 2009 to define “fraud rings” and to focus investigative efforts against those rings.

Another technological advancement by the Unit in 2008 involved the acquisition of additional electronic surveillance equipment which will enable an investigator to monitor activity at remote locations without investing large amounts of on site man hours. The size and type of equipment cannot be detailed as it would make it locatable and identifiable if the targets of surveillance were to be aware of the type of equipment being used. This equipment was deployed successfully on multiple occasions in 2009.

Training

In 2009, the Fraud Unit obtained specialized training for multiple employees from a variety of sources:

- a) Twenty-three investigators completed the NSC Defensive Driving Course 8.2 Edition
- b) Forensic Accountant III completed Certification in Financial Forensics, as well as Accredited Fraud Investigators Program and exam.
- c) Forensic Computer Specialists completed 47 hours of annual training, as well as Advanced SPADA/RAM Analysis and CFCE Coaching Program.
- d) Applicable Research Analyst completed specialized training in Intelligence Analyst Training Program IATP-902, as well CPT Code Training for Investigators.
- e) Effective Investigation and Testimony was attended by several investigators.

In 2009 there were many cases involving a broad spectrum of criminal activity when it came to investigations and prosecutions of insurance fraud. The following cases are offered as examples of the types of cases the Fraud Unit were involved in for calendar year 2009:

2009 Case Highlights

Leonard H. Cline Jr., age 41 of Gilbert, WV, who owned and operated H & H Trucking, was indicted by a Kanawha County Grand Jury on May 15, 2009 on forty-five (45) felony counts of workers compensation fraud that included failure to file premium tax reports, failure to subscribe to workers compensation, false testimony and statements to the then state run Workers Compensation Commission. Mr. Cline, Jr., pleaded guilty to five (5) felony counts in exchange for the other forty (40) counts being dismissed. On the five (5) counts in which Mr. Cline, Jr., plead guilty, the state had determined it had paid out over \$148,811 in workers compensation claims to date. In the approximately ten (10) years during which Mr. Cline, Jr., operated his businesses he had defrauded the workers compensation system of over \$500,000 in unpaid premiums, penalties, and workers compensation claims for benefits.

Jennifer Michelle Hamilton, age 25 of Roanoke, Virginia plead guilty to one (1) misdemeanor count of insurance fraud on September 2, 2009 and agreed to repay restitution in excess of \$19,000 to Omni Insurance Company. Ms. Hamilton was indicted on June 2, 2009 on (1) one felony count of filing a fraudulent claim to an insurance company. In exchange for her plea and agreeing to pay full restitution the charge was reduced to a misdemeanor. Ms. Hamilton had reported she was changing a flat tire on her Jeep Liberty and it rolled over a cliff in a remote area of the Monongahela National Forest on February 29, 2008. It was later determined by the Offices of the Insurance Commissioner's Fraud Unit that Ms. Hamilton had been behind in her car payments and the story provided by the defendant did not match the evidence found at the scene of the crash.

John M. Dignazo, age 57 of Martinsburg, plead guilty to a reduced misdemeanor charge of forgery and uttering of a proof of insurance form which he presented to the Department of Motor Vehicles. On January 31, 2005 Mr. Dignazio was operating a 1984 Toyota Corolla and was involved in a traffic accident. As a result of the crash, Mr. Dignazio was issued a traffic citation for No Proof of Insurance. On November 27, 2007 Mr. Dignazio faxed a false certificate of insurance for a 1984 Toyota Corolla to the WV Department of Motor Vehicles. Mr. Dignazio was sentenced to six (6) months in the regional jail, which was then suspended in lieu of one year probation, and a fine of \$500.00.

James R. Hiroskey Jr., age 25 of Logan – as part of a plea deal – pleaded guilty to a reduced misdemeanor charge of workers compensation fraud for attempting to secure benefits in an amount greater than he was entitled. Mr. Hiroskey Jr. was originally indicted by a Kanawha County Grand Jury on November 14, 2008 on one (1) felony count of making a false statement or a report to an insurance company, and one felony count of attempting to secure benefits in an amount greater than to which he was entitled. Mr. Hiroskey Jr. worked as a plumbing sub-contractor at The Hiroskey Corporation, in Whitman. After a thorough investigation by the Offices of the Insurance Commissioner’s Fraud Unit, Mr. Hiroskey Jr., admitted to an investigator that he had in fact exaggerated his injuries in order to secure a larger disability rating. Mr. Hiroskey Jr. was sentenced immediately to twelve (12) months of supervised probation, and forty (40) hours of community service.

Aaron D. Brown, age 42 of Welch, plead guilty on April 15, 2009 to one (1) felony count of filing a fraudulent claim to an insurance company and was sentenced to one (1) to five (5) years in the state penitentiary, which was then suspended in lieu of five (5) years probation and restitution. As part of the plea agreement, Mr. Brown was ordered to pay restitution to Gallagher Bassett Services in the amount of \$7,000 and \$3,933.99 to Nationwide Insurance Company, as well as all court costs. Mr. Brown perpetrated multiple “slip and fall” accidents as well as “staged foot runovers” at the Elks Country Club just outside Princeton in February of 2005 and Gary’s Market in Blue Well in August of 2006 in order to collect money from insurance companies.

In an unrelated case in McDowell County, Mr. Brown also plead guilty on January 27, 2009 to four (4) felony counts of fraudulent claims to an insurance company, and one (1) felony count of obtaining money by false pretenses, another eleven (11) felony counts were dropped in exchange for the guilty plea. Mr. Brown was sentenced to one (1) to five (5) years in the state penitentiary, which was then suspended in lieu of five (5) years probation, mirroring his sentence in Mercer County. He also agreed to pay restitution in excess of \$21,000 to multiple insurance companies and medical providers.

Jeffrey L. Harris, age 54 of Alderson, plead guilty on January 30, 2009 in Kanawha County Circuit Court to one (1) felony count of failure to pay workers compensation and one (1) felony count of failure to subscribe to workers compensation and was sentenced on April 21, 2009. The Honorable Jennifer Bailey sentenced Mr. Harris to five (5) years probation and ordered him to make restitution in the total amount of \$28,571.73 to the State of West Virginia Office of the Insurance Commissioner/West Virginia Workers’ Compensation (Old Fund). In exchange for Mr. Harris’s plea, the additional fourteen (14) felony counts against him were dismissed. Mr. Harris is the owner and operator of Vintage Specialty Flooring Incorporated, located in Alderson. On a separate non –fraud case the defendant presently owes the sum of \$57,170.06 to the Offices of the Insurance Commissioner. As this is presently an open case, the total amount may increase depending on claims filed by claimants. In this case, the Judge ordered the defendant to make payment arrangements with the Accounts Payable Division of the Insurance Commissioner to resolve that obligation, as well.

Jeffrey F. Peek, age 34 of Pinch, was indicted on six (6) felony counts of workers compensation fraud in November 2008, plead guilty to one (1) felony count of workers compensation fraud in exchange for the other charges being dismissed. Mr. Peek was sentenced to two (2) years probation and will be required to pay restitution to all affected entities. Mr. Peek filed claims for workers compensation benefits between 2004 and 2005 reporting that he worked for employers for whom he was not actually employed on the dates of reported injuries; as a result incurring debts with various medical vendors that were subsequently never paid.

Megan K. Harrison, age 26 of St. Albans, plead guilty in Kanawha County Magistrate Court to one (1) misdemeanor count of providing false information to the Department of Motor Vehicles and was ordered to pay court costs of \$159.83 and a fine of \$100.00. Ms. Harrison was charged with providing false insurance information to the DMV in February of 2008 as she was attempting to title a vehicle she had purchased earlier that day. After providing the false insurance information to the DMV, it was researched and found to be false and Ms. Harrison was subsequently charged.

Lisa Sparks Hagy, age 45 of Berwind; who was indicted by a McDowell County Grand Jury in June of 2008 on one (1) felony count of insurance fraud and one (1) felony count of obtaining money by false pretenses, plead guilty to the first felony charge of insurance fraud on March 27, 2009 in exchange for the second felony charge being dismissed. Ms. Hagy was sentenced June 11, 2009 to not less than one (1) year and no more than ten (10) years in the state penitentiary. Ms. Hagy was given credit for time served and released on home confinement and ordered to pay full restitution and all associated court costs. Ms. Hagy had purchased a 2005 Ford Escape on January 26, 2008 and added it to her existing policy through Sentry Viking on February 2, 2008. Later that same day she wrecked the vehicle and it was a total loss, but was not reported to law enforcement or to Sentry Viking until February 26, 2008. On February 5, Ms. Hagy applied for another auto insurance policy on the 2005 Ford Escape through an insurance agency in Welch, and then filed a second claim for the original damage to the vehicle reporting the loss as having occurred on February 5, 2008.

William E. Wisen III age 22, plead guilty in Kanawha Magistrate Court to one (1) misdemeanor count of providing false insurance information to the Department of Motor Vehicles. Magistrate Halloran ordered Mr. Wisen III, to pay a \$200 fine and court costs of \$159.83. Mr. Wisen III provided fraudulent information, regarding automobile insurance in September 2007, to the DMV indicating he had a valid insurance policy that was in effect at the time he was transferring license plates from one vehicle to another.

Karen Hodges age 35, plead guilty in Kanawha Circuit Court to one (1) misdemeanor count of obtaining money by false pretenses and was immediately sentenced to six (6) months in the South Central Regional Jail. The sentence was suspended and Ms. Hodges was then placed on probation for one (1) year and ordered to pay restitution to State Farm Insurance Company in the amount of \$1,274.28. Ms. Hodges filed an insurance claim with State Farm Insurance Company for her motor vehicle, in 2005, for damage sustained in an automobile accident. A check was sent to her which she reported to State Farm that she never received, at which time State Farm mailed her a second check for the damage to her vehicle. Ms. Hodges then cashed the first check at her credit union – which was the check that she reported not receiving.

Lynette D. Jenkins, age 52 of Martinsburg, plead guilty to a reduced charge of providing false information to the Department of Motor Vehicles. Ms. Jenkins submitted a Certificate of Insurance to the DMV on November 8, 2007 in response to their inquiry following a traffic stop involving her vehicle wherein a proof of insurance was not provided to the police officer executing the traffic stop. The forged certificate provided to the DMV contained information for a policy and company from which Ms. Jenkins had never obtained a policy. Ms. Jenkins was sentenced to six (6) months in the regional jail, which was then suspended in lieu of eighty (80) hours of community service, one year probation, and a fine of \$100.00 plus associated court costs.

Ramona Mack, age 40 of Winfield, plead guilty on July 20, 2009 to one (1) count of identity theft and one (1) count of taking SSI benefits to which she wasn't entitled, while five other charges were dismissed as part of the plea deal. The OIC Fraud Unit assisted U. S. Postal Inspectors with this identity theft case. Ms. Mack used several alias variations of her name and twenty two (22) or more different social security numbers. Suspect then used these various names and social security numbers to purchase a home, vehicles, insurance policies, and to secure employment. As part of the plea agreement, Ms. Mack agreed to repay over \$372,000 in restitution to the affected entities.

Spring Fisher, age 37 and **Joseph Fisher** age unknown, husband and wife, both of Charleston, plead guilty on December 27, 2009 to the reduced count of Misdemeanor Offenses of Conspiracy to Commit a Misdemeanor and entered into a pretrial diversion program. Both had originally been indicted on one felony count each of uttering, forgery and 2 felony counts of conspiracy. Joseph Fisher presented a forged document/insurance certificate to a Kanawha County Magistrate Court in exchange for the dismissal of a traffic citation and did so on July 03, 2006. Additionally, Mr. Fisher then sent the same forged insurance certificate through the US Postal Service to the WV Division of Motor Vehicles as documented proof of insurance. Both Fisher's conspired to seek out a person to fraudulently compile an insurance certificate to make it appear valid prior to the submitting of the forged document/insurance certificate to the Kanawha County Magistrate and the WV Division of Motor Vehicles.

Lucille Fowler, **Phillip Justice**, **Laura Frazier**, **Anthony Lambert**, **Matthew Fruia**, **James Fruia**, **Kimberly Fruia**, **Donald Justice**, **Phillip Leonard**, **Lidge Marcum** and **Mary Marcum**, **James Bailey**, **Amy Hunt**, did knowingly and willfully and with intent to defraud, submit materially false insurance claims with State Farm Fire and Casualty, Nationwide Insurance and Sentry Insurance from a period beginning March 5, 1999 through February 9, 2007 for reported intentionally staged accidents and other similar incidents. All of the participants that took part in these fraudulent claims received settlement checks for bodily injury or medical services and in some cases received both. Unless paid directly by the provider, Lucille Fowler and the others did not reimburse medical providers as agreed to in their release forms. The investigation and prosecution into this staged auto crash ring covered approximately three (3) years. All participants either plead or were found guilty in 2008 and 2009. The "leader" of the group, Lucille Fowler was sentenced to one (1) to three (3) years in the state penitentiary and ordered to pay all court costs within one (1) year from her release from jail.

Sharon Ann Glassburn, age 63 of Charleston plead guilty on January 23, 2009 to creating a fraudulent certificate of insurance for her son which was presented to the Kanawha County Magistrate court as well as faxed to the WV Department of Motor Vehicles. Ms. Glassburn was sentenced to two (2) years probation and ordered to pay associated costs for her probation, as well as all court costs.

Lisa K. Hall, age 28, of Man plead guilty to on February 26, 2009 to one (1) count of Accessory to Forging False Certificates of Insurance and was fined \$100 plus court costs. Ms. Hall had conspired with **Cindy B. Hall**, age unknown, who also plead guilty to "Forgery of an Insurance Certificate, to provide a false certificate of insurance and faxed the same to the WV Department of Motor Vehicles for Lisa K. Hall. Cindy B. Hall was fined \$50 plus court costs for her role.

Chad J Haynes, age 36 of Kenna plead guilty on March 16, 2009 to one (1) felony count of Obtaining Money by False Pretense since his crime predated the insurance code. In exchange for Mr. Haynes' plea, pending charges against his wife for her role in the crime were dismissed. In 2003, the Haynes' had reported their 2001 Yamaha motorcycle missing and subsequently filed a police report and insurance claim. After a thorough investigation by the WVOIC Fraud Unit, the motorcycle was located still in the possession of the Haynes's. Mr. Haynes was given probation and ordered to pay restitution in the amount that was determined by the Adult Probation Department.

Amy E. Hedrick, age 35 of Jane Lew plead "no contest" to a reduced charge of misdemeanor count of Insurance Application Fraud on May 21, 2009. She received a \$10.00 fine and \$159.53 Court costs. Ms. Hedrick must also pay her Court Appointed Attorney fees. Ms. Hedrick falsified an application for health insurance coverage for her husband indicating there were no pre-existing conditions. After a thorough investigation it was determined that there were numerous pre-existing conditions for which her husband was subsequently hospitalized for approximately 30 days shortly after the policy was taken out, resulting in a loss of approximately \$37,000 to the insurance company.

Paul D. Krimm, age 50 of Hurricane plead guilty to a reduced count of filing a fraudulent claim to an insurance company on January 20, 2009 and received two (2) years probation and was ordered to pay restitution to State Farm in the amount of \$49,286.75

Mr. Krimm had reported his 2004 Mercedes Benz 500 was stolen and eventually filed an insurance claim after the car was found "burned out" approximately 2 miles from his mother in laws house.

Andrew R. Talbott, age 33 of Martinsburg pleaded "No Contest" to one count of Forgery and was sentenced to six (6) months plus one (1) day and an additional thirty (30) days for providing False Insurance Information. The sentences were to run concurrently with each other and with any time sentenced on additional pending felony charges. He was also charged \$319.00 for court costs. Another charge for forgery was dismissed. On March 2, 2007, Mr. Talbott directed another individual to present fraudulent insurance information to the Martinsburg Division of Motor Vehicles Office while attempting to submit two vehicle applications for titles.

Delphia Trout, 52 of Genoa and **Elwood Robertson** age unknown of Genoa, each plead guilty to one (1) felony count of filing a false claim with an insurance company. Each were given identical sentences of twelve (12) months in jail, suspended in lieu of three (3) years probation and a fine of \$250 plus court costs. Delphia Trout reported a false insurance claim in which her vehicle (1995 Jeep) had supposedly sustained damage in a hit and run incident while her son, Mr. Robertson was in the vehicle. It was later determined the vehicle had been wrecked by Ms. Trout's husband while he was intoxicated a day earlier.

Jennifer Jo & Matthew Nichols, ages 39 and 35 of Coal City, each plead guilty to a reduced misdemeanor count of forgery of a certificate of insurance and each were given twelve (12) month jail terms plus \$500 fines plus court costs. The jail terms were suspended and each was given eighteen (18) months of probation and ordered to assist in defraying their probation costs. The Nichols conspired and assisted each other in producing and presenting the fraudulent certificate of insurance after Mr. Nichols was given a citation for “no proof of insurance” during a traffic stop.

There were additional subjects and cases not listed here due to the fact that some cases have multiple subjects involved and there are times that some subjects will enter a plea while others are still litigating their defense. Therefore, in an effort to not to jeopardize any pending prosecution, those individuals and cases were not detailed in this report.

Legal Division

The Legal Division of the Offices of the West Virginia Insurance Commissioner (OIC) performs many functions including providing legal counsel to the Insurance Commissioner and other agency staff members, drafting and implementing legislation, administrative rules and informational letters, investigating agents and companies pursuant to complaints of alleged fraud or other code/rule violations, responding to general legal questions and Freedom of Information Act requests, litigation, hearings and coordination of receivership activities.

As of January 1, 2006, a host of new regulatory duties were transferred to the OIC from the former Workers' Compensation Commission, and the Legal Division performs several functions relative to those duties including recovery of pre December 1, 2005 workers' compensation premium taxes and fines, collection of fines assessed against uninsured employers and injunction cases filed against uninsured employers. In addition, the OIC is responsible for the administration of several funds associated with the workers' compensation system, including the Uninsured Employers' Fund ("UEF" - for claims filed after 1-1-06 against uninsured employers) and the Workers' Compensation Old Fund (all claims with dates of injury or dates of last exposure before 7-1-05). Legal Division staff advises and works directly with the third party administrators of the UEF and the Old Fund on the proper administration, litigation and settlement of these claims.

Some of the major activities of the Legal Division are discussed in more depth below.

LEGISLATION

The following is a brief synopsis of the significant legislation enacted during the 2009 regular session of the West Virginia Legislature. This information is not to be construed as inclusive of all legislation which may affect the insurance industry or insurance consumer, nor should it be construed as a comprehensive explanation of the bills addressed. Rather, the information provided is intended to highlight the bills significantly affecting the insurance community at large.

BILLS

Senate Bill 278 - Creating felony offense for willful failure to provide certain drug benefits. (Effective July 10, 2009)

This bill amends W. Va. Code §33-15E-15 to clarify the criminal provisions in the discount medical/prescription plan act enacted in 2008. In the original legislation, determination of whether the crime of failing to provide promised benefits to plan members was a misdemeanor or a felony was based on the "value of the benefits denied" to the member. The bill amends this language to tie the misdemeanor/felony distinction to the amount of fees paid by the member. Now, if a person collects a fee for purported membership in a discount medical plan or discount prescription drug plan and knowingly and willfully fails to provide the promised benefits, he or she is guilty of a felony if the fees collected total \$1,000 or more and a misdemeanor if less than \$1,000.

Senate Bill 284 - Relating to Viatical Settlements. (Effective July 6, 2009)

This bill amends the Viatical Settlements Act that was initially enacted in 2008. The first change allows applicants for a broker's license to demonstrate evidence of financial responsibility through an errors and omissions policy in the sum of not less than \$100,000 per occurrence and \$300,000 in the aggregate for all occurrences within one year; the 2008 statute required an applicant to provide a surety bond in the amount of \$250,000.

The second change corrects a drafting error in the criminal provisions of the Act in which only a viator (policyholder) could be convicted of a fraudulent viatical settlement act; the bill expands the scope of the criminal provisions to any "person convicted of a fraudulent viatical settlement act."

Senate Bill 322 - Exempting certain life insurance policies from Medicaid assignment. (Effective July 10, 2009)

Submission of an application to the state Department of Health and Human Resources ("DHHR") for medical assistance constitutes an assignment of the right of the applicant to recover from personal insurance or other sources to the extent of the cost of medical services paid by the Medicaid program. The bill exempts life insurance policies with a death benefit of \$25,000 or less from this assignment.

Senate Bill 326 - Mandating certain dental anesthesia insurance coverage. (Effective July 10, 2009)

This bill mandates that most group and individual health insurance policies, including PEIA, cover general anesthesia for certain dental procedures performed on young people or those with certain developmental disorders.

Senate Bill 408 - Relating to model health plan for uninsurable individuals. (Effective July 8, 2009)

This bill permits the use of surplus funds in the Model Health Plan for Uninsurable Individuals fund (the State's high risk pool, commonly known as "AccessWV") to subsidize premiums of low-income enrollees. The AccessWV Board of Directors must propose legislative rules to establish eligibility criteria for applicants for the subsidies.

Current law imposes a six-month preexisting-condition exclusion on all new enrollees except those coming from a COBRA plan. The bill grants rulemaking authority to the AccessWV Board to propose additional classes of individuals to which the preexisting-condition exclusion would not apply.

Senate Bill 414 - Creation of the Governor's Office of Health Enhancement and Lifestyle Planning. (Effective August 26, 2009)

This bill terminates three existing programs – the prescription benefit program established in 2000; the 2004 pharmaceutical programs (cost management council, etc.), and the Interagency Health Council – and creates in their stead a new agency, the Governor's Office of Health Enhancement and Lifestyle Planning ("GO HELP"), the primary task of which is to "coordinate all state health care system reform initiatives" among all executive agencies. The bill also mandates that the GO HELP director implement four "medical home" pilots in addition to similar pilots now underway through the Bureau for Medical Services ("BMS") and PEIA.

Senate Bill 431 - Providing in-state medical providers notice of small group health benefit plan. (Effective July 6, 2009)

Under legislation enacted in 2004, unless a provider affirmatively notified PEIA that the provider would not accept PEIA's reimbursement rates under the small business plan (W. Va. Code §33-16D-16), such rates had to be accepted by that provider from any carrier participating in the plan. The original legislation had required notices of the opt-out opportunity to be sent to all known in-state health care providers by PEIA, and the bill now imposes this duty on the West Virginia Health Care Authority.

Senate Bill 434 - Relating to long-term care policy insurance agents. (Effective July 1, 2009)

This bill, which is based on a National Association of Insurance Commissioners ("NAIC") model, imposes new training requirements for insurance producers (agents) who sell long-term care ("LTC") policies. Every producer must complete 8 hours of training before selling such products and 4 hours in each biennium thereafter; producers selling such products on July 1, 2009, have a year to complete the initial 8-hour requirement. Companies must retain records of the training for 5 years. If West Virginia participates in the federal LTC Partnership program in the future, the training required by this legislation must be approved by the Commissioner.

Senate Bill 494 - Authorizing Insurance Commissioner to order restitution in certain cases. (Effective July 9, 2009)

This bill amends W. Va. Code §33-2-11 to clarify that the Commissioner may, in addition to other penalties or remedies available, order restitution to persons injured by insurance companies or producers. The bill provides that this restitution authority specifically applies to orders entered as a result of a financial or market conduct examination of any person "transacting the business of insurance in this state" and to orders entered after notice and hearing regarding a violation of any provision of the insurance code.

Senate Bill 495 - Authorizing Insurance Commissioner to permit certain groups life insurance policies. (Effective July 9, 2009)

This bill, which is based on an NAIC model act, amends the article on group life insurance that limited the types of groups eligible for group life policies to labor union groups, employee groups, credit union groups, trustee groups and debtor groups. This amendment gives the Commissioner discretion to authorize group policies to be marketed to any other group if she finds that it would be in the public's best interest to do so.

Senate Bill 537 - Relating to Workers' Compensation. (Effective July 10, 2009)

In addition to numerous technical changes, the bill makes the following substantive amendments to the Workers' Compensation statutes.

§23-2-1d. Prime Contractors and Subcontractors Liability - The amendment of this section (which had sunsetted) now holds prime contractors liable for providing workers' compensation benefits to an uninsured subcontractor's employees if that prime contractor had failed to require the subcontractor to produce a certificate of coverage.

§23-2A-1. Subrogation; limitations - This amendment clarifies some confusion about subrogation rights arising out of injured workers' claims against third-party tortfeasors.

--For any claim arising on or after January 1, 2006, a private carrier or self-insured employer is allowed statutory subrogation for both indemnity and medical benefits paid.

--For any claim arising before January 1, 2006, the Commissioner or BrickStreet is allowed statutory subrogation for only medical benefits paid through the date of recovery and (resurrecting the pre-2003 rule), with respect to any recovery arising out of a cause of action accruing prior to July 1, 2003, the Insurance Commissioner's or self-insured employer's recovery may not exceed 50% of the amount received by the injured worker.

--A new subsection was added giving the Commissioner the right to statutory subrogation for indemnity and medical benefits paid from the Uninsured Employers' Fund ("UEF") regardless of the date on which the cause of action arose.

--The amendments also allow the Insurance Commissioner to negotiate the amount to accept as subrogation.

§23-2C-8. Workers' Compensation Uninsured Employers' Fund - The change to this section confers jurisdiction on the Office of Judges ("OOJ") to hear protests on initial decisions to accept or reject a claim into the UEF rather than the bifurcated process in which the Commissioner determined whether the claim belonged in the UEF and OOJ determined, often contemporaneously, other claims-related issues.

§23-2C-15. Mandatory coverage - This changes the date -- from June 30, 2012 to June 30, 2010 -- on which state and local governmental bodies are able to purchase workers' compensation insurance from insurers other than BrickStreet. It also prohibits BrickStreet from cancelling or refusing to renew a policy of a state or local governmental body prior to July 1, 2011, except for nonpayment of premium or refusal to comply with a premium audit.

§23-2C-17. Administration of a competitive system - The amendment to subsection (c) clarifies that private carriers or self-insured employers may only enter into contracts with third party administrators that are licensed by OIC.

§23-2C-21. Limitation of liability of insurer or third-party administrator; administrative fines are exclusive remedies - This clarifies that the Commissioner has the authority to use all of her regulatory authority in Chapters 23 and 33 with respect to administrative fines and remedies against workers' compensation insurers. A change was also made to permit OOJ to award attorney's fees for an unreasonable denial of *any* TTD benefits; the prior law had been limited to denials of *initial* TTD awards only.

Senate Bill 537 -continued

§23-4-1c. Payment of temporary total disability benefits directly to claimant; payment of medical benefits; payments of benefits during protest; right of commission, successor to the commission, private carriers and self-insured employers to collect payments improperly made -- Subdivision (a)(3) had previously permitted an expedited hearing for only an initial denial of TTD benefits; now, a claimant may request an expedited hearing for *any* denial of TTD benefits.

§23-4-6b. Occupational hearing loss - This change makes allocation of hearing loss claims among chargeable employers permissive rather than mandatory, which is consistent with the rule on allocation among employers in occupational disease (“OD”) and occupational pneumoconiosis (“OP”) claims.

§23-4-8. Physical examination of claimant - Whenever a claimant is ordered to appear for examination by the Occupational Pneumoconiosis Board or ordered to attend an Independent Medical Examination, the claimant must be reimbursed for lost wages and reasonable traveling expenses; if the travel is for any other type of medical treatment, including visits to his or her authorized treating physician, the claimant is entitled to reimbursement for reasonable traveling expenses only. A new subsection (e) defines “reasonable traveling expenses” as including reimbursement for meals, lodging and mileage; reimbursement for travel in a personal motor vehicle will be at the mileage reimbursement rates contained in the Governor’s travel rules for state employees in effect at the time the treatment is authorized; these rates can be found at <http://www.state.wv.us/admin/purchase/travel/>.

§23-4-8d. Occupational pneumoconiosis claims never closed for medical benefits - A new section now provides that a request for medical services, durable medical goods or other medical supplies in an OP claim may be made at any time.

§23-5-1. Notice by commission or self-insured employer of decision; procedures on claims; objections and hearing - Under the prior law, every claimant had to be given a brochure explaining the claims process before an initial decision was made in the claim. The bill changes this to require that the brochure has to be sent only to claimants in OP and OD claims as well as in any claim in which temporary total benefits are being sought.

Under prior law, a claims administrator had to pay conditional benefits if the *only* controversy relating to compensability was whether an application for benefits was properly filed as a new claim or a reopening of a previous. The amended language now requires conditional payments whenever the protest simply includes such a controversy.

Subsection (c) is renumbered to clarify that the OoJ has jurisdiction generally to designate a new application as a reopening petition or vice versa or to reassign a claim from one insurer or self-insured employer to another whenever appropriate.

§23-5-16. Fees of attorney for claimant; unlawful charging or receiving of attorney fees - A new subsection (b) now provides that in a final settlement, an attorney cannot charge a fee in excess of 20% of the total value of the medical and indemnity benefits. The amendment further limits the attorney’s fee by stating that the fee, when combined with any fees previously charged or received by the attorney for permanent partial disability or permanent total disability, may not exceed 20% of an award of benefits to be paid during a period of 208 weeks.

Senate Bill 537 -continued

§33-2-22. Authority of Insurance Commissioner regarding employers in default to workers' compensation funds; injunctions against defaulting employers - This amendment grants the Commissioner the authority to compromise and settle claims for monies due to the Old Fund or the UEF. Information regarding such settlements is subject to FOIA, and the Commissioner must file an annual report that describes the parties involved in each settlement, the total amount owed/paid and the terms of the settlement.

Senate Bill 552 - Affordable health insurance plan proposals. (Effective April 11, 2009)

This bill requires the Commissioner to invite insurers to submit Affordable Health Care Plan proposals for OIC approval. These proposed plans, which can provide group or individual coverage; must provide cost containment through caps or co-pays, and every proposal must include at least one plan offering catastrophic coverage. In order to reduce the cost of these plans, many mandated benefits are eliminated. OIC will assist in the marketing of approved plans.

As a response to the American Recovery and Reinvestment Act of 2008, the bill includes a provision that makes unemployed persons who were involuntarily terminated from jobs between September 1, 2008 and February 17, 2009, but who either did not elect COBRA coverage or who elected such coverage but had thereafter terminated it, a second chance to elect COBRA coverage and thus take advantage of federal subsidies. The bill required employers to send this "second-opportunity" notice by April 18, 2009, giving the affected former employees 60 days to make the election to continue COBRA group coverage with a 65% premium subsidy from the federal government.

Senate Bill 632 - Requiring insurers share certain information with Bureau for Medical Services. (Effective July 7, 2009)

This bill requires insurers to share information with the BMS regarding claims that may have been paid by BMS during a period when an individual was covered by private insurance.

Senate Bill 669 - Extending Preventive Care Pilot Program. (Effective July 8, 2009)

This bill extends the Preventative Care Pilot Program for two years and increases the number of parties allowed to participate. The bill also requires the Insurance Commissioner to propose a legislative rule regarding limited participation by a subscriber or employer with a high-deductible health benefit plan. The rule must further require notice to a subscriber or employer that, depending on the policy, payment for prepaid health services may or may not count towards an applicable health insurance deductible.

House Bill 2660 - Expanding the definition of limited health care service. (Effective July 10, 2009)

This bill authorizes the creation of additional classes of prepaid limited health service organizations formed pursuant to W. Va. Code §33-25D-1 *et seq.*, which had been limited to such organizations offering mental or behavioral health services. The bill expands the definition of “limited health service” to include dental, vision, podiatric and pharmaceutical services, including Medicare Part D prescription drug plans. The primary focus for the bill is to create an additional licensing vehicle for qualifying Medicare Part D prescription drug plans. Under the new Medicare program, carriers offering the Part D prescription coverage must be licensed in the states in which they operate as risk bearing entities, which meant often having to meet solvency requirements intended for larger accident and sickness insurance companies. The bill is consistent with the NAIC’s amendment of its model Prepaid Limited Health Service Organization Act.

House Bill 2757 - Relating to financial audits of insurers. (Effective July 7, 2009)

The NAIC conducts an accreditation review in each state every five years to assure that each accredited state has sufficient authority to regulate the solvency of its domestic industry. This bill, which was proposed to meet recent NAIC accreditation mandates, makes several changes to West Virginia’s audit rules. These changes involve attempts to increase auditor independence by limiting how often a lead auditor may serve in such a capacity and by prohibiting an auditor from serving a company if he or she provides non-auditing services to that company. The changes also attempt to increase the level of corporate governance by requiring the company to have an audit committee to oversee auditing services and to file a report with the OIC regarding their assessment of internal controls over financial reporting, which report must include management’s assessment of the effectiveness of these internal controls and disclose any unremediated material weaknesses. The corporate governance changes are only mandated for companies with more than \$500,000,000 in annual direct premiums in West Virginia; at present, this would affect only Mountain State BCBS and BrickStreet.

House Bill 2884 - Long-Term Care Partnership Program. (Effective July 10, 2009)

This bill mandates that the state Medicaid agency propose amendments to the State Plan that would establish a public/private state LTC partnership program in West Virginia. The federal partnership program was developed in the 1980s to encourage the purchase of LTC insurance by permitting persons who purchase qualifying policies to retain a specified amount of assets and still qualify for Medicaid for the payment of LTC services.

House Bill 2885 - Establishing a uniform credentialing form and creating a single credentialing verification organization. (Effective July 10, 2009)

The Uniform Credentialing Advisory Committee (“UCAC”) was established in 2001 to create uniform forms for credentialing health care providers and to assist in promulgation of joint rules with OIC and DHHR regarding the forms. The bill expands the mandate of the UCAC’s advisory committee to include consideration of the establishment of one or more credentialing verification organizations within the state to provide primary source verification. DHHR and OIC must report to the Legislature by January 1, 2010 on proposed legislation to implement the provisions of the bill.

House Bill 3047 - Clarifying that the Director of the Public Employees Insurance Agency is authorized to enter into capitated provider arrangements for provision of primary health care services. (Effective July 10, 2009)

This bill adds capitated primary care arrangements to the preferred provider system that the section authorizes PEIA to establish for the delivery of health care to PEIA plan participants. It also provides that such arrangements are not subject to regulation by OIC.

House Bill 3278 - Relating to the life and health insurance guaranty association. (Effective July 10, 2009)

The bill updates the Life and Health Guaranty Fund Association Act by adopting recent amendments to the NAIC model. These changes include the inclusion of unallocated annuity contracts and structured settlement contracts; addresses how payments to residents and nonresidents are determined; sets new limits on coverage for various types of policies and contracts; eliminates the Association's authority to make loans to insolvent insurers; increases the permissible maximum annual pro rata assessment and establishes a process for the protest of assessments; mandates that members comply with requests for information from the association; requires that the plan of operation include provisions for removing a director for cause; addresses conflicts-of-interest issues; and increases the length of the stay of court proceedings involving an insolvent insurer.

House Bill 3288 - Relating to mental health parity. (Effective August 25, 2009)

This bill makes essentially technical changes necessary to comply with recent federal law changes with respect to mental health parity. In addition to changing the way in which parity is measured – actual costs of mental health benefits relative to medical/surgical benefits, instead of the anticipated costs of such benefits – the bill removes the distinction between small and large groups for purposes of parity.

RULES

The following Title 85 workers' compensation related exempt legislative rules became effective during 2009:

85 CSR 1 - Claims Management and Administration (amended rule effective February 22, 2009)

The rule was amended for the limited purpose of addressing the number of days that an injured worker must miss before he or she is eligible for temporary total disability benefits.

85 CSR 1 - Claims Management and Administration (amended rule effective November 8, 2009)

The rule was amended to address travel reimbursement to workers' compensation claimants, as a result of changes made to W. Va. Code §23-4-8 by Senate Bill 537 (passed April 11, 2009, effective July 10, 2009). Specifically, the Legislature amended this provision of the Code to clarify that claimants receive mileage reimbursement at the rate established by the West Virginia Purchasing Division for all treatment related travel.

85 CSR 9 - Workers' Compensation Uninsured Employers' Fund ("UEF") (amended rule effective November 8, 2009)

The rule was amended for the purpose of addressing changes made to W. Va. Code §§23-2A-1 and 23-2C-17 by Senate Bill 537 (passed April 11, 2009; effective July 10, 2009), pertaining to subrogation and the decision appeals process.

Regarding subrogation, changes were made to section 5 of the rule to reflect changes in the law by the Legislature to clarify that the Commission may pursue subrogation against third-party lawsuits brought by the claimant for all amounts paid to date or paid in the future. Also, the Code was unclear as to whether the claimant had to first bring a suit against the third-party or if the UEF could bring suit separately. The amendments to W. Va. Code §23-2A-1 clarified that the claimant must first bring suit.

Regarding the appeals process, previously, the Legislature amended W. Va. Code §23-2C-8 to give the Workers' Compensation Office of Judges ("OOJ") jurisdiction to hear all decisions regarding the UEF. (Previously, the OOJ had no jurisdiction to hear protests regarding the WV Offices of the Insurance Commissioner's initial decision to accept or not accept a claim into the UEF). Changes were made to section 4 of the rule to reflect these changes in the law.

85 CSR 32 - State Agency Revocation Or Refusal To Grant, Issue Or Renew Contracts, Licenses, Permits, Certificates Or Other Authority To Conduct A Trade, Profession Or Business To Or With An Employing Unit In Default Of Its Workers' Compensation Obligations (amended rule effective November 8, 2009)

The rule was amended for the purpose of updating the rule with certain procedural, stylistic and technical changes to reflect the workers' compensation regulatory transition from the former Workers' Compensation Commission to the West Virginia Offices of the Insurance Commissioner. This amended rule sets forth certain processes and procedures applicable to the obligation of other West Virginia state agencies to revoke licenses, permits, certificates, etc., of businesses who are in default status regarding workers' compensation.

The following Title 114 insurance related legislative rules (authorized for promulgation by Senate Bill 227) became effective in 2009:

114 CSR 32 - Long-Term Care ("LTC") (amended rule effective July 1, 2009)

This major revision was made to conform the rule to the NAIC's 2006 amendments to its Model Regulation 641. As amended, the rule provides a comprehensive scheme for regulating LTC insurance by adding provisions to address the following: Unintentional lapses; required disclosure of rating practices; initial filing requirements; premium rate schedule increases; notice to the policyholder of the availability of new services or providers; right to reduce coverage and lower premium; and standards for benefit triggers. The amendments also change the reporting requirements imposed on insurers, adopts new loss ratio standards, and changes the standards for marketing. The existing section governing insurers' efforts to determine the appropriateness of the recommended purchase or replacement is greatly expanded.

114 CSR 41 - Actuarial Opinion and Memorandum Rule (amended rule effective May 14, 2009)

The amendments to this rule, which mirror the changes in 2001 by the NAIC to its actuarial opinions model, were needed to maintain the NAIC accreditation that permits West Virginia's financial examinations to be accepted in other accredited states.

114 CSR 42 - Continuing Education for Individual Insurance Producers (amended rule effective May 14, 2009)

In 2008, the Legislature enacted H.B. 4557 to permit up to two hours of continuing education (“CE”) credit every biennium for active membership in an organization or association recognized and approved by the Commissioner as a state, regional or national professional insurance organization or association. The bill also permitted the carryover of up to six CE credit hours to the following biennium. This rule implements these statutory changes and also establishes standards by which the Commissioner assesses whether applicant organizations qualify for membership credit.

114 CSR 80 - Viatical Settlements (new rule effective May 14, 2009)

This new rule, which regulates providers and brokers involved in the life settlement (“viatical”) industry, is largely based on a model regulation adopted by the NAIC in 2004. The rule addresses licensing requirements, standards for reasonable payments to terminally or chronically ill insureds, annual reporting requirements and payment of settlements.

114 CSR 83 - Discount Medical Plan Organizations and Discount Prescription Drug Plan Organizations (new rule effective May 14, 2009)

This new rule implements 2008 legislation that subjected discount medical and prescription plan organizations to regulation by the WV Offices of the Insurance Commissioner. The rule addresses licensing, marketing, fees, consumer protections, record retention and sanctions.

114 CSR 85 - Professional Employer Organizations (new rule effective May 14, 2009)

This new rule implements a 2008 bill regulating professional employer organizations (“PEOs”). The rule establishes procedures for licensing of professional employer organizations or professional employer organization groups and establishes standards which a professional employer organization or professional employer organization group must meet when conducting business in the State of West Virginia.

114 CSR 86 - Preneed Life Insurance Minimum Standards for Determining Reserve Liabilities and Nonforfeiture Values (new rule effective May 14, 2009)

Actuarial research has determined that the 2001 CSO Mortality Table, currently recognized as the prevailing table for the purposes of calculating reserves and nonforfeiture values both on a statutory basis and on a tax basis, produced inadequate reserves for policies issued in support of a prearrangement agreement to provide goods and services at the time of an insured’s death. This rule requires the use of the 1980 Commissioners Standard Ordinary (CSO) Life Valuation Mortality Table for use in determining the minimum standard of valuation of reserves and the minimum standard nonforfeiture values for preneed insurance products issued after January 1, 2012; prior to that date, the 2001 CSO table may be used if certification of adequate reserves is filed.

The following Title 114 insurance related emergency rules became effective during 2009:

114 CSR 24 - Medicare Supplement Insurance (emergency rule effective July 1, 2009)

The amendments to this rule are due to federal legislation that required the National Association of Insurance Commissioners (“NAIC”) to make changes to their Medicare Supplement Insurance Regulation (Model 651), often referred to as “Medigap.” Medigap policies, which are standardized by this rule (1990 was the last time such policies were standardized), are used to provide coverage for services not covered by Medicare. Other changes are authorized.

114 CSR 36 - West Virginia Life and Health Insurance Guaranty Association Act Notice Requirements (emergency rule effective September 23, 2009)

The rule amendments updated the rule appendix to reflect both extensive amendments by the 2009 Legislature to the Guaranty Association Act (“GAA”) and added a separate form as an additional appendix that sets forth the separate document required if the policy/contract being delivered will not be covered by the Guaranty Association as required by W. Va. Code §33-26A-19(d).

114 CSR 64 - Mental Health Parity (emergency rule effective September 9, 2009)

The rule amendments were necessary to reflect 2009 amendments to the state parity statute, as well as to address more specifically some of the other aspects of the federal law (parity in use of out of network providers, actuarial certification of the costs and record retention). The amendment to the state parity statute (2nd Enr. Com Sub. for H.B. 3288) contained an internal effective date that made the amendment applicable to “any plan year beginning on or after October 3, 2009”; therefore, the emergency rule needed to be in place by October 3, 2009 in order to comply with the newly amended statute and with federal law.

114 CSR 80 - Viatical Settlements (emergency rule effective September 9, 2009)

The rule amendment reflects a change contained in SB 284, enacted in 2009 and effective July 10, 2009, which amended the viatical broker licensing provisions to permit, as an alternative to the pre-amendment requirement of the filing of a \$250,000, evidence of an errors and omissions policy in the amount of \$100,000 per occurrence and \$300,000 annual limit.

EMERGENCY ORDERS

Eight (8) emergency orders were issued by the Insurance Commissioner in 2009.

09-EO-01 - Emergency Order entered on February 3, 2009 - Re: Winter storm beginning January 26, 2009 which caused considerable snow and ice, disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout Cabell, Putnam, Kanawha and surrounding counties in the State of West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the winter storm which began on January 26, 2009.

09-EO-02 - Emergency Adjuster Order entered on February 3, 2009 - Re: Winter storm beginning January 26, 2009 which caused considerable snow and ice, disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout Cabell, Putnam, Kanawha and surrounding counties in the State of West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in Cabell, Putnam, Kanawha and surrounding counties in the State of West Virginia as a result of the winter storm which began on January 26, 2009.

09-EO-03 - Emergency Order entered on February 12, 2009 - Re: Storm beginning on February 11, 2009 containing strong winds, hail and heavy rain which caused disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout the State of West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the storm which began on February 11, 2009.

09-EO-04 - Emergency Adjuster Order entered on February 12, 2009 - Re: Storm beginning on February 11, 2009 containing strong winds, hail and heavy rain which caused disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout the State of West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in the State of West Virginia during the emergency situation.

09-EO-05 - Emergency Order entered May 12, 2009 - Re: Proclamation of state of emergency by Governor Joe Manchin as a result of heavy sustained rains beginning on May 9, 2009 which caused flooding, flash-flooding, river flooding, mudslides, landslides, disrupted transportation, stream blockages and considerable damage to private and public property in Boone, Logan, McDowell, Mingo, Raleigh, Wyoming and surrounding counties in the State of West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the storm which began on May 9, 2009.

09-EO-06 - Emergency Adjuster Order entered May 12, 2009 - Re: Proclamation of state of emergency by Governor Joe Manchin as a result of heavy sustained rains beginning on May 9, 2009 which caused flooding, flash-flooding, river flooding, mudslides, landslides, disrupted transportation, stream blockages and considerable damage to private and public property in Boone, Logan, McDowell, Mingo, Raleigh, Wyoming and surrounding counties in the State of West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in the State of West Virginia as a result of the heavy sustained rains which began on May 9, 2009.

09-EO-07 - Emergency Order entered December 21, 2009 - Re: Proclamation of state of emergency by Governor Joe Manchin III as a result of a severe winter storm beginning on December 18, 2009 which caused considerable snow, disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout the State of West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the storm which began on December 18, 2009.

09-EO-08 - Emergency Adjuster Order entered December 21, 2009 - Re: Proclamation of state of emergency by Governor Joe Manchin III as a result of a severe winter storm beginning on December 18, 2009 which caused considerable snow, disrupted transportation, downed trees and power lines and considerable damage to private and public property throughout the State of West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in the State of West Virginia as a result of the severe winter storm which began on December 18, 2009.

LITIGATION

The Insurance Commissioner was a party to or involved in the following civil actions in the year 2009:

Sherry Grubb v. Jane Cline, West Virginia Insurance Commissioner, in her official capacity, Civil Action No. 06-C-1512

Kasserman and Bowman, PLLC v. Jane L. Cline, Civil Action No. 05-C-1363.

State of West Virginia, ex rel, Jane L. Cline, Insurance Commissioner of the State of West Virginia vs. The Honorable Andrew N. Frye, Jr., Judge of the Circuit Court of Grant County, Gerry A. Davis, Sr., Danny Keplinge, Timothy Rhorbaugh, Monumental Life Insurance Company and William Blankenbeckler, Civil Action No. 04-C-13/04-C-91/05-C-28

Michael Kostenko, D.O. v. Governor Joseph Anthony Manchin, III, et al., Civil Action No. 08-C-3359

Gary Cooper vs. Jane Cline, Insurance Commissioner of West Virginia, Civil Action No. 08-Misc-389

Tilden J. Posin v. West Virginia Bureau of Employment Programs, Workforce West Virginia Division, West Virginia Insurance Commission State of West Virginia and the Ohio County Sheriff, et al., Civil Action No. 5:08-CV-97

ADMINISTRATIVE HEARINGS

Nine (9) hearings were held during 2009 involving complaints by insureds against insurers.

Eight (8) hearings were held during 2009 regarding insurance producer regulatory issues.

Two (2) hearings were held during 2009 regarding third party complaints.

HEARINGS - OTHER

Forty-two (42) Circuit Court hearings were held during 2009 as a result of complaints for injunctive relief filed by the OIC against employers that failed to maintain mandatory workers' compensation coverage.

DISCIPLINARY ACTIONS

Individual Insurance Producers

During the year 2009, Two Thousand Dollars (\$2,000.00) in penalties was assessed as a result of disciplinary actions taken against individual insurance producers. Penalties were imposed for violation of W. Va. Code §33-12-24(b)(4), Improperly withholding, misappropriating or converting any moneys or properties received in the course of doing business; and 33-12-24(b)(9), Using fraudulent, coercive or dishonest practices or demonstrating incompetence, untrustworthiness or financial irresponsibility in the conduct of business in this state or elsewhere.

The licenses of nine (9) individual insurance producers were revoked in 2009 for violation of W. Va. Code §33-12-24(b)(1), Providing incorrect, misleading, incomplete or materially untrue information in the license application; W. Va. Code §33-12-24(b)(2), Violating insurance laws, or violating any regulation, subpoena or order of the Insurance Commissioner or of another state's Insurance Commissioner; W. Va. Code §33-12-24(b)(4), Improperly withholding, misappropriating or converting any moneys or properties received in the course of doing business; W. Va. Code §33-12-24(b)(6), Having been convicted of or pleaded nolo contendere to a felony; W. Va. Code §33-12-24(b)(9), Using fraudulent, coercive or dishonest practices or demonstrating incompetence, untrustworthiness or financial irresponsibility in the conduct of business in this state or elsewhere; W. Va. Code §33-12-24(b)(10), Having an insurance producer license, solicitor license, excess line broker license or its equivalent, denied, suspended or revoked in any other state, province district or territory; and W. Va. Code §33-12-24(b)(11), Forging another's name to an application for insurance or to any document related to an insurance transaction or fraudulently procured a forged signature to an insurance application or any other document, knowing the signature to be forged.

Insurers

During the year 2009, Sixty-six Thousand Five Hundred Dollars (\$66,500) in penalties was assessed as a result of disciplinary actions taken against insurers for violation of W. Va. Code §33-12-18(a), Allowing an unappointed individual insurance producer to act as an agent; and as a result of market conduct examinations conducted in accordance with W. Va. Code §33-2-9.

In addition to the above, two (2) orders were entered by the Insurance Commissioner during 2009 taking regulatory action against insurers for violation of W. Va. Code §33-11-4(9)(b), Failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies; W. Va. Code §33-11-4(9)(f), Unfair Claim Settlement Practices - Not attempting in good faith to effectuate prompt, fair and equitable settlements of claims in which liability has become reasonably clear; W. Va. Code §33-11-7, Undefined acts or practices; W. Va. Code §33-12-18, Allowing an unappointed individual insurance producer to act as an agent; and 114CSR14-6.7, Notice of necessary delay in investigating claims.

The certificates of authority of nine (9) insurers were suspended in 2009 for: Failure to meet the requirements for the license originally granted, because of deficiency of assets or otherwise (W. Va. Code §33-3-10(b)); and, Being found by the Commissioner to be in an unsound condition or in such condition as to render its further transaction of insurance in West Virginia hazardous to its policyholders or to the people of West Virginia (W. Va. Code §33-3-11(a)(4)).

REFERRALS

A total of one thousand one hundred ninety-four (1,194) referrals were received by the Regulatory Compliance Unit of the Legal Division in 2009. A referral is an issue referred to the Regulatory Compliance Unit of the Legal Division from various departments and units within the OIC as well as outside agencies, including the Division of Labor and State Auditor's Office, and other State collaborative actions, which require review and analysis by the Regulatory Compliance Unit prior to determining if it's appropriate to take regulatory action in accordance with the West Virginia Code and/or West Virginia Code of State Rules.

INVESTIGATIONS

A total of eight hundred twelve (812) investigations on all matters were opened by the Regulatory Compliance Unit of the Legal Division in 2009.

- One hundred eighty-four (184) investigations were opened with regard to third party claims settlement practices issues.
- Three hundred forty (340) investigations were opened with regard to producer licensing issues.
- Two hundred fifty-two (252) investigations were opened with regard to workers' compensation issues.
- Ten (10) investigations were opened with regard to company issues.
- Four (4) investigations were opened with regard to first party issues.
- Twenty-two (22) investigations were opened with regard to general inquiries.

POSTINGS

One hundred seventy (170) posting requests with regard to employers that failed to maintain mandatory workers' compensation coverage were referred to the Regulatory Compliance Unit of the Legal Division in 2009. Fifty-four (54) non-compliant employers were posted and/or handled by the Regulatory Compliance Unit. One hundred sixteen (116) postings were attempted but could not be completed due to various reasons, e.g. employer was no longer in business, employer was no longer at the address on file, etc.

Market Conduct Unit

Four (4) “Agreed Orders Adopting Reports of Market Conduct Examination, Directing Corrective Action and Assessing Penalties” were entered by the Insurance Commissioner in 2009 as a result of market conduct examinations conducted in accordance with W. Va. Code §33-2-9. West Virginia policyholders received \$15,894,848.48 in restitution. Penalties totaling \$41,500.00 were assessed as a result of violations discovered during these market conduct examinations.

The OIC entered into one (1) collaborative action with other states in 2009 on issues of concern with multistate insurers.

The unit conducted forty-seven (47) level one and thirty-five (35) level two analyses on licensed companies concerning compliance with the West Virginia Code and the West Virginia Code of State Rules.

The OIC received pertinent data on three hundred and fifty-one (351) companies which filed market conduct annual statements per National Association of Insurance Commissioners’ (“NAIC”) guidelines.

The Market Conduct Unit completed nine (9) comprehensive compliance audits on employers which are self-insured for workers’ compensation; no penalties were assessed.

Revenue Recovery Unit

Revenue Recovery is responsible for the collection of all monies due to the Uninsured Employers' Fund and the Old Fund, as well as collecting fines imposed on employers when the workers' compensation coverage has been cancelled. The unit contacts employers who have defaulted on their workers' compensation premium payments, and takes action against employers who do not pay. Those actions include placement of employers on the Employer Violator System (EVS) and the filing of liens against companies, owners and officers. The Division will seek injunctions to close the business of an employer who fails to maintain workers' compensation insurance, as well as make determinations on whether an employer was out of business or did not have employees when the workers' compensation coverage was cancelled. They work with other state agencies to revoke any business license that the non-paying employer may have. This Division works closely with the Insurance Commission's Regulatory Compliance Division and with the Employer Coverage Division to verify employers who are operating without workers' compensation insurance coverage. Some of the major activities of the Revenue Recovery Division are listed in depth below.

Cash Receipts

This includes collections from the Workers' Compensation Old Fund and the Uninsured Employers' Fund.

January	\$	432,575.11
February	\$	128,211.85
March	\$	149,590.34
April	\$	158,809.16
May	\$	120,044.94
June	\$	117,012.49
July	\$	136,614.93
August	\$	313,900.04
September	\$	172,836.01
October	\$	93,101.33
November	\$	75,772.94
December	\$	106,981.82
2009	\$	2,005,450.96

Default Notifications and Employer Contact

The Division sends letters of notification to all employers that are reported as being in default by not maintaining the mandatory workers' compensation insurance. In 2009, more than 3,300 letter notices were sent to employers that were reported to be uninsured. There were 23,031 contacts both by telephone and in-person between Revenue Recovery and the uninsured employer.

Employer Violator System (EVS)

The Division reviews all employers reported to not have the mandatory workers' compensation insurance and places the employer and the officers of the business on the listing. This electronic report allows other state agencies to search for and identify an employer that may apply for other state licensure or permits. If the employer is on EVS, other agencies may not grant licensure or permits until the default is cured and the business is appropriately insured. In 2009, there were 32,345 accounts listed on EVS.

Liens, Injunctions, and Regulatory Compliance

The Division prepared and mailed 1,666 liens to the county clerk of West Virginia Counties in 2009. The liens were placed on the business as well as the officers or the members of the business as listed on the West Virginia Secretary of State website. During the same timeframe, 603 lien releases were prepared and mailed to the county clerk offices. The liens would be placed due to the employer not working with the Division to cure the default and the lien releases were performed at the time the default was cured.

There were 204 posting requests prepared and forwarded to Regulatory Compliance and the Office of Inspector General during 2009.

Medical Rates and Plans Unit

The Medical Rates and Plans Division is a unit of Financial Services created on January 1, 2006 with the integration of workers' compensation into the Offices of the Insurance Commissioner. The primary functions of the Medical Rates and Plans Division are based on requirements set forth in WV Code §23-4-3. These functions are to calculate the workers' compensation maximum medical reimbursement rates and evaluate managed health care plans. Secondary responsibilities range from preparation, analysis and reconciliation of reports to responding to internal and external stakeholder requests for assistance and education on medical and compensation related issues. To make informed decisions and recommendations the staff researches various federal, state and local laws including compensation rules and regulations, medical fee schedules, national standards, and the latest news and trends of various health insurance carriers and Medicare/ Medicaid. These functions contribute to workers' compensation insurance cost containment.

MEDICAL RATES:

In accordance with WV Code the workers' compensation maximum medical fee schedules are set by the OIC. These fee schedules and reimbursement rates determine the maximum a carrier/payor can pay a provider for covered goods and/ or services on behalf of an injured worker outside of a managed health care plan. The schedules are comprised of thousands of national standard medical codes and each code has a calculated reimbursement value based on methodology. The Medical Rates and Plans area of the OIC website allows internal and external customers to view the current OIC maximum fee schedule methodology.

During the reporting period, in-depth analysis was performed to determine the effects of using existing WV workers' compensation fee schedule methodology and the impact of any proposed revisions on associated medical costs. These complex econometric models were analyzed to enable informed decisions regarding the need for any formula changes. The existing fee schedule methodology that follows a more standardized national insurance approach was reviewed, along with those adopted by various states including those that surround WV. A comparative analysis of a national workers' compensation bill review survey was also performed. This division looks for opportunities for West Virginia to benchmark in a national arena. Staff members attended a Centers for Medicare and Medicaid training opportunity, as well as webinar training to enhance understanding of national billing, coding, and reimbursement trends.

Based on research, workers' compensation maximum medical fee schedule methodologies were developed for nine separate fee schedules. These schedules comprised thousands of codes and fees. It was determined that the current methodology should be updated for the coming period. These new schedules were published July 1, 2009 and are effective for dates of service from July 1, 2009 through June 30, 2010. The Medical Rates and Plans Division continues to focus on customer education with every contact opportunity.

National codes change frequently throughout the course of every year, and fee schedules require regular review to ensure insurance market and billing relevance along with impact analysis. The reference library that supports the medical rate analysis system is updated as needed to assure the most current information is available for regulatory analysis and stakeholder requests. The Insurance Commissioner annually provides the legislature a copy of the schedules.

MANAGED HEALTH CARE PLANS:

The West Virginia Legislature in an attempt to ensure effective, high quality, and cost effective care to injured workers determined that all workers’ compensation managed health care plans operating in WV be reviewed and approved bi-annually by the Offices of the Insurance Commissioner. The Medical Rates and Plans Division develops and maintains, the applications and approval processes for Managed Health Care Plans (MHCP) for workers’ compensation. A managed health care renewal application was developed and is used to facilitate review of plans that have been approved for two years or more.

These managed health care plans are normally fiduciary or non-fiduciary in nature and their comprehensive applications, approval, and renewal processes reflect those differences. The applications are based on national standards and are regularly reviewed and receive enhancements as necessary. Continued alignment with national standards and proven strategies for quality assurance and improvement requires regular review. This division provides individual assistance to stakeholders during the application process to smooth any difficulties they may encounter. During the 2009 calendar year this division recommended to the Commissioner an additional two (2) new workers’ compensation managed health care plans for approval in WV, and three (3) managed health care plans for renewal.

Managed health care plans are not static and fluctuate in their business needs after their applications have been approved. This division continues to work with approved plans and assists them in the various plan and network changes that any health care organization experiences on a frequent basis. The regulatory review and approval systems were developed to facilitate the needs of the stakeholders. The Medical Rates and Plans Division processed 50 requests from the approved plans for amendments or modifications during this period.

Year	Total Requests Processed	Requests for Amendments	Requests for Modifications	Requests Approved	Requests Denied
2009	50	6	44	50	0

By the end of calendar year 2009, a total of twelve (12) workers’ compensation managed health care plans were approved to operate in WV. The number of network providers throughout WV in some of the plans are noted below for a few of the medical specialties frequently accessed by injured workers. Many providers participate in more than one network. If so, they would be represented more than once in the following information. Some networks participate in more than one MHCP.

	Family/General Practice	Internal Medicine	General Surgery	Neurology	Orthopedic	Pain Management	Chiropractor
Network 1	752	318	180	52	158	66	205
Network 2	454	170	97	36	5	18	119
Network 3	532	241	105	35	62	0	72
Network 4	638	385	129	44	109	28	103
Network 5	162	161	128	32	87	8	114

Based on the requirements of Series 85, Rule 21 managed health care plans must report semi-annually. A system was developed to standardize the plan reporting process. In addition to the medical cost data, these reports include information on the number of grievances filed with each managed health care plan and a summary of the action taken. The data collected in this system is an aggregate of the claims managed by each health care plan and experienced by multiple employers and/or carriers. The reported data is sorted by a set of disease and injury numbers called the International Classification of Disease (ICD) codes. The type of information collected includes the: number of employees and injuries treated by each code; total medical costs sorted by physician, hospital, drug and others costs; average costs per injured employee and average cost per code; along with the number of days employees were absent from work. Due to approval dates of the plans, only seven (7) were required to report for both periods during the 2009 calendar year. The following is an aggregate of some of the reported data:

Aggregate Health Plans Reporting Period	# of Employees Treated by ICD-9 Code During the 6 mo Period	Total Medical Cost	# of Days Absent from Work	Grievances Reported
January 1 – June 30, 2009	6,663	\$ 7,771,397	114,725	432
July 1 – December 31, 2009	20,648	\$27,293,155	399,403	363

A grievance reporting tool is included in the semi-annual reports that allows the approved plans to state the results of their grievance process. Each plan may determine whether their grievance process is mandatory or optional. These terms are further defined to mean: Mandatory MHCP grievance process (intent of MHCP is to have a grievance process that must be exhausted before litigation); Optional MHCP grievance process (intent of MHCP is to have a grievance process that may be exhausted before litigation). During 2009, all but one (1) of the approved MHCP's, reported mandatory grievance processes.

A Client Reporting process was developed to assist the plans in communicating client participation in the MHCP. Client reporting represents carriers, third party administrators, and self-insured employers. Regular subscriber employers are not included in this data. Aggregate participation was reported as: 60 clients and 77 sub-clients.

During this period an electronic imaging system was fully implemented to support stakeholder needs and to reduce paperwork engendered in the managed health care area of this division. Policies and procedures were developed and tested to support this function.

OTHER:

The Medical Rates and Plans Division maintains a website that encompasses their regulatory functions. This website enables stakeholders to easily access information, forms, applications and directions for their use. When appropriate, telephone callers to the division, are directed to this web site so they may have instant access to the information. The agency website underwent a complete revision in 2009. During this period, the Medical Rates and Plans division completely revised each page of it's website to enhance customer service, including a direct email inquiry address for customer use. More than 100 inquiries were processed just from this source alone. In addition to answering specific managed care and medical fee schedule questions, the Medical Rates and Plans direct email inquiry address provided valuable feedback concerning the stakeholder community's satisfaction, perceptions, and opinions about the services provided by this division and assists in its oversight and process improvement initiatives. Based on this and other information, the website is reviewed and revised on a regular basis as information and responsibilities change and to improve service.

Complex data bases and spreadsheets have been developed to track and support various functions of this division. Such systems, as exemplified above, are reviewed and revised on a regular basis to enhance lessons learned and improve division benchmarking opportunities and functionality. The information garnered from these information systems also allows Medical Rates and Plans to provide support to other divisions within the OIC and other agencies, such as: Administrative, Legal, Medical Director, Customer Services, Claims Services, Self-Insurance, WV uniform credentialing initiative, and the Governor's Office of Health Enhancement and Lifestyle Planning.

Workers' Compensation Office of Judges

The primary responsibility of the Office of Judges is to process protests from initial workers' compensation claim management decisions made by insurers or their agents. Jurisdiction of the Office of Judges commenced on July 1, 1991. Early in the history of the office, the sole responsibility was to perform judicial review of actions of the Administrative Agency, the Workers' Compensation Division. Since privatization of the workers' compensation market in 2005, the Office of Judges reviews claim management decisions from Private Insurance Carriers and Self Insured Employers, as well as claim management decisions from the Third Party Administrator's, which administer the legacy claims of the former Workers' Compensation Commission. Our goal is to resolve these protests in a fair, efficient, and timely manner.

The Office of Judges currently employs sixty-three employees, including nineteen Administrative Law Judges. The operation is housed in three primary locations: Charleston, Beckley and Fairmont. Additionally, evidentiary hearings are conducted in seven venues across the State, including Charleston, Beckley, Fairmont, Parkersburg, Wheeling, Elkins and Martinsburg.

The issues in litigation traditionally arise under Chapter 23 of the West Virginia Code, as well as a plethora of Workers' Compensation Rules found in Title 85 of the Code of State Regulations. The Office of Judges is governed by procedural rules found in 93 CSR 1, Litigation of Protests, and 93 CSR 2, Time Standard Rules. Pursuant to rule, the Office of Judges establishes a deadline for the filing of evidence by the parties. The Office of Judges conducts hearings, receives and weighs evidence, as well as receives argument by the parties. At the end of the evidentiary time frame, a written decision is issued by an Administrative Law Judge.

In addition to traditional workers' compensation appeals, the Office of Judges also conducts hearings or review of other legal matters, including the following:

Failure to Timely Act or Rule on a Claim Request: W.Va. Code § 23-4-1c(a)(3) provides a process by which claimants may seek review by the Office of Judges when a self-insured employer, or any private insurance carrier, fails to timely rule or act upon any request or motion in a workers' compensation claim.

Award of Attorney Fees for Unreasonable Denial of Benefits by the Insurance Carrier: W.Va. Code §23-2C-21(c) provides that the Office of Judges may order a self-insured employer, or any private insurance carrier, to pay reasonable attorney fees and expenses to claimants when the Office of Judges determines that the original denial of a claim or treatment request was unreasonable.

Workers' Compensation Default List: An employer in default of payment of workers' compensation premiums may be liable to the Offices of the Insurance Commissioner ("OIC") for all medical and indemnity payments, administrative expenses, attorney fees and interest. The employer will remain on the default list until all payments are current and can be fined up to \$10,000.00. The Office of Judges has been designated as the entity to review final decisions by the OIC regarding placement of an Employer on the Workers' Compensation Default List. Review by the Office of Judges must be conducted in accordance with the West Virginia Administrative Procedures Act.

Non-Workers' Compensation Matters:

Third Party Claims Arising under the Unfair Trade Practices Act: Pursuant to W.Va. Code §§33-11-4a(h) and §33-2-10, the OIC receives complaints arising from alleged unfair methods of competition or unfair or deceptive acts or practices of insurance policies and insurance contracts, except workers' compensation insurance. The Office of Judges has been designated as at least one responsible entity to conduct hearings, receive evidence, briefs, memoranda or motions and issue a recommendation to the Insurance Commissioner. The Commissioner will enter a final order following the hearing. The hearing will be conducted in accordance with the West Virginia Administrative Procedures Act.

WV Health Care Authority: Pursuant to Executive Order No. 3-99, the Office of Judges is designated as the entity to review final decisions of the West Virginia Health Care Authority with regard to their final written decisions on matters related to certificates of need for new institutional health services and to rate setting of hospitals pursuant to West Virginia Code §16-2D-1, *et seq.* and §16-29B-1, *et seq.* The review is conducted in accordance with the West Virginia Administrative Procedures Act.

In the wake of the statutory reforms enacted in 2003, and the onset of privatization in 2005, the volume of litigation before the Office of Judges substantially decreased. While litigation continues to decline, it is declining at a less rapid pace than in prior years.

I. Recent Initiatives

Recent initiatives at the Office of Judges have been aimed at adapting the operation to better serve West Virginia's newly-privatized workers' compensation market. In Fiscal Year 2010, the Office of Judges continued to make improvements to our work product with regard to quality and efficiency, including continued improvements in our goal of creating a Judge-centered system that recognizes the unique elements of each case and addresses the growing complexity of the issues placed in litigation. We believe these changes will improve the overall degree of satisfaction of the litigants participating in the appeals system.

The OIJ continues to work in the area of public outreach and provides a statistical report to the Workers' Compensation Industrial Council on a monthly basis, as well as provides a monthly update on litigation trends to the Workers' Compensation Committee of the West Virginia State Bar. Also in FY 2010, the Office of Judges held legal workshops in Charleston and Morgantown. These workshops are designed to provide the workers' compensation practitioner with pertinent information related to practicing before the Office of Judges, including litigation statistics, updates on the law and procedural practice pointers.

In FY 2010, the Office of Judges successfully consolidated operations in our Charleston office by incorporating the hearing venue, previously separate from our main office, into our primary office space. The old hearing space was relinquished back to the building owner, resulting in additional financial savings. The new hearing rooms were upgraded with traditional courtroom style furniture, as well as modern recording equipment. We believe these improvements will lead to greater satisfaction in the litigation process. The increased decorum assists our office in expressing to our litigants that judicial review is a serious matter and that they always receive substantial due process when appealing their workers' compensation matter to the Office of Judges.

II. Time Standard Compliance

Pursuant to regulation, the Office of Judges is required to process protests in a timely manner in order that the parties to litigation may receive decisions without unreasonable delay. Additionally, on an annual basis, the Office of Judges is required to report on “the degree of compliance” with the time limitations set forth in the Rule. The following statistical analysis reflects the performance of the Office of Judge for Fiscal Year 2010.

A. 93 CSR 2 § 4 Motions

The Rule requires the Office of Judges to act upon a motion “within 45 days of the date of submission” of the motion or on the date of the final decision, whichever is earlier. Of the 10,987 written motions ruled upon in the past fiscal year, 94.2% were issued in compliance with the time standard.

B. 93 CSR 2 § 5 Hearings

The Rule requires the Office of Judges to schedule a hearing “within 60 days from the receipt of the request for hearing.” Of the 578 hearings scheduled in the past fiscal year, 90.31% were scheduled in compliance with the time standard.

C. 93 CSR 2 § 6 Time Standards

The Rule requires the Office of Judges to issue a final decision within various time limits depending upon the issue involved (measuring time from the date of receipt of the protest to issuance of the decision). Pursuant to 93 CSR 2 § 3.1 the percentage of final decisions that must be at or under the applicable time standards as provided in 93 CSR 2 § 6 is 80%. The Office of Judges issued 89% of its decisions within the time standard.

D. 93 CSR 2 § 7 Issuance of Decisions

The Rule requires the Office of Judges to issue 60% of its decisions within 30 days of the Order to Submit; 80% of its decisions within 60 days of the Order to Submit; and 100% of its decisions with 90 days of the Order to Submit. Of the 3,468 decisions issued in the past fiscal year, 45.8% were issued within 30 days, 73.5% were issued within 60 days and 97.8% were issued within 90 days of the Order to Submit.

Rates and Forms Division

The Rates and Forms Division review rate, rule, form and advertising filings (proposals) submitted by the licensed insurance companies for use in our insurance markets. All personal lines property and casualty product filings (such as for auto, workers' compensation and homeowners insurance) as well as all accident and sickness products (such as health insurance and long term care insurance) must receive prior approval from the division before using the newly proposed forms or rates in our State. Similarly, all commercial lines property and casualty product filings (such as commercial auto or business owners policies) and all accident and sickness group association filings are also reviewed by the division within 30 days of the receipt of their filing and can be (and are) disapproved by the division, although those products do not require approval prior to use in our marketplace.

In 2009, the Rates and Forms Division received and reviewed eight thousand five hundred and forty (8,540) rate, form and rule filings. Of the total number of filings received in 2009, eight thousand three hundred and fifty seven (8,357) or 99% were submitted to the Rates and Forms Division via the System for Electronic Rate and Form filing (SERFF). One hundred and fifty nine (159) were submitted by the Interstate Insurance Product Regulation Compact.
