IMPORTANT NOTES:

1. The following tables are available from Medicare <http://www.cms.hhs.gov/home/medicare.asp>:
ASP Drug Pricing Files.
2. Within the Medicare website go to the *Medicare Part B Drugs Average Sales Price* link, and locate *ASP Drug Pricing Files*. Open the *ASP Drug Pricing Files* for the appropriate year, click on the folder link for the July 1 update prior to date of service. For example, July 2008 file is called *July 2008 ASP Pricing File*. Choose the July 1 update prior to date of service if there are multiple for that year. For date of service between July 1 and June 30, the reimbursement effective on the July 1 immediately prior to date of service would apply. For example, for a January 10, 2009 date of service, the reimbursement effective on July 1, 2008 would apply.
3. Calculate the fee by taking the Medicare Payment Limit, rounded and multiply by 1.35 to get the OIC Max Allowable Fee, rounded.
