4.4.4. Premiums are adjusted to reflect the elimination of outpatient prescription drug coverage at the time of Medicare Part D enrollment, accounting for any claims paid, if applicable.

§114-24-5. Minimum Benefit Standards for Pre-Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued for Delivery Prior to August 5, 1991.

5.1. No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the minimum standards set forth in this section. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

5.2. General Standards. -- The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this rule.

5.2.1. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

5.2.2. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

5.2.3. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment or coinsurance amounts. Premium modifications to correspond to these changes are permissible subject to prior approval of the Commissioner. Any proposed premium modifications shall be filed with the Commissioner in compliance with procedures applicable to accident and sickness filings generally and with other applicable sections of this rule.

5.2.4. A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" Medicare supplement policy shall not:

5.2.4.a. Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

5.2.4.b. Be canceled or nonrenewed by the issuer solely on the grounds of deterioration of health.

5.2.5. Except as authorized by the Commissioner, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

5.2.5.a. If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in paragraph c of this subdivision, the issuer shall offer certificate holders an individual Medicare supplement policy. The issuer shall offer the certificate holder at least the following choices:

5.2.5.a.1. An individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; and

5.2.5.a.2. An individual Medicare supplement policy which provides only the benefits as are required to meet the minimum standards as defined in subsection 6A.3 of this rule.

5.2.5.b. If membership in a group is terminated, the issuer shall:

5.2.5.b.1. Offer the certificate holder the conversion opportunities described in paragraph a of this subdivision; or

5.2.5.b.2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

5.2.5.c. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

5.2.6. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

5.2.7. If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subsection.

5.3. Minimum Benefit Standards.

5.3.1. Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

5.3.2. Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

5.3.3. Coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days;

5.3.4. Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of ninety percent (90%) of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

5.3.5. Coverage under Medicare Part A for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

5.3.6. Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductible [$183];

5.3.7. Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

§114-24-6. Benefit Standards for 1990 Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued for Delivery on or After August 5, 1991 and with an Effective Date for Coverage Prior to June 1, 2010.

6.1. The standards set forth in this section are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after August 5, 1991 and with an effective date of coverage prior to June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

6.2. General Standards. -- The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this rule.

6.2.1. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

6.2.2. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

6.2.3. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment or coinsurance amounts. Premium modifications to correspond to these changes are permissible subject to prior approval of the Commissioner. Any proposed premium modifications shall be filed with the Commissioner in compliance with procedures applicable to accident and sickness filings generally and with other applicable sections of this rule.

6.2.4. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

6.2.5. Each Medicare supplement policy shall be guaranteed renewable.

6.2.5.a. The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual; and

6.2.5.b. The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

6.2.5.c. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under paragraph e of this subdivision, the issuer shall offer certificate holders an individual Medicare supplement policy which (at the option of the certificate holder):

6.2.5.c.1. Provides for continuation of the benefits contained in the group policy, or

6.2.5.c.2. Provides for benefits that otherwise meet the requirements of this subsection.

6.2.5.d. If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

6.2.5.d.1. Offer the certificate holder the conversion opportunity described in paragraph c of this subdivision; or

6.2.5.d.2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

6.2.5.e. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

6.2.5.f. If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subdivision.

6.2.6. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

6.2.7.

6.2.7.a. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance.

6.2.7.b. If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstituted (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

6.2.7.c. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for the period provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

6.2.7.d. Reinstitution of coverages as described in paragraphs b and c of this subdivision:

6.2.7.d.1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;

6.2.7.d.2. Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstitution of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

6.2.7.d.3. Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

6.2.8. If an issuer makes a written offer to the Medicare Supplement policyholders or certificate holders of one or more of its plans, to exchange during a specified period from his or her 1990 Standardized plan (as described in section 7 of this rule) to a 2010 Standardized plan (as described in section 7A of this rule), the offer and subsequent exchange shall comply with the following requirements:

6.2.8.a. An issuer need not provide justification to the Commissioner if the insured replaces a 1990 Standardized policy or certificate with an issue age rated 2010 Standardized policy or certificate at the insured's original issue age and duration. If an insured's policy or certificate to be replaced is priced on an issue age rate schedule at the time of the offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to the pre-funding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the Commissioner in a manner prescribed by the Commissioner.

6.2.8.b. The rating class of the new policy or certificate shall be the class closest to the insured's class of the replaced coverage.

6.2.8.c. An issuer may not apply new pre-existing condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 Standardized policy or certificate of the insured but may apply pre-existing condition limitations of no more than six (6) months to any added benefits contained in the new 2010 Standardized policy or certificate not contained in the exchanged policy.

6.2.8.d. The new policy or certificate shall be offered to all policyholders or certificate holders within a given plan, except where the offer or issue would be in violation of state or federal law.

6.3. Standards for Basic Core Benefits Common to Benefit Plans A - J. -- Every issuer shall make available a policy or certificate including only the following basic core package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic core package, but not in lieu thereof.

6.3.1. Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

6.3.2. Coverage of Part A Medicare eligible expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used;

6.3.3. Upon exhaustion of the Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of one hundred percent (100%) of the Medicare Part A eligible expenses for hospitalization paid at the applicable prospective payment system (PPS) rate, or other appropriate Medicare standard of payment, subject to a lifetime maximum benefit of an additional 365 days. The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance;

6.3.4. Coverage under Medicare Parts A and B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;

6.3.5. Coverage for the coinsurance amount (or in the case of hospital outpatient department services under a prospective payment system, the copayment amount) of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible.

6.4. Standards for Additional Benefits. -- The following additional benefits shall be included in Medicare Supplement Benefit Plans "B" through "J" only as provided by section 7 of this rule.

6.4.1. Medicare Part A Deductible: Coverage for all of the Medicare Part A inpatient hospital deductible amount per benefit period.

to the extent not covered by Medicare. The outpatient prescription drug benefit may be included for sale or issuance in a Medicare supplement policy until January 1, 2006.

6.4.7. Extended Outpatient Prescription Drug Benefit: Coverage for fifty percent (50%) of outpatient prescription drug charges, after a two hundred fifty dollar ($250) calendar year deductible, to a maximum of three thousand dollars ($3,000) in benefits received by the insured per calendar year, to the extent not covered by Medicare. 6.4.8. Medically Necessary Emergency Care in a Foreign Country: Coverage to the extent not covered by Medicare for eighty percent (80%) of the billed charges for Medicare-eligible expenses for medically necessary emergency hospital, physician and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first sixty (60) consecutive days of each trip outside the United States, subject to a calendar year deductible of two hundred fifty dollars ($250), and a lifetime maximum benefit of fifty thousand dollars ($50,000). 6A.1. The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 Standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued with an effective date for coverage prior to June 1, 2010 remain subject to the requirements of sections 6 and 7 of this rule.

6A.2. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this rule.

6A.2.1. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

6A.2.2. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

6A.2.3. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, co-payment, or coinsurance amounts. Premium modifications to correspond to these changes are permissible subject to prior approval of the Commissioner. Any proposed premium modifications shall be filed with the Commissioner in compliance with procedures applicable to accident and sickness filings generally and with other applicable sections of this rule.

6A.2.4. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

6A.2.5. Each Medicare supplement policy shall be guaranteed renewable.

6A.2.5.a. The issuer shall not cancel or non-renew the policy solely on the ground of health status of the individual.

6A.2.5.b. The issuer shall not cancel or non-renew the policy for any reason other than nonpayment of premium or material misrepresentation.

6A.2.5.c. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under paragraph e of this subdivision, the issuer shall offer certificate holders an individual Medicare supplement policy which (at the option of the certificate holder):

6A.2.5.c.1. Provides for continuation of the benefits contained in the group policy; or

6A.2.5.c.2. Provides for benefits that otherwise meet the requirements of this subsection.

6A.2.5.d. If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

6A.2.5.d.1. Offer the certificate holder the conversion opportunity described in paragraph c of this subdivision; or

6A.2.5.d.2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

6A.2.5.e. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

6A.2.6. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

6A.2.7.

6A.2.7.a. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed twenty-four (24) months) in which the policy holder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance.

6A.2.7.b. If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstituted (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

6A.2.7.c. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

6A.2.7.d. Reinstitution of coverages as described in paragraphs b and c of this subdivision:

6A.2.7.d.1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;

10.4.3. For purposes of subdivisions 5 and 6, subsection 10.2 of this section, no enrollment of an individual with an organization or provider described in paragraph a, subdivision 5, subsection 10.2 of this section, or with a plan or in a program described in subdivision 6, subsection 10.2 of this section, may be deemed to be an initial enrollment under this paragraph after the two-year period beginning on the date on which the individual first enrolled with an organization, provider, plan or program.

10.5. The Medicare supplement policy to which eligible persons are entitled under:

10.5.1. Subdivisions 1, 2, 3, and 4, subsection 10.2 of this section is a Medicare supplement policy which has a benefit package classified as Plan A, B, C, F (including F with a high deductible), K or L offered by any insurer.

10.5.2.

10.5.2.a. Subject to paragraph b of this subdivision, subdivision 5, subsection 10.2 of this section is the same Medicare supplement policy in which the individual was most recently previously

enrolled, if available from the same issuer, or, if not so available, a policy described in subdivision 1 of this subsection.

10.5.2.b. After December 31, 2005, if the individual was most recently enrolled in a Medicare supplement policy with an outpatient prescription drug benefit, a Medicare supplement policy described in this paragraph is:

10.5.2.b.1. The policy available from the same issuer but modified to remove outpatient prescription drug coverage; or

10.5.2.b.2. At the election of the policyholder, an A, B, C, F (including F with a high deductible), K or L policy that is offered by any issuer;

10.5.3. Subdivision 6, subsection 10.2 of this section shall include any Medicare supplement policy offer by any issuer;

10.5.4. Subdivision 7, subsection 10.2 of this section is a Medicare supplement policy that has a benefit package classified as Plan A, B, C, F (including F with a high deductible), K or L, and that is offered and is available for issuance to new enrollees by the same issuer that issued the individual's Medicare supplement policy with outpatient prescription drug coverage.

10.6. Notification provisions are as follows:

10.6.1. At the time of an event described in subsection 10.2 of this section because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the policy, or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subsection 10.1 of this section. The notice shall be communicated contemporaneously with the notification of termination.

10.6.2. At the time of an event described in subsection 10.2 of this section because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subsection 10.1 of this section. The notice shall be communicated within ten (10) working days of the issuer receiving notification of disenrollment.

§114-24-11. Standards for Claims Payment.

11.1. An issuer shall comply with Section 1882(c)(3) of the Social Security Act (as enacted by Section 4081(b)(2)(C) of the Omnibus Budget Reconciliation Act of 1987 (OBRA) 1987, Pub. L. No. 100-203) by:

11.1.1. Accepting a notice from a Medicare carrier on dually assigned claims submitted by participating physicians and suppliers as a claim for benefits in place of any other claim form otherwise required and making a payment determination on the basis of the information contained in that notice;

11.1.2. Notifying the participating physician or supplier and the beneficiary of the payment determination;

11.1.3. Paying the participating physician or supplier directly;

11.1.4. Furnishing, at the time of enrollment, each enrollee with a card listing the policy name, number, and a central mailing address to which notices from a Medicare carrier may be sent;

11.1.5. Paying user fees for claim notices that are transmitted electronically or otherwise; and

11.1.6. Providing to the Secretary of Health and Human Services, at least annually, a central mailing address to which all claims may be sent by Medicare carriers.

11.2. Compliance with the requirements set forth in subsection 11.1 of this section shall be certified on the Medicare supplement insurance experience reporting form.

§114-24-12. Loss Ratio Standards and Refund or Credit of Premium.

12.1. Loss Ratio Standards.

12.1.1. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless:

12.1.1.a. The policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:

12.1.1.a.1. At least seventy-five percent (75%) of the aggregate amount of premiums earned in the case of group policies, or

12.1.1.a.2. At least sixty-five percent (65%) of the aggregate amount of premiums earned in the case of individual policies;

12.1.1.b. Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include:

12.1.1.b.1. Home office and overhead costs;

12.1.1.b.2. Advertising costs;

12.1.1.b.3. Commissions and other acquisition costs;

12.1.1.b.4. Taxes;

12.1.1.b.5. Capital costs;

12.1.1.b.6. Administrative costs; and

12.1.1.b.7. Claims processing costs.

12.1.2. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period

for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

12.1.3. For policies issued prior to April 28, 1996, expected claims in relation to premiums shall meet:

12.1.3.a. The originally filed anticipated loss ratio when combined with the actual experience since inception;

12.1.3.b. The appropriate loss ratio requirement from subparagraphs 1 and 2, paragraph a, subdivision 1 of this subsection when combined with actual experience beginning April 28, 1996; and

12.1.3.c. The appropriate loss ratio requirement from subparagraphs 1 and 2, paragraph a, subdivision 1 of this subsection over the entire future period for which the rates are computed to provide coverage.

12.2. Refund or Credit Calculation.

12.2.1. An issuer shall collect and file with the Commissioner by May 31 of each year the data contained in the applicable reporting form contained in Appendix A for each type in a standard Medicare supplement benefit plan. Appendix A, which is hereby incorporated into this rule by reference, is annexed hereto and entitled "Reporting Form for Calculation of Loss Ratios."

12.2.2. If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

12.2.3. For the purposes of this section, policies or certificates issued prior to April 28, 1996, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after April 28, 1996. The first report shall be due by May 31, 1998.

12.2.4. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

12.3. Annual Filing of Premium Rates.

12.3.1. An issuer of Medicare supplement policies and certificates issued before or after the effective date of these "Permanent Regulations on Medicare Supplement Insurance" in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three (3) years.

12.3.2. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the Commissioner, in accordance with the applicable filing procedures of this state:

12.3.2.a. Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents as necessary to justify the adjustment shall accompany the filing.

12.3.2.a.1. An issuer shall make premium adjustments as are necessary to produce an expected loss ratio under the policy or certificate as will conform with minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for such Medicare supplement insurance policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein should be made with respect to a policy at any time other than upon its renewal date or anniversary date.

12.3.2.a.2. If an issuer fails to make premium adjustments acceptable to the Commissioner, the Commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this section.

12.3.2.b. Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

12.4. Public Hearings.

12.4.1. The Commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of this rule if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner consistent with the provisions of W. Va. Code §§33-2-12 and 33-2-13. Nothing in this subsection shall be construed so as to limit the authority of the Commissioner to conduct hearings regarding rates, to the extent that the laws of this state grant authority.

§114-24-13. Filing and Approval of Policies and Certificates and Premium Rates.

13.1. An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the Commissioner in accordance with filing requirements and procedures prescribed by the Commissioner.

13.2. An issuer shall file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the commissioner in the state in which the policy or certificate was issued.

13.3. An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner.

13.4. Except as provided in subdivision 1 of this subsection, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

13.4.1. An issuer may offer, with the approval of the Commissioner, up to four additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

13.4.1.a. The inclusion of new or innovative benefits;

13.4.1.b. The addition of either direct response or agent marketing methods;

13.4.1.c. The addition of either guaranteed issue or underwritten coverage;

13.4.1.d. The offering of coverage to individuals eligible for Medicare by reason of disability.

13.4.2. For the purposes of this section, a "type" means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

13.5. Except as provided in paragraph a of subdivision 1 of this subsection, an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this rule that has been approved by the Commissioner.

13.5.1. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve months.

13.5.1.a. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the Commissioner in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the Commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.

13.5.1.b. An issuer that discontinues the availability of a policy form or certificate form pursuant to paragraph 1 of subdivision a of this subsection shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides notice to the Commissioner of the discontinuance. The period of discontinuance may be reduced if the Commissioner determines that a shorter period is appropriate.

13.5.2. The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subsection.

13.5.3. A change in the rating structure or methodology shall be considered a discontinuance under this subsection unless the issuer complies with the following requirements:

13.5.3.a. The issuer provides an actuarial memorandum, in a form and manner prescribed by the Commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

13.5.3.b. The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The Commissioner may approve a change to the differential which is in the public interest.

13.6. Refund or Credit Calculation.

13.6.1. Except as provided in subdivision 2 of this subsection, the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in section 12 of this rule.

13.6.2. Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

13.7. An issuer shall not present for filing or approval a rate structure for its Medicare supplement policies or certificates issued after the effective date of the amendment of this rule based upon a structure or methodology with any groupings of attained ages greater than one year. The ratio between rates for successive ages shall increase smoothly as age increases. For any insurer that rates Medicare supplement policies or certificates under multiple-year age banding at the time of the effective date of this subsection, the insurer may transition to one-year age bands over a period of five (5) years or less. Nothing herein shall prohibit an insurer from applying a maximum rate based upon the attainment of a specific age.

§114-24-14. Permitted Compensation Arrangements.

14.1. An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first year commission or other first year compensation is no greater than two hundred percent (200%) of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

14.2. The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five (5) renewal years.

14.3. No issuer or other entity shall provide compensation to its agents or other producers and no agent or producer shall receive compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

14.4. For purposes of this section, “compensation” includes pecuniary or non-pecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate including but not limited to bonuses, gifts, prizes, awards and finder’s fees.

114-24-15. Required Disclosure Provisions.

15.1. General Rules.

15.1.1. Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision must be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder’s age.

15.1.2. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after the date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing

signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

15.1.3. Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import.

15.1.4. If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy, be labeled as "Preexisting Condition Limitations," and be placed on the first page of the policy.

15.1.5. Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

15.1.6. Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to a person(s) eligible for Medicare shall provide to those applicants a *Guide to Health Insurance for People with Medicare* in the form developed jointly by the National Association of Insurance Commissioners and CMS and in a type size no smaller than 12 point type. For purposes of this section, "form" means the language, format, type size, promotional spacing, bold character, and line spacing. Delivery of the *Guide* shall be made whether or not the policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates as defined in this rule. Except in the case of direct response issuers, delivery of the *Guide* shall be made to the applicant at the time of application and acknowledgment of receipt of the *Guide* shall be obtained by the issuer. Direct response issuers shall deliver the *Guide* to the applicant upon request but not later than at the time the policy is delivered.

15.2. Notice Requirements.

15.2.1. As soon as practicable, but no later than thirty (30) days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificate holders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the Commissioner. The notice shall:

15.2.1.a. Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate, and

15.2.1.b. Inform each policyholder or certificate holder as to when any premium adjustment is to be made due to changes in Medicare.

15.2.2. The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

15.2.3. The notices shall not contain or be accompanied by any solicitation.

15.3. MMA Notice Requirements. Issuers shall comply with the notice requirements of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

15.4. Outline of Coverage Requirements for Medicare Supplement Policies.

15.4.1. Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant; and

15.4.2. If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than twelve (12) point type, immediately above the company name:

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

15.4.3. The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than twelve (12) point type. All Medicare Supplement Benefit Plans shall be shown on the cover page, and the plan(s) that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

15.4.4. The following items shall be included in the outline of coverage in the order prescribed in Appendix E at the end of this rule. Appendix B, entitled "Outline of Medicare Supplement Coverage--Cover Page," which is incorporated into this rule by reference and annexed hereto, prescribes the information to be contained on the cover page. The required premium information and disclosure pages are in Appendix E of this rule. Examples of charts displaying the features of each Medicare supplement benefit plan offered by the issuer is contained in Appendix C, which is annexed hereto and incorporated herein by reference.

15.5. Notice Regarding Policies or Certificates Which Are Not Medicare Supplement Policies.

15.5.1. Any accident and sickness insurance policy or certificate, other than a Medicare supplement policy a policy issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C. §1395 et seq.); disability income policy; or other policy identified in subdivision 3 of subsection 1.5 of this rule, issued for delivery in this state to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy or certificate delivered to insureds. The notice shall be in no less than twelve (12) point type and shall contain the following language:

"THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

15.5.2. Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in subdivision 1 of this subsection shall disclose, using the applicable statement in Appendix C, the extent to which the policy duplicates Medicare. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

§114-24-16. Requirements for Application Forms and Replacement Coverage.

16.1. Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medicaid coverage, or another health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing these questions and statements may be used.

16.1.1. Statements:

16.1.1.a. You do not need more than one Medicare supplement policy.

16.1.1.b. If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

If you are no longer entitled to Medicaid, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within ninety (90) days of losing Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

16.1.1.e. If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within ninety (90) days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

16.1.2. Questions. If you lost or are losing other health insurance coverage and received a notice from your prior insurer saying you were eligible for guaranteed issue of a Medicare supplement insurance policy, or that you had certain rights to buy a policy, you may be guaranteed acceptance in one or more of our Medicare supplement plans. 22.7.3. No genetic information collected or acquired under this subsection shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.

22.7.4. The issuer notifies the Secretary in writing that the issuer is conducting activities pursuant to the exception provided for under this subsection, including a description of the activities conducted.

RIGHT TO RETURN POLICY [Boldface Type]

If you find that you are not satisfied with your policy, you may return it to [insert issuer's address]. If you send the policy back to us within thirty (30) days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

POLICY REPLACEMENT [Boldface Type]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan prominently identified in the cover page, a chart showing the services, Medicare payments, plan payments and insured payments for each plan, using the same language, in the same order, using uniform layout and format as shown in the charts below. APPENDIX F

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE OR MEDICARE ADVANTAGE

(Insurance company's name and address)

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare supplement coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reason (check one):

____ Additional benefits

____ No change in benefits, but lower premiums.

____ Fewer benefits and lower premiums.

____ My plan has outpatient drug coverage and I am enrolling in Part D.

____ Disenrollment from a Medicare Advantage plan. Please explain reason for disenrollment. [optional only for Direct Mailers.]

____ Other. (please specify)

1. **Note:** If the issuer of the Medicare supplement policy being applied for does not, or is otherwise prohibited from imposing pre-existing condition limitations, please skip to statement 2 below. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).

6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.

8. The federal law does not preempt existing state form filing requirements.

9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix G remain. Carriers may use either disclosure statement with the requisite insurance product. However, carriers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.
