Prepared by the National Association of Insurance Commissioners

As part of our state-based system of insurance regulation in the United States, the National Association of Insurance Commissioners (NAIC) provides expertise, data, and analysis for insurance commissioners to effectively regulate the industry and protect consumers. The U.S. standard-setting organization is governed by the chief insurance regulators from the 50 states, the District of Columbia and five U.S. territories. Through the NAIC, state insurance regulators establish standards and best practices, conduct peer reviews, and coordinate regulatory oversight. NAIC staff supports these efforts and represents the collective views of state regulators domestically and internationally. For more information, visit www.naic.org.

There is more to shopping than just finding the lowest premium. What you pay each month for health insurance (the premium) is important, but you also need to understand what the policy covers. A policy with a lower premium seems like a better deal. But, a lower premium could mean less coverage—or that you will pay more out-of-pocket for your health care.

This three-part tool will help you compare health insurance policies and find the policy that best meets your needs.

STEP 1

Identify your current health care needs—doctors, services, and prescription drugs. Keep these in mind as you compare policies.

STEP 2

Compare health insurance policies. See how they measure up against your current policy.

STEP 3

Compare costs. Think about the out-of-pocket costs you may have to pay as well as the monthly premium.

STEP 1: IDENTIFY YOUR CURRENT NEEDS

Who will this health insurance cover? (Circle one.)

Just me

Me and my spouse/partner

Me and my family
(incl. dependent children)

List my health conditions and those of my family members the policy will cover. *These are considered pre-existing conditions.*

List the health care services or prescription drugs regularly used if needed.

Do I or family members have doctor(s) that I or they regularly see? Do I have a hospital I prefer to use?

Doctors (primary care, specialist, etc.):

Facilities (hospitals clinics, etc.):

STEP 2: COMPARE HEALTH INSURANCE POLICIES

Ask these questions when you're talking to an insurance company, agent, or navigator. You can jot down this information as you are reviewing policy information, like Summary of Benefits and Coverage (SBC) document.

	POLICY 1	POLICY 2	POLICY 3
Name of Plan:			
Name of Insurance Company:			
Does the policy require that I use a specific network of doctors and hospitals?			
If so, are my doctors and hospital in the network?	YES or NO	YES or NO	YES or NO
How long does coverage under this policy last?			
Will my doctor or hospital directly bill the insurance company? Or do I have to pay upfront and get reimbursed?			
Is there a point where I no longer have to pay anything out-of-pocket for health care (an annual maximum out-of-pocket)?	YES or NO	YES or NO	YES or NO
	MAXIMUM:	MAXIMUM:	MAXIMUM:
Does this policy cover pre-existing conditions? (See your list.)	YES or NO	YES or NO	YES or NO
How long before coverage starts? Is there a waiting period for any health conditions?			
In the event I develop a health condition, can this policy be cancelled or not renewed, even if I paid my premiums?	YES or NO	YES or NO	YES or NO

WHAT DOES THIS POLICY COVER: Ask which services are covered and what you'll pay out-of-pocket. The out-of-pocket amounts you'll pay will be either co-pays (a dollar amount) or a coinsurance amount (a percentage of the cost, after the deductible is met). Some policies may limit the number of covered visits or limit how much will be paid for each type of visit. Make sure you also ask about any limits.

	POLICY 1		POLICY 2		POLICY 3
