### **PRESS RELEASE**

#### **Commissioner Dodrill Selected to Serve on Long Term Care Task Force**

**Charleston, WV-** The membership of the National Association of Insurance Commissioners voted unanimously to create a task force focused on long-term care insurance market stability at its recent national meeting. While the West Virginia Offices of the Insurance Commissioner has worked closely with consumers and insurance companies for affordable options in long-term care insurance, this task force will provide a new opportunity to address critical issues related to long term care. West Virginia Insurance Commissioner Dodrill was selected to serve on this national task force with other state insurance commissioners.

“I was thrilled to be asked to join this critically important task force of insurance commissioners from across the Country. I look forward to working with the other task force members to achieve a solution to this challenging issue,” Commissioner Dodrill said.
