

STATE OF WEST VIRGINIA
Offices of the Insurance Commissioner

James A. Dodrill
Insurance Commissioner

**Workers' Compensation Managed Health Care Plans
Semi-Annual Reporting Requirements
Instructions Related to the Reporting of Injuries and Diseases by ICD Codes**

The West Virginia Offices of the Insurance Commissioner (WVOIC) reviewed the reporting requirements set forth in W. Va. CSR §85-21-11 in conjunction with the federally mandated change to the tenth edition of the International Classification of Diseases ("ICD-10"). Although W. Va. CSR §85-21-11 requires extensive reporting of injuries and diseases by ICD codes, in light of the increased scope and magnitude of ICD-10 codes, the WVOIC has determined that continuing such detailed reporting would place an undue burden on the managed health care plans with respect to the compilation of the data.

Accordingly, the semi-annual report format has been revised to alleviate the ICD code reporting requirements beginning with the reporting period July 1, 2015 through December 31, 2015.

Managed health care plans will be expected to otherwise comply with the ICD-10 reporting requirements, as applicable, which are set forth in Informational Letter No. 195.

For information regarding the Semi-Annual Report Form please contact:
