### **Types of Licenses (Nonresident)**

The West Virginia Insurance Commission grants the following types of licenses *above* to nonresidents as well. A nonresident license is issued based upon the applicant's license authority in the state of residence.

\*May be taken as individual examinations or combined (i.e., Life, Accident & Sickness and Property and Casualty)

\*\* Must hold a Property & Casualty license for three consecutive years

\*\*\*Variable annuity producers must have a FINRA registration and an underlying life agent license. No separate exam is required.

\*\*\*\*For Residents applying for a Crop Adjuster license, the Commissioner may accept certification that the individual has passed a proficiency examination approved by the Federal Risk Management Agency.
