Types of Licenses (Nonresident)

The West Virginia Insurance Commission grants the following types of licenses *above* to nonresidents as well. A nonresident license is issued based upon the applicant's license authority in the state of residence.

*May be taken as individual examinations or combined (i.e., Property and Casualty) ** Must hold a Property & Casualty license for three consecutive years

***Variable annuity producers must have a FINRA registration. No separate exam is required.

****For Residents applying for a Crop line of authority, the Commissioner may accept certification that the individual has passed a proficiency examination approved by the Federal Risk Management Agency.
