

BEFORE JAMES A. DODRILL, INSURANCE COMMISSIONER  
OF THE STATE OF WEST VIRGINIA

*In the Matter of:*

**CHRISTOPHER SMITH**

Administrative Proceeding No. 19-AP-PRLC-02005

ORDER AMENDING PRIOR ORDER

The undersigned Insurance Commissioner entered a prior order in this matter on February 10, 2020. That order found, concluded and addressed certain violations that had been committed by Mr. Smith in his capacity as a licensed insurance producer in the State of West Virginia. Among other things, Mr. Smith was ordered to complete twelve (12) additional hours (in addition to his usual biennial requirement of 24 hours) of in-person/in-attendance continuing education classes. Due to the ongoing COVID-19 pandemic, however, it is necessary to amend the requirement of the prior order for in-person/in-attendance continuing education classes.

It is, therefore, **ORDERED** that Mr. Smith may complete the twelve (12) additional hours (in addition to his usual biennial requirement of 24 hours) of continuing education classes required by the prior order of February 10, 2020, online or virtually. The remaining provisions of the February 10, 2020 order shall remain unchanged and continue to be in full force and effect.

**ENTERED** this 6<sup>th</sup> day of November, 2020.
